

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Gordon H. Beatty Middle School	30-66456-6027536	April 14, 2026	May 14, 2026

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Gordon H. Beatty Middle School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Gordon H. Beatty Middle School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Our plan aligns with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs by working closely with the district to analyze both state and local data as part of a comprehensive needs assessment. As a school, we aim to develop goals, measurable outcomes, strategies, and actions that are consistent with those of the Buena Park School District. Additionally, we are committed to providing supplemental services that support the academic success of high-needs students, while establishing a system to monitor and evaluate the effectiveness of the plan in meeting its objectives.

The 2026-27 SPSA will incorporate progress updates, data-driven input from educational partners, and will be reviewed and approved by the School Site Council (SSC).

Educational Partner Involvement

How, when, and with whom did Gordon H. Beatty Middle School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

All stakeholder groups were involved in developing the overall plan based on the four LCAP goals and school data. Each group reviews the goals and has an opportunity to provide input regarding development of action items to help achieve the goals. The School Site Council (SSC) held monthly meetings to review and update the School Plan for Student Achievement. To gain a clearer understanding of the school community's needs, the committee gathered input from both certificated and classified staff, as well as parents. The SSC meetings were held on the following dates: September 09, 2025, November 18, 2025, January 13, 2026, February 17, 2026, April 14, 2026.

The following indicates the dates of these specific meetings:

March 30, 2026 - Staff Meeting included time to provide input on the plan.

April 14, 2026 - SSC Council met to provide input on the school plan.

April 08, 2026 - ELAC members provided input on the school plan.

April 14, 2026 - SSC to review and approve the plan.

May 14, 2026 - SPSA Approved at Board Meeting

Based on:

The evaluation of implementation and effectiveness of the SPSA actions (see "annual evaluation and needs assessment" section), the California school dashboard data, district assessments, and school level common formative assessments, stakeholder input the SSC recommended the following revisions to the SPSA...

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

According to the 2025 California School Dashboard, the State Indicators for which overall performance was in the "Red" or "Orange" performance categories were as follows:

Red-None

Orange-Chronic Absenteeism

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

According to the 2025 California School Dashboard, the following state indicators and student groups were identified for being two or more performance levels below the all student performance:

Chronic Absenteeism: Overall (All Students) Level-Orange

Student Groups in Red- Students with Disabilities

Student Groups in Orange- English Learners, Long Term English Learners, Socio Eco, Filipino

English Language Arts: Overall (All Students) Level-Blue

Student Groups in Red- None

Student Groups in Orange- Long Term English Learners, Student with Disabilities

Mathematics: Overall (All Students) level-Green

Student Groups in Red-Long Term English Learners, Students with Disabilities

Student Groups in Orange- Hispanic

English Learner Progress Indicator: Overall (All Students) level-Green

Student Groups in Red- None

Student Groups in Orange- None

Suspension Rate: Overall (All Students) level-Green

Student Groups in Red-None

Student Groups in Orange- Filipino, Long Term English Learners, Students with Disabilities

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

To improve outcomes for Students with Disabilities, Beatty Middle School will implement targeted small-group and individualized interventions aligned to identified student needs in literacy and mathematics. Additional support will be provided through after-school tutoring, structured intervention opportunities, and summer learning programs to accelerate progress toward grade-level standards.

To address student behavior and reduce suspension rates, the school will strengthen Tier 1, 2, and 3 supports through PBIS, restorative practices, and targeted behavioral interventions, with ongoing progress monitoring to ensure effectiveness.

Family engagement will be enhanced through consistent, multilingual communication regarding student progress, available supports, and opportunities for involvement, ensuring families are active partners in supporting student achievement.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Gordon H. Beatty Middle School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	22-23	23-24	24-25	22-23	23-24	24-25
American Indian	0.33%	0.32%	0.16%	2	2	1
African American	2.63%	2.71%	1.87%	16	17	12
Asian	26.93%	28.71%	31.05%	164	180	199
Filipino	5.25%	4.78%	4.84%	32	30	31
Hispanic/Latino	55.83%	54.39%	52.11%	340	341	334
Pacific Islander	0.66%	0.80%	0.62%	4	5	4
White	5.75%	5.26%	5.15%	35	33	33
Two or More Races	1.81%	2.23%	3.28%	11	14	21
Not Reported	0.82%	0.80%	0.94%	5	5	6
Total Enrollment				609	627	641

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	22-23	23-24	24-25
Grade 6	188	222	208
Grade 7	212	198	227
Grade 8	209	207	206
Total Enrollment	609	627	641

Conclusions based on this data:

1. Beatty Middle School serves a diverse student population across all grade levels, and our SPSA reflects a comprehensive approach to addressing the academic, social-emotional, and behavioral needs of all students in grades 6–8.
2. As our student population continues to grow, Beatty Middle School will ensure equitable access to both academic and elective courses by implementing consistent placement practices and expanding course offerings to provide a diverse range of opportunities for all students.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	22-23	23-24	24-25	22-23	23-24	24-25
English Learners	164	135	127	26.9%	21.5%	19.8%
Fluent English Proficient (FEP)	188	199	214	30.9%	31.7%	33.4%
Reclassified Fluent English Proficient (RFEP)	164	183	189	6.9%	29.2%	29.5%

Conclusions based on this data:

1. Although the English Learner (EL) population has decreased over the past three years, this subgroup continues to require targeted academic support. Beatty Middle School will provide integrated support during the school day, along with additional assistance through the after-school Homework Club program to ensure continued progress toward grade-level standards and reclassification.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	22-23	23-24	24-25	22-23	23-24	24-25	22-23	23-24	24-25	22-23	23-24	24-25

Research/Inquiry Investigating, analyzing, and presenting information									
Grade Level	% Above Standard			% At or Near Standard			% Below Standard		
	22-23	23-24	24-25	22-23	23-24	24-25	22-23	23-24	24-25
Grade 6	20.11	17.97	24.17	56.61	64.52	55.92	23.28	17.51	19.91
Grade 7	21.13	25.91	29.20	59.62	53.89	53.54	19.25	20.21	17.26
Grade 8	27.36	21.78	27.09	57.21	60.89	57.64	15.42	17.33	15.27
All Grades	22.89	21.73	26.88	57.88	59.97	55.63	19.24	18.30	17.50

Conclusions based on this data:

- Overall, 56% of students met or exceeded the grade level standard. For a more detailed look at the students' performance, the claims indicate 77% of students scored Near or Above Standard in Reading, 73% in Writing, 87% in Listening, and 83% in Research/Inquiry.
- Trend: We continue to see a steady increase from 23-24 to 24-25 in the area of English Language Arts. These data indicates that most students are making a steady growth. However, it is also important to point out that other students need additional support in the area of English Language Arts.
- Next steps: Beatty Middle School will continue to implement grade-level standards aligned to the ELA curriculum and pacing guides to ensure consistent, standards-based instruction. Teachers will utilize district, summative, and formative assessment data to monitor student progress toward mastery, inform instructional adjustments, and provide targeted interventions through ongoing PLC collaboration.

Grade 6	23.28	26.03	24.17	50.26	55.71	49.76	26.46	18.26	26.07
Grade 7	15.49	19.29	21.68	58.69	55.84	56.64	25.82	24.87	21.68
Grade 8	13.93	19.12	19.31	57.21	56.37	49.01	28.86	24.51	31.68
All Grades	17.41	21.61	21.75	55.56	55.97	51.96	27.03	22.42	26.29

Conclusions based on this data:

- Overall, 43% of students met or exceeded the grade level standard. For a more detailed look at the students' performance, the Claims indicate 65.% of students scored Near or Above Standard in Concepts & Procedures, 70% in Problem Solving & Modeling, and 74% in Communicating Reasoning.
- Our mathematics performance remains above the state average; however, Beatty Middle School will focus on ensuring consistent, measurable growth over time by strengthening standards-based instruction, monitoring student progress through ongoing data analysis, and implementing targeted interventions to support continuous improvement for all students.
- Next Steps: Beatty Middle School will continue to implement grade-level standards aligned to pacing guides using i-Ready to support standards-based mathematics instruction. Student progress will be monitored through ongoing analysis of formative, interim, and summative assessment data. Teachers will utilize grade-level collaboration time to review data, adjust instruction, and plan targeted interventions or reteaching opportunities.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://elpac.org) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. Baseline Overall Data: 26% of students scored Level 4 overall and only 14.41% scored Level 1. Scores in Oral Language continue to be higher than Written Language.
2. Baseline Domain Data: Students are performing at higher rates in the Listening, Speaking, and Writing domains, with the majority scoring at the Well Developed or Moderately Developed levels. However, a smaller percentage of students are achieving the Well Developed level in the Writing domain, indicating a need for targeted instructional focus to strengthen writing skills and increase proficiency.
3. Next Steps: Beatty Middle School will strengthen and expand Integrated and Designated ELD instruction through consistent implementation of the ELA/ELD Frameworks to support language development across all content areas. Teachers will engage in ongoing collaboration and professional development to deepen their understanding of the ELPAC and effective instructional strategies that promote student success. Dedicated time will be allocated for the analysis of formative assessment data to monitor student progress, inform instruction, and guide targeted interventions for English Learners.

School and Student Performance Data

Student Population

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2024-25 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
641	73.8%	19.8%	0.3%
Total Number of Students enrolled in Gordon H. Beatty Middle School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2024-25 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	127	19.8%
Foster Youth	2	0.3%
Homeless	36	5.6%
Socioeconomically Disadvantaged	473	73.8%
Students with Disabilities	102	15.9%

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	12	1.9%
American Indian	1	0.2%
Asian	199	31%
Filipino	31	4.8%
Hispanic	334	52.1%
Two or More Races	21	3.3%
Pacific Islander	4	0.6%
White	33	5.1%

Conclusions based on this data:

1. Beatty Middle School serves an ethnically diverse student population, with Hispanic and Asian students representing the two largest groups. This diversity contributes to a broad range of academic, linguistic, and social-emotional needs that inform our instructional practices and support systems.
2. At Beatty Middle School, English learners, socioeconomically disadvantaged students, students with disabilities, and students experiencing homelessness are identified as key subgroups requiring targeted academic support and differentiated interventions.
3. Title I funds will ensure that support is provided to the subgroups that make up Beatty MS.

School and Student Performance Data

Overall Performance

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2025 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Blue	Chronic Absenteeism  Orange	Suspension Rate  Green
Mathematics  Green		
English Learner Progress  Green		

Conclusions based on this data:

1. Current Data: Based on the Fall 2025 Dashboard data above, our state indicators for ELA indicated an increase of 23.3 points (15.2 Points Above Standard) and mathematics indicated an increase of 6.6 points (24.6 Points Below Standard) for academic performance.
2. Trend: In comparison to the Fall 2024 Dashboard data, scores for English and math showed an increase.

3. Next Steps: Beatty staff will continue to monitor all state indicators and use data to inform ongoing adjustments to programs and interventions, ensuring responsive and continuous improvement in student outcomes.

