

Hello Neighbor!

We are excited to share everything LA County Library has to offer. This packet highlights programs and services that we provide to support teachers, students, and their families in their educational and recreational pursuits. As one of the largest and most innovative library systems in the US, we provide dynamic collections, programs, and services to meet the literacy, information, personal enrichment, and entertainment needs of our communities. We welcome and encourage all our neighbors to visit one of our 85 community libraries and say “Hello,” because we would love to see you at LA County Library!

Thank you,
Your LA County Library Team

Tools and Resources for Academic Success

Free Tutoring:

LA County Library is committed to student success through free, high-quality tutoring that builds skills, confidence, and a love of learning. In 2024–2025, our Reading STARS and Summer STARS programs served over 5,465 students across the county, engaging participants in nearly 14,000 tutoring sessions.

Building on this success and through funding from the Care First Community Investment (CFCI) grant, LA County Library is proud to introduce STAR Tutoring, our new year-round program. STAR Tutoring provides free small group academic support with accredited tutors at 30 LA County Library locations. Students in grades 1 – 6 can choose tutoring support in either math or reading, helping every child build essential skills and confidence to succeed in school and beyond.

Homework Center Support:

Homework Centers are available at select LA County Library locations to support students in grades 1 – 12 throughout the school year. Trained staff will be available to assist students with homework assignments, provide essential school supplies, and guide them in navigating library resources and research tools. These centers create a welcoming, supportive environment where students can access the help they need to complete their schoolwork successfully.
