Current Status

Safety is the number one priority

Following KDHE, SCDH, and KSDE Guidelines and Safety Protocols

Safety focus:

- Wear a mask that covers your nose and mouth to help protect yourself and others.
- Stay 6 feet apart from others. Use of Cohort Grouping as needed
- Wash your hands often with soap and water. Use hand sanitizer if soap and water aren't available.

Secondary Remote Learning through February 15, 2021

Elementary Parent Choice Remote or On-Site with Social Distancing or Cohort Grouping

Elementary Schools Pre-K thru 5th Grade

Parent choice for remote /onsite learning options. Current Choice will be in place through the 3rd nine week period

Onsite learning with masks, social distancing or cohort grouping.

Principals coordinate the transition for families that would like a change in learning mode.

KDHE, SCDH, KSDE indication that elementary students are less likely to carry, transmit, or have severe reactions to COVID - 19.

Secondary Schools - 6-12 Grades

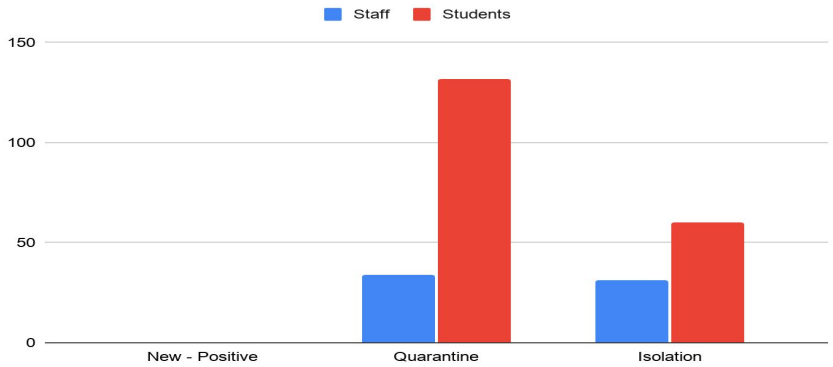

- Remote Learning for students with on-site exceptions based on individual educational needs through February 15, 2021
  - Students with IEPS
  - Secondary Classes that do not function in a remote environment
- Return to Parent choice for remote /onsite learning options. Current Parent Choice will be in place through the 3rd nine week period
- Extra Curricular Activities are allowed following SCHD, KDHE, and KSHSAA Guidelines
  - Spectators allowed based on site capacity

COVID Testing

- We implemented both the rapid and saliva PCR tests. The rapids are from KDHE and we are a partner with WSU for the PCR tests.
- We have done 60 PCR tests so far, with 3 positive results, 27 rapid tests with 5 positive results
- Daily numbers vary and are increasing
- We offer testing at the schools and drive-thru at our Admin building
- Our health staff members have been calling to check on students and staff who are called in sick all year, but now, if the symptoms fit, they can offer drive-thru testing
- Students and staff who are at school are tested in the isolation room in the building.
- Testing will help with the prevention of spread and potential reduction in isolation or quarantine

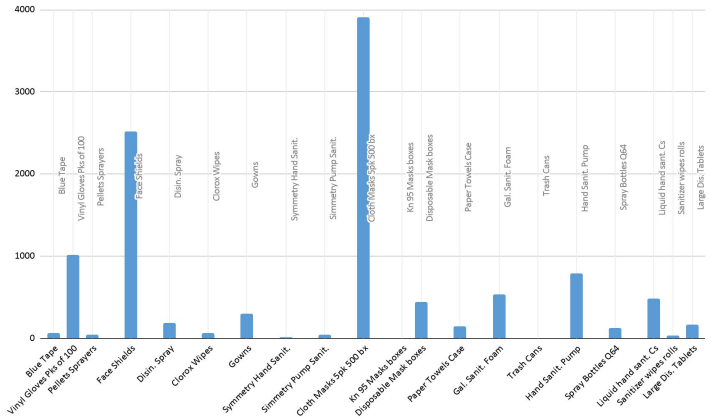

Student & Staff - Quarantine/Isolations

- Nursing staff collect and report the numbers on a daily basis
- Principals and teachers manage the student activities and are notified when someone is put in quarantine or isolation
- Building administrators and department directors manage the staffing coverage

PPE

- The supplies for cleaning and PPE are managed through facilities
- These supplies are tracked for quantity and availability
- Additional purchases are made as supplies indicate and we try to anticipate the shortage thru continuous communication with our vendors

Additional ChromeBooks

- We would like to enter into a three year lease fair market value for addition ChromeBook devises. This lease will increase our technology access for 1 to 1 device to the elementary level. Along with the additional devices we would like to purchase vertical charging carts. (see attached quotes)
- The lease will be paid from additional ESSER Funds and will give the district three years to increase the annual technology budget to ensure sustainability.
- The increase in additional devices is part of the technology strategic plan
- This is a first read as we are not asking for board action at this time. We will bring it back to the Board during the regularly scheduled meeting in February.

QUOTE CONFIRMATION

DEAR BRET LONG,

Thank you for considering CDW•G for your computing needs. The details of your quote are below. Click here to convert your quote to an order.
