Prior to the vote, Mrs. Hopely asked questions about contracts Agenda items #14.C.5., #14.C.17., the various curriculum contracts and training. She asked about replacement programs for NWEA, which Dr. Howard clarified that they are still using NWEA, there was one component from NWEA for grades K-2 they are replacing. Mrs. Hopely asked about Seesaw which Dr. Howard explained it is a program we already use and how teachers communicate with parents. Mrs. Hopely questioned the benchmarking, which Dr. Howard explained our students are tested at the beginning, middle and end of the school year in ELA, Math and Science. Mrs. Hopely share her concerns for the long term expenses for the licenses and the programs. Dr. Howard explained that NWEA is an umbrella that have different programs that you can use, we will continue to use it. Teachers used Acadience and piloted a program called Waggle. The teachers wanted to go back to Acadience and with Act 47 by the 2027-2028 school year, we must have a screener and an intervention plan which Acadience provides. We are partnered with the Intermediate Unit Acadience and one part that we are using NWEA. Mrs. Hopely is just concerned we are making fast decisions. Mr. Walters did not think of it as a fast decision, he feels we are identifying a problem early and adjusting. Dr. Howard said she meets monthly with K-2 team. She said she appreciates the teams' time and that we continue to support our teachers. Dr. Howard said that NWEA is going to give us \$42,000.00 back.
