

Superintendent's Message 25-26

July 11, 2025

Dear Lennox School District Families and Community,

I hope this letter finds you well and enjoying a restful summer. In just a few short weeks, we will welcome students—both new and returning—into our classrooms for the 2025–2026 school year. To our new families, we are excited to have you join the Lennox family. And to our returning students, welcome back! We look forward to another enriching year of learning and growth.

I am so honored to be starting my fourth year as the Superintendent of the Lennox School District. I continue to be amazed by the wonderful and dedicated staff that serve our students and families on a daily basis both in and outside of the classroom. As we prepare for the year ahead, the Lennox School District remains committed to keeping every student *On the Flight Path to Success*.

This year, we are proud to introduce our three new District goals on page 4 that serve as the key ingredients in our “Recipe for Success”: **1) Pupil Outcomes, 2) Conditions of Learning, and 3) Student and Family Engagement**. Just as a chef must find the best recipes for their restaurant, we will work collaboratively with our students, teachers, and families, to find the best recipes for classroom instruction and core ingredients for a successful school year. This “Recipe for Success” will define our important work to ensure that we are reaching every student every day and closing any opportunity gap that may exist!

To support **Goal #1-Pupil Outcomes**: we are establishing a renewed focus on academic excellence by reinforcing a rigorous, standards-based instruction and the implementation of data-informed practices and personalized supports to help every student reach their full potential. Some of these practices include the use of *Thinking Maps: for Informational Writing, The Science of Reading*, and daily *Differentiated Instruction* time. In addition to these best practices, our teachers will be given release time to observe instruction via *Learning Walks* to discuss best practices during their Professional Learning Communities throughout the school year. We can't wait to see our teachers cook up great recipes for their students as they work collaboratively in their grade levels!

Just as critical is our focus on **Goal #2-Conditions of Learning**. Lennox is committed to ensuring that every student, regardless of background or neighborhood, has access to high quality materials, modern technology, and skilled educators. By aligning our resources strategically, we are creating

Superintendent's Message Continued

learning environments where all students can thrive. That is why we will continue to support our *3rd-8th grade Chromebook Take Home Initiative* for our students. Every 3rd-8th grade student will be provided a Chromebook device to have at home in addition to their individual classroom device. This additional device will allow the learning to continue beyond the school day and help us limit the possible disruptions of forgetting a device and the possible damage from having to carry the device from home-to-school every day.

Academic success begins in the classroom, but learning truly flourishes when families are involved and that is why **Goal #3-Student and Family Engagement** is a key part of our Recipe to Success. Lennox is building a nurturing and connected learning environment. Families are not just participants—they are vital collaborators in their children's educational journeys, reinforcing learning at home and strengthening school-to-home bonds. To support **Goal #3**, we will continue fostering strong partnerships with parents and our community through open communication and inclusive events such as our Annual Parent Summit and the opening of the Community Schools Center at Lennox Middle School which we are excited to be expanding to the elementary school sites in the coming year. Working closely with our local organizations and partners, we will explore ways to ensure our students and families feel supported both at school and at home.

Together, these three ingredients will create a strong recipe for a year filled with learning, connection, and achievement. Thank you for being an essential part of our educational community. We look forward to cooking up a fantastic school year together!

Getting ready for 25-26...

What will your secret recipe be for a successful start to the school year? Please take a few minutes to look over the helpful visual titled *A Recipe for Success: A Parent's Perspective* on page 5. It has some very practical advice for families to review with their children so that they may start the new school year with open and positive communication.

The first day of school will be Wednesday, August 13, 2025. I cannot wait to welcome our students, staff, and families back to the new school year.

I will be continuing my "Coffee with the Superintendent" school site visits. I will be visiting the schools in the Fall and the Spring. I look forward to meeting Lennox families to hear any concerns or suggestions you may have on how we can improve our District. Please add these dates to your calendars. The Fall schedule is located on page 6.

LENNOX SCHOOL DISTRICT

Superintendent's Message Continued

The Lennox Board of Education and I thank you for your continued partnership and look forward to collaborating with you throughout the school year. Remember that there is no limit on what we can achieve TOGETHER!

In Partnership,

Mrs. Gabriela L. Tavitian
Superintendent

STAY INFORMED

School Messenger:

Please make sure that your emergency contact information is current so that you can receive emergency notifications from the District Office and the School Site via phone calls, emails, or text.

District Website:

Please visit the District or your child's school website for important information @ www.Lennoxk12.org

Social Media:

Please follow us on Social Media. All schools are on Instagram along with our District Office. Our schools post great images and videos of events that are taking place at the school sites weekly. Check them out!

Parent Resource

Recipe for Success

A RECIPE FOR SUCCESS A PARENT'S PERSPECTIVE

As we start a new school year, here's a simple recipe to support your child's success:

Ingredients:

- 1 c of daily encouragement
- 2 tbsp of active listening
- A strong partnership with your child's school
- Unlimited love and support

Directions:

Check in daily, stay involved, and celebrate progress--big or small.

Together, we can help every student thrive.

Wishing you a great year ahead!
