Scott Stueber

Director of Athletics, Physical
Education and Recreation
516-364-5749

Dear Parents and Student Athletes:

Welcome to the Syosset Central School District Interscholastic Athletic Program

On behalf of the Athletic Department, I am pleased to welcome you to one of the largest and most accomplished athletic programs in New York State. The Syosset Interscholastic Athletic Program is a proud member of the New York State Public High School Athletic Association (NYSPHSAA). We compete as a Class "AA" school in Section VIII (Nassau County) and as part of Conference 1 at the modified level (7th and 8th grade).

This letter is intended to provide you with important information regarding required physical examinations and other key details about participation in our program. Our athletic director and coaching staff are committed to ensuring that your child has a positive, educational, and rewarding athletic experience.

We wish you the best of luck in the upcoming season. Please remember that success comes from effort, and that commitment and dedication are the foundations of a strong program. We look forward to your participation and to seeing you throughout the season.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Scott Stueber', with a stylized, flowing script.

Scott Stueber
Director of Athletics, Physical Education and Recreation

SPORTS REGISTRATION

Before any student-athlete can participate in athletics, he/she must be registered on ArbiterSports. Each student/athlete must have a current physical and it must be on the mandated [NYS Health form](#). In accordance with New York State Regulations, the physical shall be valid for qualifying a student's participation in athletics for a period of 12 continuous months. For example: a student who receives a sports physical in August 2021 will be able to participate in the athletic program for the entire 2021-2022 school year. Please see this link for [ArbiterSports](#)

CODE OF CONDUCT

All student athletes will be responsible for adhering to the standards set forth in the Code of Conduct. [Athlete Code of Conduct](#)

TRYOUTS

Students are required to attend all tryouts. All candidates should be given a minimum of four full practices to try out for a team (4 days). However, in the case of double session tryouts for the Fall season, cuts can be made after 6 tryout sessions which equate to 3 days.

PRACTICE SESSIONS

Responsibility, dedication, commitment, sacrifice, and individual pride are all necessary ingredients needed for a successful season. Student-athletes are expected to attend all practices and contests. On most school days, practice begins at 2:30 pm for high school and 3:00 pm for middle school. Practice times vary, ranging from one hour to three hours per day. All practices are mandatory. The varsity and junior varsity teams may practice and have contests over holiday breaks and on weekends. To be chosen as a member of any team, all student athletes must commit to their specific sports season and daily practice schedule. Practice times are subject to change. ***It is important to note that Fall season practices for high school teams begin approximately the third week of August. Varsity football may begin even earlier.***

TRANSPORTATION

Student-athletes will be transported to and from away contests by school authorized vehicles only. If there are any changes in this travel procedure, the parent must submit a [Transportation Waiver](#) requesting that the parent take the student-athlete home from the event to the coach.

UNIFORMS AND EQUIPMENT

Athletic equipment becomes costlier each year. It is the responsibility of the student athlete to return to the coach all clothing and equipment issued. No one should have any equipment at home after the season without school permission. Failure to do this will result in the student-athlete paying for the missing articles and will not be issued another uniform until the matter is resolved.

SPORTS INJURIES

All sports injuries must be *immediately* reported to the coach and to the athletic trainer and nurse. The nurse/coach will fill out an accident report. All medical notes must go to the school nurse. If you are injured over the summer, you must bring in a doctor's note that specifies that the student-athlete is cleared to participate in athletics.
