Fall 2023

Dear Parents:

The Kansas State Department of Education (KSDE) is asking for your help to improve the educational quality of children with disabilities in Kansas.

KSDE is partnering with your local school district to get feedback from you regarding involvement in the special education process specific to your child. We want to know what is working, but we also want to know where improvements can be made to help ensure parents are involved in the educational process.

We are asking parents from across the state to complete an online survey. If you have more than one child receiving special education services, complete the survey for the oldest child.

The survey can be accessed at: https://ksde.sjc1.qualtrics.com/jfe/form/SV_eo2cqYDQaPjpXZc

Individual information won't be reported, and all responses will be confidential. Your input will be used to help plan for statewide improvement.

Please complete the online survey by May 31, 2024.

If you need help or have questions, please call 800-203-9462 or Families Together at 800-264-6343 (English) or 800-499-9443 (Spanish).

Thank you in advance for your help.

Sincerely,

Bert L. Moore
