The Lennox School District supports the arts by providing opportunities for students to learn and develop creatively. It also offers chances for the community and experts to engage with the arts produced in Lennox. This support manifests in various forms. Many classrooms integrate arts activities into diverse learning experiences. Visual arts, musical arts, theatrical and dramatic arts, dance arts, video arts, animation arts, and performance arts all hold a prominent place in Lennox learning. The Lennox School District will utilize Prop28 funding to support these initiatives. Our goal is to ensure that Lennox students have these valuable opportunities. The voters in California have prioritized the arts at the state level, and it is our responsibility as a local community to sustain and develop these programs.
