

STUDIO ART

Project 1: Exploring Studio Art Techniques & Styles

In this project, you will explore different studio art styles, artists, and techniques. You will observe how artists use elements like color, line, and texture to create meaning and develop your understanding of artistic choices.

Step 1: Research Artists and Artworks (3–4 hours)

Find **6–8 artworks** from a variety of artists. These can include:

- Paintings
- Drawings
- Sculptures
- Mixed media works

For each artwork, record:

- Artist name
- Title of the artwork
- Medium (paint, pencil, clay, etc.)
- Style (realistic, abstract, surreal, etc.)
- One thing that stands out visually

Step 2: Organize Your Information

- Create a chart or table (digital or paper)
- Include all artworks and their details
- Organize by style, medium, or artist

Step 3: Identify Patterns and Artistic Choices

Look at your artworks and answer:

- What techniques do artists use repeatedly?
- How do artists use elements like:
 - Color
 - Line
 - Shape
 - Texture
- How do different styles affect how the artwork feels?

Step 4: Draw Conclusions

Answer:

- What makes an artwork visually interesting or effective?
- What did you learn about how artists make creative decisions?

Final Deliverables (2 Completed Projects)

1) Artwork Table (Required)

A chart showing your 6–8 artworks and their details

2) Summary of Findings (Required)

Choose one format:

- 1–2 page written summary
- OR
- 10–12 slide presentation

Your analysis must include:

- What you explored
- Key patterns you noticed
- What makes artwork effective

STUDIO ART

Project 2: Introduction to Studio Art Creation

In this project, you will apply what you learned by creating your own original artwork. You will make intentional artistic choices and explain your creative process.

Step 1: Explore Artistic Ideas

Look at **3–5 artworks** (from your previous project or new ones) and think about:

- What styles you like
- What techniques interest you
- What kinds of subjects you enjoy (people, nature, abstract, etc.)

Step 2: Plan Your Artwork

Decide:

- What will you create? (drawing, painting, sculpture, etc.)
- What is your subject or idea?
- What materials will you use?

Sketch or write a short plan:

- What it will look like
- What techniques you will try

Step 3: Create Your Artwork

- Produce one original piece of art
- Focus on:
 - Effort and creativity
 - Use of elements (color, line, texture, etc.)
 - Trying a technique you explored

This is about the process, not perfection

Step 4: Reflect on Your Work

Answer:

- What choices did you make while creating your art?
- What worked well?
- What was challenging?
- What would you improve next time?

Final Deliverables (3 Completed Projects) ★

1) Planning Notes (Required)

Short notes or sketches from Steps 1–2

2) Final Artwork (Required)

- One completed piece
- Any medium is acceptable

3) Artist Reflection (Required)

1 page written reflection

- Must include:
 - Description of your artwork
 - Your creative choices
 - What you learned
