Wellness Policy Assessment Tool

Form 357 Rev 12/15

This template provides information on wellness policy goals and practices within the LEA. Use this tool to track progress and gather ideas on ways to create a healthier school environment. A separate assessment should be completed for each school or at a minimum, each school level. The wellness policy and completed assessment must be available to the public.

LEA/District Name: Kennedale ISD

○	◉	We have a recycling /environmental stewardship program.
○	◉	We have a recognition /reward program for students who exhibit healthy behaviors.
◉	○	We have community partnerships which support programs, projects, events, or activities.

VII. Progress Report:

Indicate any additional wellness practices and/or future goals and describe progress made in attaining the goals of the local wellness policy

Goal # 1
In cooperation with our established school district counseling department, SHAC is researching programs provided by Tarrant County Public Health. This coincides with current SHAC wellness goals regarding physical and mental health. SHAC members are evaluating resources and avenues for potential funding, as well as free programs from TCPH.
Goal #2
Build stronger community partnerships through SHAC for purposes of expanding the school districts role in health education throughout the community. One step toward achieving this goal is having the SHAC committee assist with district registration during 2025. SHAC would be available to assist with attempting to have parents sign their students up for the service before the beginning of the school year.

VIII. Contact Information:

For more information about this school's wellness policy/practices, or ways to get involved, contact the Wellness Committee Coordinator.
