Schools of the Sacred Heart San Francisco

Student Appearance

The school expects that student appearance reflects a global standard of excellence as characterized by the international hallmark of a Sacred Heart education. Many Sacred Heart schools across the nation and globe have a strict uniform as their daily dress. Convent & Stuart Hall reserves a dress uniform for special event days (see dress uniform outlined below). Dress code is the expected attire for all school days, including testing days (PSAT, AP, IB, SAT and ACT.)

Convent & Stuart Hall's dress code communicates readiness for the work of academics and an understanding of the difference between dress for a day at school and dress for a recreational/social activity outside of school time. Wearing the appropriate school dress communicates membership in the school community and identifies you as a Convent & Stuart Hall student. In our expansive, K-12 community, the signifier of dress code is important.

The guidelines below are meant to support you in making appropriate clothing choices for the work of the school day. If you're not dressed properly, you will be expected to repair your state of dress by making a change at school or returning home to make the change.
