

Campus High School

Graduation Credits Proposal

Current credits for graduation: Campus currently requires 25 credits + 2 seminar credits for graduation.

Proposal: 27 credits + 2 seminar credits. We propose the addition of .5 credit of U.S. History to bring the required total to 1.5 credits of U.S. History. We would also like to add .5 credit of speech and 1 credit of an elective.

Background: Until two years ago, Campus required 25 out of a possible 28 credits + 2 credits of seminar for graduation. Two years ago, we added 1 block to our schedule to allow for tiered instruction. Students can now earn 32 credits + 2 seminar credits during their high school years.

The .5 credit speech requirement would be satisfied with a Speech class, Debate, Forensics or Advanced Theater class.

Out of 13 other AVCTL Division 1 and 2 schools

- 3 Require 24 credits, 5 require 25 credits, 3 require 26 credits and 2 require 28 credits for graduation.
- 2 require 3 semesters of U.S. History.
- 11 require speech for graduation.

These additional requirements would take effect for next year's incoming freshman class. We would eventually need 1 additional teacher in Social Studies and 1 additional teacher in Language Arts.
