between the

EDMONDS SCHOOL DISTRICT

and the

EDMONDS EDUCATION ASSOCIATION

2026-27

This Waiver of the Procedural Agreement REGARDING A SUPPORTING DOCUMENT FOR NURSE OBSERVATION WITHIN THE STUDENT HEALTH SERVICES DEPARTMENT. The intent is to utilize the nursing scope and standards of practice as a measure to provide feedback during nursing observations. The health services department, in a committee of nursing leadership and nursing staff, developed a tool that is supported by the School Nursing Scope and Standard of Practice, 4th edition, 2022, issued by the National Association of School Nurses in conjunction with the evaluation criteria for professional nurses as outlined in Article IX, Section 9.22 of the contract. All formal observations will reflect one or more of the standards noted.

The health services department and staff would like to use this form for the observation process for the 26-27 SY. This is supplemental to the Procedural Agreement between Edmonds Education Association and the Edmonds School District.

The draft 5 processes were completed, and a vote was taken on May 6th, 2026, at a Health Services Department meeting to request a change in the use of the supporting observation document 8j-1-8j-7 to the form provided as an attachment for the observation process for SY 26-27.

Of those who voted, **23 were in attendance— 23 yes., 0 no., 1 not present.**

Therefore, the parties hereby agree as follows:

1. To revise the observation form for the 26-27 SY.
