ADDENDUM NO. 2

SECURITY SERVICES
RFP NO. 01.09-904-2026-008

Addendum Issue Date: June 24, 2026

This Addendum No. 2 modifies and supplements Security Services RFP No. 01.09-904-2026-008. This Addendum is incorporated into and made a part of the RFP. In the event of any conflict between this Addendum and the original RFP or any prior addendum, this Addendum shall control.

Revised Procurement Timeline
The District has completed its preliminary written evaluation of the eleven eligible proposals received in response to the RFP. The evaluation and selection process will not conclude with an award of contract on June 23, 2026, as originally anticipated.

The District hereby revises the procurement timeline to allow for formal finalist interviews, reference verification, proposal clarifications, responsibility review, final cumulative scoring, and preparation of a contract award recommendation.

The revised procurement schedule is as follows:

Event	Revised Date
Board consideration of preliminary evaluation results, finalist interviews, and revised procurement timeline	June 23, 2026
Notification of finalists and interview scheduling	Following June 23, 2026 Board action
Formal finalist interviews	Late June through early July 2026
Reference checks, proposal clarifications, and responsibility review	June through July 2026

Completion of interview scoring and final cumulative evaluation	July 2026
Identification of recommended proposer	July 2026
Final ratification of the selection decision and Board consideration of contract award	August 4, 2026
Contract execution, insurance verification, personnel clearances, and onboarding	Following August 4, 2026 Board approval
Commencement of services	Upon completion of all pre-service requirements and issuance of a written Notice to Proceed

No contract award is being made as part of the June 23, 2026 Board action. The procurement process will conclude only after the Board considers the final selection recommendation and proposed contract award on August 4, 2026.

Finalists Selected for Interview
Based on the preliminary written evaluation conducted in accordance with the criteria published in the RFP, the following five highest-ranked proposers have been selected to advance to the formal interview phase:

- 247 Private Security
- American Global Security
- Baccarat Private Security
- Citiguard
- GoodGuard Security

The finalists are listed alphabetically. Their inclusion in the interview process does not constitute an award, guarantee of award, or determination that any finalist will receive a contract.

Interview Process
The District will communicate individual interview dates, times, locations, and participation instructions directly to each finalist.

Each finalist will receive the same general interview instructions, core questions, time allocation, and scoring criteria. The District may request additional information or clarification regarding staffing, supervision, school security experience, emergency response, training and compliance systems, relief coverage, pricing assumptions, contract exceptions, operational readiness, and other matters relevant to the services described in the RFP.

Consistent with Section 5 of the RFP, the District may assign up to one hundred additional points based on interview performance, responsiveness to District questions, operational fit, and overall confidence in the proposer.

Finalists may not submit unsolicited revisions to their proposals. Any supplemental information or clarification must be requested or authorized by the District and submitted in the manner and within the timeframe specified by the District.

Final Evaluation and Recommendation
Following the interviews, the District will complete reference verification, responsibility review, clarification of proposal terms and pricing, and final cumulative scoring.

The District will then identify the proposer determined to provide the best overall value and will present the selection decision and proposed contract to the Board of Education on August 4, 2026, for final ratification and approval.

No proposer has any right to an award or contract unless and until the Board of Education approves the award, an agreement is fully executed by authorized representatives of both parties, all pre-service requirements are satisfied, and the District issues a written Notice to Proceed.

Proposal Validity
All proposals shall remain valid in accordance with the proposal-validity requirements stated in the RFP. No proposer is required to amend or resubmit its proposal solely as a result of the revised timeline established by this Addendum.

Finalists must confirm their availability and participation in the interview process within the timeframe provided in the District's finalist notification.

Continuing Effect of RFP
Except as expressly modified by this Addendum No. 2, all provisions, requirements, evaluation criteria, terms, conditions, and reservations of rights contained in Security Services RFP No. 01.09-904-2026-008 and prior addenda remain unchanged and in full force and effect.

Questions regarding this Addendum must be directed in writing to:
