2022 SBHC Primary Care Visits

What are we seeing?

SBHC Haysville Top 10 Visit Codes Aug 30, 2022 - Jan 30, 2023

Our INNOVATION: Interprofessional Child-Centered Integrated Care (ICX2)

PCP/psychology team at school-based clinic part-time

Support PCP to **manage mental illness in youth**

Screen all students who utilize clinic for depression and suicide

Dedicate collaborative care time with child psychiatry and psychology

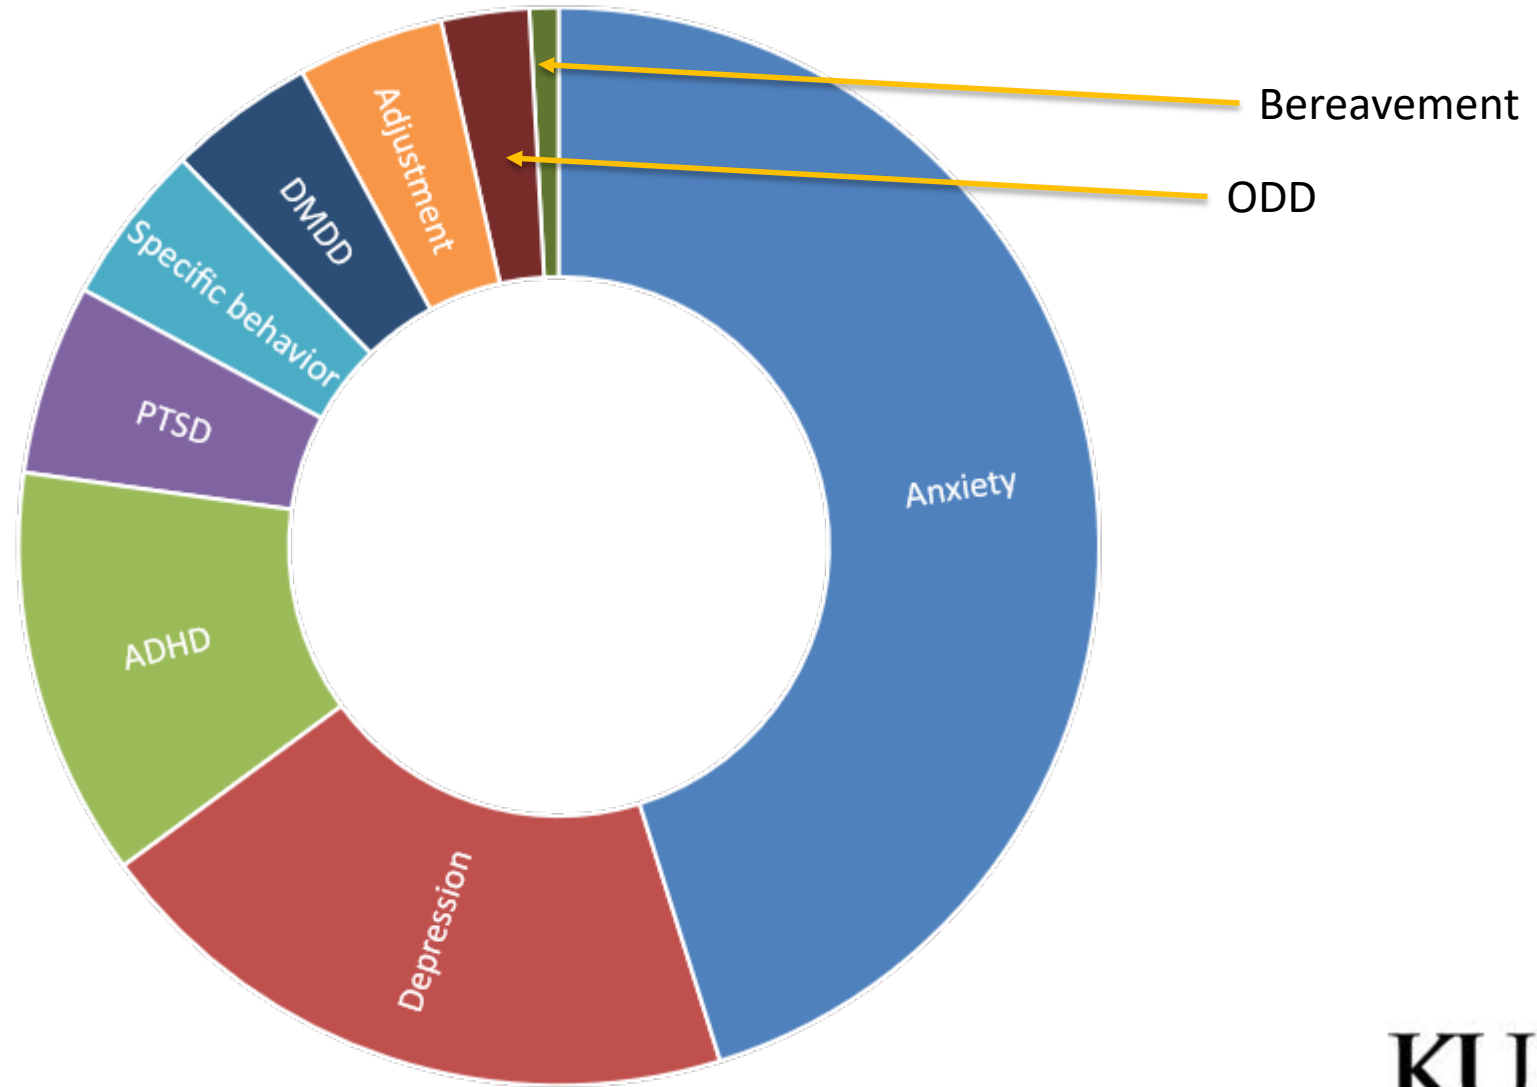

Use limited expert resources more efficiently

Move care to the kids

Visits since ICX2 (Aug 30, 2022)

