REVISED:

OXFORD AREA SCHOOL DISTRICT

It shall be the policy of the Oxford Area School District that a comprehensive plan of emergency procedures shall be developed and made available to all staff to insure that an appropriate planned response to emergencies will occur. By this policy it is intended that:

A. A comprehensive plan which details responses to emergencies which may arise during the operation of the schools is properly developed.

B. A written plan which makes easy access to planned responses to emergencies is available to all members of the staff.

C. A regular review of planned responses to emergencies will be conducted with all staff to insure that an adequate degree of emergency preparedness exists.

D. Appropriate agencies concerned with emergency preparedness are consulted with regard to school emergency response.

The Superintendent of Schools shall be responsible for insuring that a comprehensive emergency response plan is developed and for the implementation of this policy.
