Notes:
All equipment and materials are offered “as-is” and “where-is.” The District makes no guarantee regarding condition, quantity, operability, accessibility, value, or suitability.
Proposers must itemize all equipment, materials, or categories of items they are interested in purchasing and removing. Attach additional pages if needed.
Copper lines, embedded piping, scrap metal, and similar materials are expected to be addressed through the future demolition contract and should not be included unless approved by the District in writing.
The District may award individual items, groups of items, the full scope, or no items to one or more proposers, whichever is in the best interest of the District.
No equipment or material may be removed unless specifically approved by the District in writing.
All approved items must be removed by October 30, 2026, unless otherwise approved in writing by the District.