School and Student Performance Data

Academic Performance English Language Arts

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2025 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Blue 15.2 points above standard Increased 23.3 points 616 Students	English Learners  Yellow 17.5 points below standard Increased 41.5 points 205 Students	Long-Term English Learners  Orange 74.3 points below standard Increased 49 points 79 Students
Foster Youth  No Performance Color Fewer than 11 students - No Data for Privacy 3 Students	Homeless  No Performance Color 71.9 points below standard Increased 30.2 points 31 Students	Socioeconomically Disadvantaged  Yellow 5.4 points below standard Increased 22.8 points 459 Students

Students with Disabilities  Orange 131.2 points below standard Increased 14.1 points 100 Students	African American  No Performance Color 74.5 points below standard Declined 20.3 points 12 Students	American Indian  No Performance Color Fewer than 11 students - No Data for Privacy 1 Student
Asian  Blue 86.8 points above standard Increased 24.8 points 195 Students	Filipino  No Performance Color 102.5 points above standard Increased 10.8 points 30 Students	Hispanic  Yellow 35.5 points below standard Increased 16.8 points 317 Students
Two or More Races  No Performance Color 59.6 points above standard Increased 7.9 points 21 Students	Pacific Islander  No Performance Color Fewer than 11 students - No Data for Privacy 4 Students	White  Blue 14.4 points above standard Increased 47.7 points 32 Students

Conclusions based on this data:

1. Current Data: According to this Dashboard data, our status increased for our Hispanic students by +16.8 points. English Learners increased +41.5 points along with Socioeconomically Disadvantaged at +22.8 points and Students with Disabilities at +14.1 points above standard.
2. Trend: This comparison shows that while we continue below the standard in the above groups, we have made some positive increases in points for most of these groups.
3. Next Steps: Continue to strengthen Integrated and Designated ELD instruction to support English Learners, while providing targeted small-group interventions for students with disabilities, socioeconomically disadvantaged students, and Hispanic and AA students to address identified areas of need and improve academic outcomes.

School and Student Performance Data

Academic Performance Mathematics

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2025 Fall Dashboard Mathematics Performance for All Students/Student Group		
All Students  Green 24.6 points below standard Increased 6.6 points 620 Students	English Learners  Yellow 65.5 points below standard Increased 6.6 points 210 Students	Long-Term English Learners  Red 138.5 points below standard Maintained 2 points 79 Students
Foster Youth  No Performance Color Fewer than 11 students - No Data for Privacy 3 Students	Homeless  No Performance Color 139.8 points below standard Declined 38 points 33 Students	Socioeconomically Disadvantaged  Yellow 48.1 points below standard Increased 3.4 points 462 Students

Students with Disabilities  Red 178.1 points below standard Declined 9 points 99 Students	African American  No Performance Color 146.3 points below standard Declined 37.5 points 12 Students	American Indian  No Performance Color Fewer than 11 students - No Data for Privacy 1 Student
Asian  Blue 65.4 points above standard Increased 11.7 points 197 Students	Filipino  No Performance Color 55.6 points above standard Increased 4.4 points 30 Students	Hispanic  Orange 88.3 points below standard Declined 7.2 points 319 Students
Two or More Races  No Performance Color 53.2 points above standard Declined 3.5 points 21 Students	Pacific Islander  No Performance Color Fewer than 11 students - No Data for Privacy 4 Students	White  Green 16.2 points below standard Increased 20 points 32 Students

Conclusions based on this data:

1. Current Data: On the state indicator for mathematics, which fell below the standard, it declined in the area for Hispanic (-7.2) and increased in the areas for Asian (+11.7), English Learners (+6.6), Socioeconomically Disadvantaged (+3.4), and All Students (+6.6) student groups.
2. Trend: This comparison shows that while we continue below the standard in the above groups, we show a positive increase (decrease in below the standard status) for most groups.
3. Next Steps: Beatty Middle School will continue to provide high-quality, standards-aligned mathematics instruction utilizing math supplemental materials during the math textbook adoption period to support core instruction. Student progress will be closely monitored through Common Formative Assessments and other data sources to inform instructional adjustments and targeted interventions. Particular attention will be given to the Hispanic student group, as data indicates a decline in performance while overall math achievement remains below standard. Targeted supports and interventions will be implemented to address this need and improve outcomes for this subgroup.

School and Student Performance Data

Academic Performance Science

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Science assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2025 Fall Dashboard Science Performance for All Students/Student Group		
All Students Green 56.4 science points Increased 2.2 points 196 Students	English Learners Orange 42.6 science points Maintained -0.6 points 61 Students	Long-Term English Learners Yellow 39.8 science points Increased 6.2 points 38 Students
Foster Youth No Performance Color 0 Students	Homeless No Performance Color 39.9 science points 13 Students	Socioeconomically Disadvantaged Green 53 science points Increased 2.4 points 148 Students

Students with Disabilities  No Performance Color 34.2 science points Maintained -0.2 points 35 Students	African American  No Performance Color Fewer than 11 students - No Data for Privacy 4 Students	American Indian  No Performance Color 0 Students
Asian  Blue 67.8 science points Maintained 0.2 points 55 Students	Filipino  No Performance Color Fewer than 11 students - No Data for Privacy 10 Students	Hispanic  Yellow 48.6 science points Maintained 1.1 points 105 Students
Two or More Races  No Performance Color Fewer than 11 students - No Data for Privacy 8 Students	Pacific Islander  No Performance Color Fewer than 11 students - No Data for Privacy 3 Students	White  No Performance Color 48.4 science points Declined 4.1 points 11 Students

Conclusions based on this data:

1. Current Data: On the state indicator for science, which is at the standard, increase in the area for All Student (+2.2), Long Term EL (+6.2), and Socioeconomically Disadvantaged (+2.4). Yet maintained for EL Learners (-6.6), Asian (+0.2), and Hispanic (+1.1) student groups.
2. Trend: While we have maintained for most groups and need to focus on our English Language Learners to ensure they do not decrease.
3. Next Steps: Beatty Middle School will continue to provide high-quality, standards-aligned science instruction grounded in NGSS practices, with an emphasis on inquiry-based and hands-on learning experiences. Student progress will be monitored through common formative assessments, performance tasks, and interim data to inform instructional adjustments and targeted interventions. Teachers will utilize PLC collaboration time to analyze data, align instruction, and plan reteaching opportunities to address identified gaps. Particular attention will be given to maintaining current levels of performance while implementing targeted supports for student groups at risk of declining, ensuring continued growth and preventing movement below standard.

