SAN JOAQUIN COUNTY OFFICE OF EDUCATION
Troy A. Brown, Ed.D., County Superintendent of Schools

The mission of the Council for Quality Education & Care of Children is to develop a comprehensive plan that promotes the development of quality child care in San Joaquin County through community education, collaboration and advocacy.

It is the vision of CQECC to ensure:

- High quality child care is affordable and accessible to children of all ages whose parents want and need it
- Parents have the information and skills needed to make sound choices and decisions about their child's education and care while they work or attend school
- Community members work together to accomplish and maintain our vision for quality care and education for children

The CQECC is expected to act as a forum to address the child care needs of all families in the community as well as all child care programs. Local planning councils are required to work with a wide spectrum of local community members in addition to those connected with the welfare system in order to build a holistic, comprehensive child care system for all families.
