OXFORD AREA SCHOOL DISTRICT

In compliance with the Pennsylvania School Code, the board shall require that district students submit to health examinations in order to:

1. Protect the school community from the spread of communicable diseases.

2. Ensure that the student's participation in health, safety and physical education courses meets his/her individual needs.

3. To ensure that the learning potential of each student is not lessened by a remediable physical disability.

The Superintendent or designee shall develop procedures regarding health examinations and screenings.