School and Student Performance Data

Academic Performance English Learner Progress

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2025 Fall Dashboard English Learner Progress Indicator

English Learner Progress	Long-Term English Learner Progress
 Green	 Yellow
61 making progress.	60.3 making progress.
Number Students: 105 Students	Number Students: 68 Students

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2025 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
12.4%	26.7%	3.8%	57.1%

Conclusions based on this data:

1. Current Data- English Learners decreased one level at 12.4%.
2. Trend- Our English Learners are making progress in both ELA and math.
3. Next Steps: Beatty Middle School will continue to implement and strengthen Integrated and Designated ELD to provide targeted language development for all English Learners. Teachers will engage in focused collaboration to align instruction with the ELA/ELD Framework and standards, ensuring consistent, standards-based practices that support language acquisition and academic achievement.

Conclusions based on this data:

1. Based on this data, the following subgroups showed a decline in chronic absenteeism: Hispanic and White
2. We need to continue to monitor attendance, offer resources, and communicate with families who are in need support for the following subgroups: English Learners (EL), Long Term EL, Students with Disabilities, and Filipino
3. Next Steps: Strengthen student and parent engagement through clear, consistent communication about attendance expectations and the impact of absences on learning, while providing resources, support, and incentives to promote regular attendance.

School and Student Performance Data

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2025 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students Green 3.4% suspended at least one day Declined 1.8% 679 Students	English Learners Yellow 4.8% suspended at least one day Maintained 0% 145 Students	Long-Term English Learners Orange 5.6% suspended at least one day Increased 1.1% 89 Students
Foster Youth No Performance Color Fewer than 11 students - No Data for Privacy 3 Students	Homeless No Performance Color 8.7% suspended at least one day Declined 3.3% 46 Students	Socioeconomically Disadvantaged Green 4.5% suspended at least one day Declined 1.5% 514 Students

Students with Disabilities  Orange 7% suspended at least one day Increased 1.1% 114 Students	African American  No Performance Color 7.7% suspended at least one day Increased 2.1% 13 Students	American Indian  No Performance Color Fewer than 11 students - No Data for Privacy 1 Student
Asian  Green 1.5% suspended at least one day Declined 1.8% 205 Students	Filipino  Orange 3.2% suspended at least one day Increased 3.2% 31 Students	Hispanic  Green 4.1% suspended at least one day Declined 1.8% 362 Students
Two or More Races  No Performance Color 3.4% suspended at least one day Declined 6.1% 29 Students	Pacific Islander  No Performance Color Fewer than 11 students - No Data for Privacy 4 Students	White  Yellow 5.9% suspended at least one day Maintained 0% 34 Students

Conclusions based on this data:

1. Current Data: Based on the Fall 2025 Dashboard data above, groups either decreased or maintained with the exception of Long Term English Learners, Filipino, and Students with Disabilities. Those three groups increased.
2. Trend: The number of overall suspensions decreased in 2025 by 1.8% from the previous year. This was a .1% difference from the previous year.
3. Next Steps: Beatty staff will strengthen the implementation of a progressive discipline framework by consistently applying the PBIS Behavior Matrix and aligning responses to student behavior with tiered supports. Ongoing monitoring of behavior data will guide targeted interventions, ensuring proactive, consistent, and supportive practices that reduce suspensions and improve student outcomes.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Develop critical competencies in English Language Arts (ELA), math and language proficiency.

Develop critical competencies in ELA, math, and language proficiency using evidence-based instruction tailored to increase cognitive engagement for all students while diminishing disparities among subgroups, such as multilingual and multicultural learners, low-income students, students with disabilities, and foster youth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Develop critical competencies in ELA, math, and language proficiency using evidence-based instruction tailored to increase cognitive engagement for all students while diminishing disparities among subgroups, such as multilingual and multicultural learners, low-income students, students with disabilities, and foster youth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

ELPAC data for students of Gordon H. Beatty Middle School:
2024 Results 2025 Results

- 122 students - 118 students

Level 4: 29% or 35 students 26.27% or 31 students

Level 3: 31% or 38 students 34.75% or 41 students

Level 2: 23% or 28 students 24.58% or 29 students

Level 1: 17% or 21 students 14.41% or 17 students

RFEP: 5.9% or 31 students 29.5% or 189 students

Based on the ELPAC data there is a change from 2024 to 2025 and although the number of students decreased in '25 from the previous year, it is important to continue focusing on ways to offer daily designated ELD instruction tailored to focus on specific language needs, structured around the ELPAC language domains of Listening, Speaking, Reading, and Writing. In addition, instruction should include both conversational and academic language skills to ensure that students are engaging and practicing communication skills. To address our Students with Disabilities, we will continue to address support in math and ELA through our co-teaching math and English classes as well as through student skills.

Beatty Middle School is focusing on advancing student achievement by addressing specific trends and needs across grade levels:

- Positive Trends: The three grade levels had an increase in students exceeding standards, and there was a decrease in students not meeting standards. Sixth graders demonstrated the highest growth.
- Challenges: Eighth graders are in need of intervention support and seventh graders need additional review of material to ensure they continue growing.
- Consistency: There is consistency across all grades, students in the "Standard Nearly Met" category remain consistent.

