CTE Student Spotlight: Lucy Chorman

Lucy is the Milford High School FFA President and serves as the USA National Reporter for Delaware. Lucy is the MHS Student Government Vice President and MHS National Honor Society Secretary. She completed the K-12 Teacher Academy pathway and is currently enrolled in Work-Based Learning as a classroom teacher assistant in a 2nd and a 5th grade classroom. Lucy has a 4.6 GPA and has been accepted into the University of Delaware's Elementary and Middle School Teacher Education Program. Lucy will start at UD this fall. Lucy also has her Private Pilot License.

Work-Based Learning Showcase

Three Hospitality & Tourism Management students applied, interviewed and received Work-Based Learning (WBL) positions as part of the Delaware Teacher Academy Foundation's Youth Workforce Development Program for a 2-day conference. Samantha Altidor worked with the Marketing Management Team as a Social Media & Digital Content Specialist. Eva Jester worked as part of the Event Management Team in event operations. Anthony Rameriz- Zomara worked as a Guest Experience Specialist for the Conference Operations team. This opportunity provided hands-on, career-connected experience while also supporting the students professional growth and leadership development. The students worked for weeks leading up to the conference with their teams. They arrived a day before the start of the conference for team meetings and set up. During the conference the students were busy with their specific jobs, helping to keep the conference running smoothly. Each student will receive a \$150 Scholarship at the April Educators Rising Luncheon.

CTE Teacher Feature: Mrs. Vann

Mrs. Vann is the Public & Community Health Teacher at MHS. Mrs. Vann came to Milford from Industry; she worked as an RN for over 11 years. Mrs. Vann and her students have partnered with MAH. Her students make 100 PB&J sandwiches weekly for power packs that feed food-insecure neighbors.

They have traveled to Beebe School of Nursing for a healthcare expo, DSWA career exploration day, and participated in Thanksgiving for Thousands. They have also collected 25 units of whole blood during our first blood drive of the year!

Next Milford High School Blood Drive

Wednesday, February 25, 2026

8:00am-1:30pm

1019 North Walnut Street

Milford, DE 19963

Community welcome

To make an appointment visit delamarvablood.org

The Agricultural Structures & Engineering students made over 600 wooden toys in the MHS Woodshop for the 2025 Santa's Workshop.

Teacher Academy Student, Jania Hall, participated in the Educators Rising State Conference and brought home a shiny gold medal in the job interview competition.

Plant science students are already thinking of warmer weather as warmer temperatures mean that spring is near and that means our annual spring plant sale.

BPA's Angela Lin, President and Makenzie Butler, Vice President, placed at States and will head to Nashville for Nationals in May!

Get Involved!

Calling All Alumni and Community Members:
