Agenda Item	Notes
Welcome	Theodore DiSciscio (virtual), Grace Giles, Samantha Booth, Monica Woodman, Emily O'Hara, Naomi Krakow
Updates from last meeting ● Leadership for Grade 5 (in process) ● Spring 2025 Panorama (questions changed from spring 2025 to fall 2025)	Grade 5 teacher on board with building leadership opportunities - considering greeters and cubby helpers
Playground Update ● K-2 Classroom discussions ● 3-5 Survey ● 3rd grade committee	Students are starting to become engaged. Committee is being selected.
Discussion: Headphones for music (bus)	Discussion about CPS Smart Device policy - seems to be going well at elementary level. Kids are not using devices in school. Transportation isn't covered by policy, but also would be very challenging to enforce on bus and some of our rides are significantly longer than others, which is a factor to consider
Discussion: Math Night Discussion ● How can we adjust? ● Guidelines for how families can support at home?	Ways to adjust to give parents more guidance around math support at home. Having a resource table at the event or even a room to learn about math games. Might be better to run earlier in the year Plan to continue to discuss next meeting
Next Meeting ● Agenda Items ● Meeting Date: May 28, 2026 (School Improvement Plan and Student Handbook)