To build on these outcomes, Beatty Middle School is emphasizing the following strategies:

- Sixth Grade TEAM: Continue to prioritizing meaningful and intentional planning time to sustain high growth. In addition, articulation meetings with the elementary school sites will ensure students remain on target.
- PLC Days: Structured Thursdays allow the math department to collaboratively develop and refine math instruction.
- iReady Utilization: Continue addressing the need to use iReady supplemental materials for math teachers.
- Collective Structure: By honoring PLC days and working towards a unified approach, the school aims to create a consistent structure that drives further increases in student achievement.

This plan leverages collaboration, targeted support, and strategic planning to move teachers forward in enhancing student outcomes across all grade levels.

Beatty Middle School's strategy for moving teachers forward in building student achievement focuses on fostering purposeful collaboration and creating a sustainable, effective instructional framework. Here's how the school plans to achieve this:

1. Purposeful Collaboration: Recognizing the importance of collaboration around essential standards, Beatty Middle School will emphasize this as a core part of its community. This approach will help ensure that the work teachers do is meaningful and contributes to long-term success.

2. Clear Structure and Authentic Practice: The school will establish a clear structure for current

practices, ensuring they are not only effective now but also serve as a foundation for future years. These practices will be applied in authentic, real-world scenarios to address current educational challenges, including learning loss.

3. Adaptability and Implementation: There will be a clear plan for implementing instructional strategies and adapting them as needed to meet evolving student needs. This plan will be flexible to address disparities in student performance across grade levels and content areas.

4. Support from Administration: Teachers will receive support from site administration, reinforcing the importance of these initiatives and ensuring that they have the resources and backing needed for success. Site admin will collaborate with district admin to ensure that supports are in place (i.e. work with Angie Freese).

5. School Identity: The collaborative, structured approach to teaching and learning will become part of Beatty's identity, helping to align staff around a shared mission of improving student outcomes.

Challenges to Address:

- Grade-Level Performance Disparities: There were varied changes in student performance across grade levels particularly in math, with all grade levels moving farther away from the Standard Met score. All grades have a high percentage of students performing below standard in Concepts & Procedures.
- ELA and Tutorial Support: ELA performance, particularly in writing, continues to be a concern across all grades. Staffing for ELA and the effectiveness of Tutorial support on designated days and afterschool Homework Club will need to be evaluated and strengthened.

Through focused collaboration, clear planning, adaptability, and strong support, Beatty Middle School aims to address these challenges and improve student achievement across all grade levels.

Note: To maintain continuity during the transition to a Spring School Plan, the current goals, actions, and strategies will remain in effect, unless the SSC has voted to make modifications.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Academic Indicator - Reading (ELA) iReady Source: i-Ready	Baseline: iReady Reading (ELA) May 2025 37% (236) Mid or above grade level 14% (89) Early On grade level Actual: iReady Reading (ELA) 2026 32% (206) Mid or above grade level 15% (95) Early On grade level	iReady Reading (ELA) by May 2027- Minimum of 3% improvement 40% Mid or above grade level 18% Early On grade level
Academic Indicator - Math iReady Source: i-Ready	Baseline: iReady Math May 2025 29% (183) Mid or above grade level 19% (123) Early On grade level Actual: iReady Reading (MATH) 2026 22% (141) Mid or above grade level 19% (124) Early On grade level	iReady Math by May 2027-Minimum of 3% improvement 32% Mid or above grade level 22% Early On grade level

Academic Indicator ELA CAASPP Source: DTS Section: Student Performance Data - CAASPP (English Language Arts) CAASPP Distance from Standard Source: CERS, BPSD Data slides (July 2025) *Note: Numbers may differ slightly from Summer report to December Dashboard results as these numbers reflect 97-99% reporting.	Beatty Middle School's goals were identified based on 24-25 CAASPP ELA Data: The spring 2025 ELA data for all students indicates a level of Exceed and Met Standards of 27.97% and 28.44% respectively for an overall percentage of 56.41%. English Learners- 9.40% met or exceeded standard Distance from Standard Data: 6th: +14 pts 7th: +17 pts 8th: +1 pts	Site Goal for All Students: By spring 2027, we will increase by a minimum of 3 percents from 56.41% to 59%. Beatty Middle School: 2025 Results (118 students) Level 4 26.27% or 31 students Level 3 34.75% or 41 students	Site Goal For English Learners: By May 2027, English Learners will increase by a minimum of 3 percent in the following levels: Level 4- 29% Level 3- 37%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	The CAST/CARE team will provide targeted academic support for students at risk of failing or currently failing courses. Through regular meetings, staff will analyze student data, monitor progress, and implement aligned interventions, ensuring students understand their academic status and the steps needed to meet course requirements and achieve success.	At Promise students	10000 Title I 1000-1999: Certificated Personnel Salaries Teacher Subs for Intervention, CAST/CARE, and Collaboration follow-up.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.2	Instructional Support for At-Promise students - Support with small group instruction in literacy via a writing course for students below grade level. Provide funding for teacher planning time to identify intervention supports for students. (\$2100) - Leadership/Guiding Coalition will meet to address school-wide supports/interventions in the areas of core instruction to increase student learning and engagement. (\$2500)	At Promise students	4600 Title I 1000-1999: Certificated Personnel Salaries Teacher extra duty pay for planning time and participation in our school's leadership/guiding coalition team.
1.3	Provide individual student data to Professional Learning Communities to inform instructional planning and adjustments. Core departments, including Special Education and 6th Grade, will engage in structured collaboration, including after-school meetings, to analyze data, align instruction, and design targeted interventions for students at risk of not meeting grade-level standards, in alignment with LEA goals.	All Students	None Specified None Specified Teachers will meet in their PLC's by department to collaborate, lesson plan, and review student data on early release Thursday's.
1.4	Additional support through the After School Homework Club for at-promise students identified by CAST/CARE who may be struggling with ELA or math concepts, completing homework or projects independently, or meeting grade-level expectations. This support will extend to students via a Before School (7:30 - 8:30 AM) and Afterschool option (3:30 - 4:30 PM).	At-Promise students	9500 Title I 1000-1999: Certificated Personnel Salaries Extra pay for two teachers who will serve as Homework Club teachers before and after school.
1.5	Provide supplemental ELD support to English Learners during both Designated and Integrated ELD, incorporating materials and technology to support English Learners and Newcomer students. Educational field trips will be approved to ensure they provide meaningful opportunities to enhance conversational English and communication skills. (\$5000).	English Learners	5000 Title I 5000-5999: Services And Other Operating Expenditures Support with Rosetta Stone language program for our EL students. As part of their expanded learning, EL students would have the opportunity to be part of field trips that will allow them to engage in conversational English with like peers and experiences that support language development.
1.6	Implement the NoRedInk supplemental program to support literacy and writing development. Teachers will administer a beginning-of-year diagnostic and end-of-year assessment to measure student growth, and assign weekly, differentiated lessons based on student needs. Student progress will be	All students	10000 Title I 5000-5999: Services And Other Operating Expenditures Purchase the NoRedInk program for use school-wide

