

# THE WILDCAT WEEKLY

## A Note from Dr. G - Graduation 2026 Edition

Thank you to our students, my colleagues, the Board of Education, families, and friends for an unforgettable afternoon on the turf.

Today, I asked the Class of 2026 to hold onto the little wonders. Not just the trophies and the milestones, but the quiet, extraordinary moments hiding inside ordinary days. These graduates arrived at Westlake as curious young people and leave today as confident, accomplished individuals who have already proven they are ready for this world. Four years of growth, grit, and human connection have brought them to this moment.

Please join me in celebrating them, cheering for them, and trusting that they will carry the spirit of Mount Pleasant with them every step of the way. The best is still ahead for the Wildcat Class of 2026.
