No. 7700
SECTION: PROGRAMS
TITLE: CAREER AND TECHNICAL SCHOOL ADMISSIONS

ADOPTED: 5/19/87
READOPTED: 4/28/08;1/29/14;11/15/16; 5/23/23
REVISED: 2/1/00;5/25/04;6/19/12; 11/19/19;1/21/20

OXFORD AREA SCHOOL DISTRICT

A. It shall be the policy of the Oxford Area School District that admission to the career and technical schools operated by the intermediate unit shall be available to all students without regard to race, color, national origin, sex or handicap. All Oxford Area School District students who are otherwise qualified shall be permitted to attend.

B. Oxford Area High School students who have completed the ninth grade shall be eligible for admission to the career and technical school programs. An exception to this policy may be made in those cases where a student's age, previous academic progress, or other compelling reason might support the admission to the career and technical school prior to having completed the ninth grade. Such exceptions shall be approved by the Superintendent of schools.

C. The Superintendent of Schools shall establish procedures to implement this policy and to ensure that Oxford Area School District students are offered every opportunity to participate in career and technical school programs offered by the career and technical school operated by the Intermediate Unit.