Psychology Visits

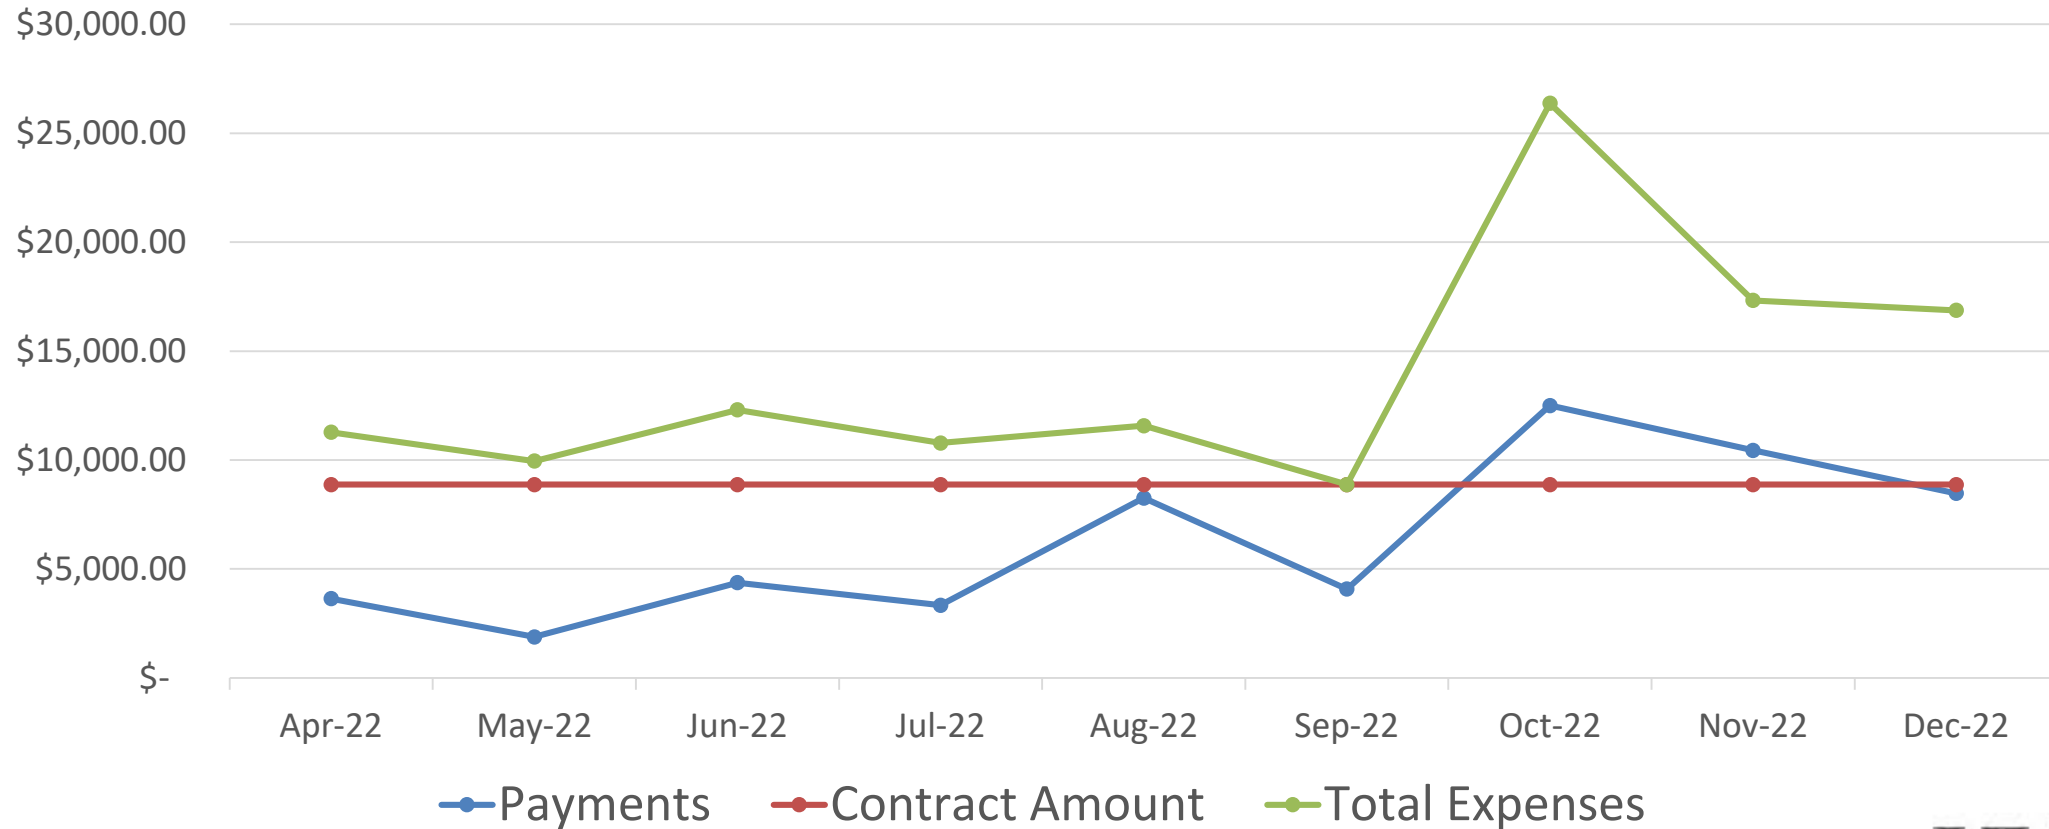

"BREATHE helped teach me how to parent my child with ADHD better. I know my child enjoyed it so much as well!"

"It helped my child learn how to behave better when on a team which has helped his behavior in class."
