SCHOOL DISTRICT OF LODI

COMMUNITY SURVEY RESULTS

1,029 Community members participated in the survey

THANK YOU FOR YOUR FEEDBACK!

The School District of Lodi conducted a community-wide survey in April 2026 to gather community feedback and help guide future facility planning decisions. The insights shared through the survey will support the Board of Education as it continues planning for the future of Lodi students and schools. The survey was administered by School Perceptions, a trusted third-party research firm. Reported percentages reflect weighted survey results to help ensure responses accurately represent the community."
