Coloma Virtual Pathways Application

Our program provides a path for students with diverse and non-traditional learning needs to fulfill the State of Michigan's and Coloma's graduation requirements. It allows students to do so in a way that best supports their individual situations and circumstances, blending in-person and "at-home" learning. We recognize that the traditional educational setting may not meet every student's needs, and the Coloma Virtual Pathways is designed to offer a supportive and tailored learning environment for these students.

Virtual/Online Learning Parent Permission

School District: Coloma Community Schools (11330) **School Building:** Coloma High School

Student Name: _____ **Student Grade:** _____

The virtual learning options available pursuant to Section 21f of the State School Aid Act (MCL 388.1621f) allow pupils in grades K to 12 to enroll in virtual courses where each course is capable of generating credit or grade progression. Section 21f allows pupils to enroll in virtual courses from the district or statewide virtual course catalog by term, semester, or trimester.

Virtual courses are those where instruction is provided through or using an interactive, digital learning environment. Courses may exist in an internet-connected environment or through stand-alone courseware. Pupils may be separated from their teachers by time or location, or both, or they may be attending on-site. Instruction may be offered in a synchronous or asynchronous format.

I, _____, parent or legal guardian of _____ give permission for his/her enrollment in district-approved virtual/online course(s). This permission is valid through completion of the student's High School career.
