SCHOOLS

Bond Issue and Facility Assessment

- The need for a bond issue (aging facilities, rooftops, HVAC, playgrounds, etc.).
  - Surface-level facility assessment by Executive Director of Maintenance.
  - Comprehensive facility review conducted by Hutton Construction.

Finding the Right Architect

- RFP released August 2024 to identify qualified architectural firms.
- Initial pool of three viable candidates narrowed down to two.
- Selection committee formed.
    - Executive Director of Maintenance
    - Superintendent
    - Assistant Superintendent
    - Board of Education Member

Evaluating the Finalists

- Presentations and Q&A sessions with both finalist firms.
- Reference calls conducted with other school districts.
- Both firms demonstrated outstanding reputations and qualifications.
- Committee’s decision is to move forward with Alloy Architecture.

A Strong Partnership

- Haysville School District has a long-standing relationship with Alloy Architecture.
- 2015 Bond was a successful project completed with Alloy.
- Alloy’s understanding of the district’s needs and values is unmatched by anyone.

Recommendation

- Contingent upon Board of Education approval for Bond Election.
- Vote to approve Alloy Architecture.