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
	monitored regularly, with teachers using PLC collaboration time to review data, adjust instruction, and plan targeted interventions. (\$10000)		(2026-2027). NoRedInk is an online platform that helps students in grades 3–12 practice and improve their writing and grammar skills.
1.7	Provide teacher release time to support core subject planning and instructional coaching, including classroom observations and feedback cycles, to strengthen standards-based instruction and the implementation of targeted interventions. (\$7000)	All Students	7000 Title I 1000-1999: Certificated Personnel Salaries Teacher Subs for planning time and coaching observations.
1.8	Provide students with school-wide agenda planners to support time management, organization, and preparedness, while promoting homework completion and serving as an additional tool for ongoing parent communication. (\$3200)	All Students	3200 Title I 4000-4999: Books And Supplies
1.9	Provide supplemental instructional materials to departments as well as build on classroom libraries for literacy development. (\$3000)	All Students	3000 Title I 4000-4999: Books And Supplies Purchase supplemental material and book sets for classroom libraries
1.10	Provide bussing for the after-school homework club and enrichment programs. Bus transportation is needed for some students who need transportation home from the intervention. (\$3000)	At-Promise Students	3000 Title I 5000-5999: Services And Other Operating Expenditures Transportation services for student interventions beyond the school day.
1.11	Review Reclassification criteria and monitor progress of ELs by analyzing ELPAC data, curriculum embedded assessments, CAASPP results and grades. EL progress monitoring will occur with the teacher of ELD, including sixth grade teachers to address student growth and development in the following classes: Emerging, Expanding, and Bridging. Students are assessed at the beginning of the school year to determine areas of need. All student numbers regarding the reading, writing, listening, and speaking progress are charted by teachers to determine intentional grouping. Students engage in weekly data chats that are monitored by teachers to evaluate progress. Collaboration with district on student progress and reclassification are ongoing. To foster growth, students will be encouraged to develop their skills in reading, writing, listening, and speaking, with teachers aligning the ELA and ELD frameworks. To support progress in this area, students will receive both designated and integrated ELD instruction, and teachers will implement ELD strategies in the classroom. The	English Learners	None Specified None Specified Collaborate with EL and 6th grade EL teachers to ensure that services and supports are provided to students.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
	goal is to increase reclassification rates for RFEP students by 3%.		
1.12	Implement the We Will Write program to strengthen student writing through structured, engaging, and collaborative practices. The program fosters a supportive classroom environment where students build writing skills through interactive and purposeful activities. Teachers will be supported in implementing strategies that make writing meaningful and engaging, promoting student growth and increasing proficiency as effective writers. (\$5200)	All Students	5200 Title I 5000-5999: Services And Other Operating Expenditures Purchase We Will Write program for 2026-2027.

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Beatty Middle School will continue to implement a focused, standards-aligned curriculum in ELA, Mathematics, Science, and Social Studies to increase student achievement and support college and career readiness. The school will maintain a strong emphasis on literacy, including reading and writing, as well as mathematics. Instructional materials and resources will be utilized to enhance student learning and engagement. Teachers will use weekly Thursday collaboration time to analyze student work and assessment data, informing instructional decisions and targeted interventions. Students requiring additional academic support will be referred for intervention support. Ongoing professional development will continue to strengthen instructional practices. To further support student learning, staff will collaborate with specialists, including special education teachers, and other professionals, to develop and implement effective strategies and accommodations for students. Evidence-based literacy programs, such as the Sonday System, will be used to support students in developing foundational reading skills. In mathematics, instruction will emphasize student discourse, encouraging students to explain their reasoning both verbally and in writing. Teachers will incorporate visual aids, diagrams, and graphic organizers to make abstract concepts more accessible. Ongoing progress monitoring in both ELA and mathematics will be used to assess student growth, adjust instructional strategies, and ensure that all students are making progress toward grade-level standards.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no significant differences between the budgeted and actual expenditures of categorical funds. Funds will be expended in alignment with approvals from the School Site Council and Governing Board. The planned budgets were implemented during the 2025–2026 school year and will continue into the upcoming school year to support student learning and engagement.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

