Summer Assignment

Welcome to AP Psychology! There is quite a bit of curriculum that must be covered before the AP Exam, which is given in the beginning of May, so by doing the summer work we get a jump on the material that needs to be learned. The following is all the information and links you need to complete the summer assignment and be prepared to start class in September. This assignment is mandatory and is a requirement, so put in your best effort and start off your grade in AP Psychology the best way possible. The links will work for someone using Ocean Township Google sign in, so you need your school account to open the links.

If you were unable to attend the meeting or you signed up after the meeting happened here is a video of the meeting.

1. Print the cover page and fill it out. If you don't have a printer just put the required information on a piece of paper. This will go on top of all the work you will be submitting. Everything gets put together with a paperclip. No folders, no protective covers and no envelopes. Just this cover sheet and the work with a paperclip. **(5 points)**

2. Print, read and sign the permission slips. You need a parent or guardian signature also. Again if you don't have a printer you can summarize the information and get signatures. You can say I have read the two permission slips and I am signing on this paper. **(10 points)** and is required to participate in surveys and personality quizzes)

4. Read the following textbook excerpt on Ethics in Psychology (**15 points**) • In any manner of your choosing demonstrate that you read the excerpt. You can do an outline, you can do a summary, or any method you can think of.
- Demonstrate that you know the bold faced terms.
 - Be sure to answer the questions at the end of the “Dig Deeper - Ethics and the Tuskegee Syphilis Study.
 - This is done by hand on paper, index cards, etc. and will be handed in with items #1, #2 and #3

5. Read the following on AP Psychology Grading and Class Policies - if you don't follow directions for being absent and how to make up work in this class you could lose points for not following directions. Read this carefully and make sure you ask any questions you may have on the first day of school. These policies will be enforced and could result in grade deductions.

6. Put everything together with a paperclip and be sure to bring it to school on the first day of school to be turned in. You should have the following
- The cover sheet
 - The permission slips
 - Your report on your naturalistic observation
 - Your work demonstrating you read the article on ethics and answer the 2 questions on the ethics of the experiment discussed.
7. The only thing I require in class is a pen (blue or black ink), a pencil, and your charged chromebook. You can have any kind of folder or binder for notes. If you come to class without these required items you will have points deducted from that day's assignment.
