

Jackson-Milton Local School District

IRN: 048322

Plan and Procedures for the Identification and Service of Children who are Gifted

DEFINITION OF GIFTED

“Gifted” is defined as students who perform or show potential for performing at remarkably high levels of accomplishment when compared to others of their age, experience or environment and who are identified under division (A), (B), (C), or (D) of section 3324.03 of the Ohio Revised Code.

DISTRICT IDENTIFICATION PLAN

The Jackson-Milton Local School District uses whole grade screening in grades 2 and 5 for gifted identification. The district also accepts referrals, screens and identifies, or screens and reassesses students who perform or show potential for performing at high levels of accomplishment in the areas of superior cognitive ability, specific academic ability, creative thinking ability, and/or visual and/or performing arts. Jackson-Milton follows policy and procedures established in Ohio Administrative Code 3301-51-15. These rules specify that assessment instruments must come from the list approved by the Ohio Department of Education.

Names of approved tests, behavioral checklists, and rubrics administered to students to determine giftedness in all areas of identification recognized under Ohio law:

Superior Cognitive Ability			
Assessments Jackson-Milton Local administers that provide for Superior Cognitive identification			
Assessment	Screen Score	ID Score	Additional Information
Naglieri Nonverbal Abilities Test, Third Edition (NNAT-3) Levels A-G	Grades K-4: 124	Grades K-4: 124	Nonverbal assessment Use Levels A-D

Audition, performance	Visual & Performing Arts	K-12
Display of work	Visual & Performing Arts	K-12
Exhibition	Visual & Performing Arts	K-12
Checklists	Creative Thinking Visual & Performing Arts	K-12

Making a Referral

Children may be referred in writing on an ongoing basis, based on the following:

- Child request (self-referral);
- Teacher recommendation;
- Parent/guardian request;
- Child referral of peer; and
- Other (e.g., psychologist, community members, principal, gifted coordinator, etc.)

Upon receipt of a referral, the Jackson-Milton Local will:

- Follow the process as outlined in Jackson-Milton Local's Gifted Education Plan and
- Notify parents of the results of screening or assessment and identification within 30 days.

Scheduling Procedures for Administering Assessments

Jackson-Milton Local notifies parents for/of:

- Scheduling of assessments, including whole-grade screenings
- Assessment results (within 30 days of receipt)
- Appeals procedures related to assessments and results

Screening

Jackson-Milton Local ensures equal access to screening and further assessment of all district children, including culturally or linguistically diverse children, children from low socioeconomic backgrounds, children with disabilities and children for whom English is a second language.

Identification

When the screening assessment has been completed, if the data obtained is from an approved identification instrument and the score meets cut-off scores specified in the department of education guidance, the identification decision is made and the student's educational needs are determined. Identification scores remain in effect for the remainder of the student's K-12 school experience.

Reassessment

When the screening assessment has been completed, if the data is from an approved screening instrument or from an identification instrument on which the student is within a district-specified range below the identification score, re-assessment for possible identification occurs.

Out-of-District Scores

Jackson-Milton Local accepts scores, completed within the preceding 24 months on assessment instruments approved for use by the Ohio Department of Education & Workforce, provided by other schools and/or trained personnel outside the school district.

Transfer

Jackson-Milton Local ensures that any child transferring into the district will be assessed within 90 days of the transfer at the request of the parent. Parents shall contact the building principal.

Assigned district personnel review incoming student permanent records for the following:

- Gifted Identification/Testing Records – If assessments or scores used are not approved by the Ohio Department of Education & Workforce, then the parent will be contacted.
- Assessment results approved for use by the Ohio Department of Education & Workforce to identify giftedness in students.
- Placement of the student in services that match, if applicable, the child's identified area.

Appeal Procedures

An appeal by the parent is the reconsideration of the result of any part of the identification process which would include:

- Screening procedure or assessment instrument (which results in identification);
- The scheduling of children for assessment;
- The placement of a student in any program; and
- Receipt of services

Parents should submit a letter to the superintendent or designee outlining the nature of the concern. The superintendent or designee will convene a meeting with the parent/guardian, which may include other school personnel. The superintendent or designee will issue a written final decision within 30 days of the appeal. This written notice should include the reason for the decision(s).

Equitable Practices

Jackson-Milton Local ensures equal access to screening and further assessment of all district children, including culturally or linguistically diverse children, children from low socioeconomic backgrounds, children with disabilities, and children for whom English is a second language.

- Assessments are administered using the accommodations in a student's Individualized Education Program or 504 Plan. If these accommodations are not consistent with a test's allowable accommodations, a comparable approved assessment instrument shall be used; and
 - ◆ are selected and administered to best ensure that when a test is administered to a student with a disability or impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's disability or impaired sensory, manual or speaking skills.
 - ◆ are provided and administered in the student's native language or other modes of communication if English is a barrier to the student's performance or if requested by the parent;
- Jackson-Milton Local uses or eliminates subtests as specified on the Chart of Approved Assessments and Gifted Identification FAQ.
- Jackson-Milton Local selects instruments that allow for equitable identification of underrepresented populations (Minority students; economically disadvantaged students; students with disabilities; and English learners.)
- Jackson-Milton Local does not alter identification criteria other than that established in the Ohio Revised Code and Ohio Administrative Code.
- Assessments are administered by a trained individual in conformance with the instructions provided by their publisher.
- Assessments have been validated for the specific purpose and populations for which they are used and measure the specific area(s) of gifted ability.
- Allow for appropriate screening and identification of minority or disadvantaged students, students with disabilities, and English learners.

Gifted Services (Year #1)	Regular classroom with subject acceleration EMIS Code: 205052	K-12	Superior Cognitive, &/or Related Content ID, Iowa Acceleration Scales, Team Decision	General Education Classroom Teacher Collaboration and support between classroom teachers and gifted support personnel.

Written Education Plans

When students identified as gifted are reported to parents and the Ohio Department of Education and Workforce as served, they must have a Written Education Plan in compliance with the Operating Standards for Identifying and Serving Gifted students.

District Enrichment Plan

Enrichments are activities purposely designed to expose students to a wide variety of disciplines, issues, occupations, hobbies, persons, places and/or events. They may expand the scope of the regular curriculum or introduce topics not covered in the general education program. Any staff member may be the originator of enrichment, and the student audience will vary depending on interest and ability. Enrichments are not reported to the Ohio Department of Education as gifted services.

Withdrawal

If at any time a student wishes to withdraw from gifted programs or services the request should be written by the parent or child to the building administrator. If children request to withdraw, parents will be notified.

If you have questions, please contact your building principal or:
