| Electives Supplies: A supply list for all electives will be provided during the first week of school. Since electives may be year long, semester or quarter based, updated lists will be distributed at the beginning of each new cycle or grading period as needed.                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
