

2026 Science Summer Work

Entering Grade 1

Climate Education: Caring for the Environment

K-ESS3-3. Communicate solutions that will reduce the impact of humans on living organisms and non-living things in the local environment.

Entering Grade 1 Activity Board		
<p>Generation Genius: Reducing Our Impact on Earth</p>	<p>Poster Project: Create a poster with ways to Care for our Planet</p>	<p>Newsela STEM: Upcycling: Turn trash into toys, crafts, or a class project</p> <p style="text-align: center;">One man's trash is another man's treasure!</p>
<p>Material Collection Campaign: Create posters for a collection campaign. Ask students and staff to bring in materials they are not using for a recycling activity.</p> <p>Be Creative!</p>	<p>Recycling Project: Use materials from home to create recycling bins. Remember to label the bins for different types of recycling (cans, water bottles, food waste, etc.)</p>	<p>Engineering Design: Upcycle your materials. Use your collected materials to create a toy, craft, art, or machine prototype for a positive purpose.</p> <p style="text-align: center;">Old to New, We make and Do!</p>
