Milk	Current price .29 cents	New price .43 cents

Considerations for the Increase in Meal Prices

- Per meal cost for preparation exceeds the cost charged.
- Breakfast meal price has not increased in over 21 years, while lunch prices were last addressed in March of 2017.
- The instability in the market indicates an increase to the district for food purchase over the next year.
- We have a need to encourage families to complete the free or reduced meal application.
