4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the upcoming school year.

This opportunity is there for anyone. We are unable to close the interest gap as FWPS interpretation of HB1660 has effectively eliminated things that used to gather interest at our school. We will continue to give an ASB card to anyone who qualifies, but do not have the means to incentivize ASB cards as the entire revenue goes to supporting athletics. FWPS has provided activity buses, but they have been inconsistent. We have shifted the majority of our activities to happen during the school day, this means not requiring transportation or fees to increase participation, this also limits our opportunities because of instructional time. Our new ASB will be working to reach out to FWPS & USPI to discuss how the funds formerly raised by ASB cards could be offset to support future growth.