It is essential that interventions during and after the school day are aligned to student needs, particularly in English and mathematics, to increase engagement and target areas of improvement among identified student subgroups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Highly qualified staff delivering standards-based instruction

Highly qualified staff will deliver standards-based instruction and support district systems designed to increase cognitive engagement for all students, especially those with unique needs, within clean, well-maintained school facilities that foster a positive learning environment.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Highly qualified staff will deliver standards-based instruction and support district systems designed to increase cognitive engagement for all students, especially those with unique needs, within clean, well-maintained school facilities that foster a positive learning environment.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Additional support for students to do creative and meaningful work in the classroom with teachers and refocus on tier 1 supports across the campus. To support our students, Beatty has identified the need for additional interventions beyond the regular school day, including homework assistance and academic counseling. Currently, students receive in-school support through our Tutorial Thursdays, a day dedicated to intervention in all class periods. This approach was developed to address students' needs for consistent academic support and to prevent learning gaps. Before implementing Tutorial Thursdays, we recognized that many students were struggling to understand class material and falling behind on homework. Tutorial Thursdays now provide essential support to help students stay on track academically.

The Schools To Watch survey given to teachers back in 2024, continues to guide our work as we understand student needs related to academic excellence, responsiveness to students' needs, and social equity. Becoming a Schools to Watch, both regionally and nationally, has ensured that we uphold the expectations and responsibility provided to Beatty of leading and engaging our students. As we move into re-designation next year, we will retake the survey to see how we have grown or address the areas of need.

School-wide teacher survey taken on 09/03/2024

Teachers collaborate in making decisions about rigorous curriculum, assessments, effective instructional methods, and evaluation of student work. 52%

Teachers collaborate to create integrated activities that cross content boundaries. 45%

The faculty is always seeking ways to improve programs, curriculum, and assessment to better meet student needs. 50%

Professional development is provided to help staff members understand, value, and respond to student and family diversity and the school's community. 46%

Learning is on-going for everyone. 50%

To continue addressing the needs of our school community, the LCAP Staff Survey, further, provided insight into how we can best support teachers and their work with students.

Note: To maintain continuity during the transition to a Spring School Plan, the current goals, actions, and strategies will remain in effect, unless the SSC has voted to make modifications.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
LCAP Student Survey	Baseline: LCAP student survey results 2025 School and classrooms are kept neat and clean - 88.9% I can get help with assignments outside of class - 88.2% Do you feel that you have access to programs and services - 90.3% Required technology is made available - 95.1% I know who to go to if I need help with my iPad - 92.4% Actual: LCAP Student Survey -Actual Outcome 2026 School and classrooms are kept neat and clean - 90% I can get academic support when I need it before, during and after school - 93% Teachers and adults at this school believe I can do well - 96% Required technology is made available - 98% I know who to go to if I need help with my iPad - 97%	By May 2027: School and classrooms are kept neat and clean - 93% I can get academic support when I need it before, during and after school - 96% Teachers and adults at this school believe I can do well - 99% Required technology is made available - 100% I know who to go to if I need help with my iPad - 100%

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of these strategies focused on strengthening instructional capacity and increasing student engagement. Professional learning provides teachers with support in differentiated instruction, culturally responsive practices, and classroom management, while technology training enhanced the use of digital tools to support learning. Supplemental resources will support standards-aligned instruction in ELA and mathematics. Collaborative structures, including peer observations and mentoring, will promote reflective practices and supported teacher growth. Overall, these efforts will improve instructional practices, increased student engagement, and strengthened alignment to standards-based instruction, contributing to improved student outcomes.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no significant differences between the budgeted and actual expenditures of categorical funds. Funds will be expended in alignment with approvals from the School Site Council and Governing Board. The planned budgets were implemented during the 2025–2026 school year and will continue into the upcoming school year to support student learning and engagement.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Impactful instruction of core subject and expansion of CTE pathways

Increase student outcomes through impactful instruction of core subjects and expand college and career pathway programs.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Increase student outcomes through impactful instruction of core subjects and expand college and career pathway programs.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Beatty Middle School has career and college fair events as well as district CCF, to support students with career and college choices as well as with the opportunity to connect with individuals who are in career fields of student interest. Our STEM and VAPA programs continue to offer students the opportunity to develop skills that they can apply in various programs upon entering high school.

Note: To maintain continuity during the transition to a Spring School Plan, the current goals, actions, and strategies will remain in effect, unless the SSC has voted to make modifications.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Programs, Electives, and alternative course availability Source: LCAP Student Survey	Baseline: 2024-2025 LCAP Student Survey (7th and 8th only): 94.3% feel that the schools offers the opportunity to take honors or advanced courses 88.3% feel that the school offers elective classes to help explore interests including future careers 89.7% feel that their classes are preparing them academically for high school Actual: 2025-2026 LCAP Student Survey (7th and 8th Only) 96% feel that the schools offers the opportunity to take honors or advanced courses 91% feel that the school offers elective classes to help explore interests including future careers 88% feel that their school is preparing them for college and/or a future career	2026-27 LCAP Student Survey (7th and 8th Only): 99% feel that the schools offers the opportunity to take honors or advanced courses 94% feel that the school offers elective classes to help explore interests including future careers 91% feel that their school is preparing them for college and/or a future career

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Promote a college and career-focused mindset through structured guidance lessons and readiness activities, including the "Beatty Goes to College" field trip and career fair that highlight a variety of career pathways. The school will partner with local community colleges, California State Universities, and private institutions to strengthen a college-going culture. Transportation will be provided to ensure equitable access to visits at institutions of higher education. (\$3000)	All students	3000 Title I 5000-5999: Services And Other Operating Expenditures
3.2	Classroom career exploration where teachers can integrate career-related discussions into everyday instruction, such as highlighting careers that use math or science, or discussing the importance of literacy in all fields. Collaborate with Career Connection to provide lessons to students on career exploration and opportunities. Career Connected Schools-RIASEC		0 None Specified
3.3	Focus on expanding career pathways by strengthening our existing innovative programs that prepare students for success in high-demand fields. These programs will equip students with practical skills, foster creativity, and provide exposure to emerging technologies, building a strong foundation for both college readiness and diverse career opportunities. Teachers will be provided with ongoing professional learning to deepen their knowledge and refine instructional practices. By connecting STEAM-related programs	All students	1200 Title I 1000-1999: Certificated Personnel Salaries

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
	to broader college and career readiness initiatives, we will ensure students gain the knowledge, skills, and experiences necessary to succeed in their chosen paths. (\$1200)		
3.4	College and career fairs will be designed to engage and empower students to begin planning for life after high school through career sessions with industry professionals and college exploration with university representatives. In partnership with Career Connected Schools and in collaboration with OCDE, the school will plan and implement a career day during the school day to provide students with exposure to various career pathways, as well as an evening college fair for students and families to connect with college representatives and explore postsecondary opportunities.	All students	0 None Specified
3.5	Expand the after-school program to include extracurricular opportunities that engage students in team-based activities, training, and participation in organized competitions. Through structured peer interaction, these programs will promote increased student engagement, improved attendance, enhanced self-esteem, and stronger academic performance. Students will also have the opportunity to participate in after-school programs like DJ, Break Dancing or cheer, where they will develop collaboration and critical thinking skills. (\$990)	All students	990 None Specified

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of these strategies focused on building a college and career-going culture through exposure, exploration, and skill development. Students engaged in guidance lessons, college visits, and career fairs, supported by partnerships with higher education and Career Connected Schools to ensure equitable access and meaningful experiences. Career exploration was integrated into classroom instruction, while expanded STEAM programs provided hands-on learning aligned to high-demand fields. After-school opportunities, including extracurricular programs and eSports, further increased student engagement and connection to school. Overall, these strategies have effectively increased student awareness of college and career pathways, strengthened engagement, and supported the development of skills needed for future success.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no significant differences between the budgeted and actual expenditures of categorical funds. Funds will be expended in alignment with approvals from the School Site Council and Governing Board. The planned budgets were

implemented during the 2025–2026 school year and will continue into the upcoming school year to support student learning and engagement.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 4

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Emotional engagement and connectedness

Promote emotional engagement and connectedness among students, families, and staff by fostering safe and culturally responsive learning environments.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Promote emotional engagement and connectedness among students, families, and staff by fostering safe and culturally responsive learning environments.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Beatty Middle School will focus on building positive community where students can engage with each other and the school community. This will include our White student population for who we had high suspension rates. We will continue our partnership with our mental health agencies, including GRIP, Project Kinship, and Straight Talk. In addition, parent involvement opportunities through our PTSA, SSC, ELAC, PBIS, and special events will continue. We also partner with community organizations to support our school and families. Beatty MS will also continue to focus on Tier 1, 2, and 3 intervention supports via PBIS training.

Note: To maintain continuity during the transition to a Spring School Plan, the current goals, actions, and strategies will remain in effect, unless the SSC has voted to make modifications.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Perceptions of Engagement and Connectedness Source: LCAP Parent Survey	Baseline: LCAP parent survey results 2025: Before/during and after school supports are available - 84.8% Someone at school I can talk to in my preferred language - 97.1% I feel I have a say in decision making at this school - 84.8% School informs me of ways to get involved - 88.6% Communication between school and home - 91.2% Availability of parent education opportunities - 86.6% Actual: LCAP Parent Survey Outcome Data 2026: Adequate academic supports are available before, during and after school - 70% Someone at school I can talk to in my preferred language - 100% I feel I have a say in decision making at this school - 83% I am aware of the mental health supports provided by the district - 91% I feel adequate safety measures are in place to keep staff and students healthy - 100% I feel comfortable interacting with school site staff - 81%	By May 2027: Adequate academic supports are available before, during and after school - 73% Someone at school I can talk to in my preferred language - 100% I feel I have a say in decision making at this school - 86% I am aware of the mental health supports provided by the district - 94% I feel adequate safety measures are in place to keep staff and students healthy - 100% I feel comfortable interacting with school site staff - 84%

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of these strategies focused on strengthening student wellness, improving behavior, and increasing school connectedness. Partnerships with Outreach Concern and OCDE agencies ensured consistent access to mental health services, while anti-bullying efforts and parent workshops supported awareness and family engagement. PBIS structures and restorative practices were implemented to monitor behavior, provide tiered supports, and reduce suspensions. Expanded extracurricular opportunities, including after-school programs and clubs, increased student engagement and connection to school. Ongoing communication through parent meetings and committees, along with professional development in culturally responsive practices, strengthened relationships among students, families, and staff.

Overall, these strategies have been effective in promoting a positive school climate, increasing student engagement, and improving behavior and support systems for all students.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no significant differences between the budgeted and actual expenditures of categorical funds. Funds will be expended in alignment with approvals from the School Site Council and Governing Board. The planned budgets were implemented during the 2025–2026 school year and will continue into the upcoming school year to support student learning and engagement.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$98990.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$100,662.00
Total Federal Funds Provided to the School from the LEA for CSI	\$

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4/14/26.

Attested:

Principal, Dr. Joaquin Valdez on 4/14/26

SSC Chairperson, Rebecca Bisso on 4/14/26
