

Kiss-and-Go Tips and Tricks!

Our Kiss-and-Go service is a family favorite and we are pleased to be able to offer this to our Divich community **ONLY AT ARRIVAL**. Please help us expedite the process by considering these tips:

Morning Kiss-and-Go

(Doors open at 9:00am)

9:00

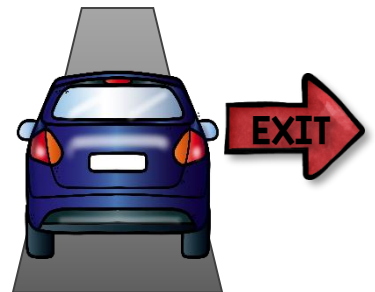

Use Morning Kiss-and-Go with students who can:

- unbuckle themselves and independently exit the car without adult assistance (*family members, please remain in your car*).

Exiting the Car:

- Have your student(s) ready to hop out of the car when it's time!
- Have your student(s) exit on the passenger side of the car (whenever possible)
- If your car is stopped along the curb in front of the school, you may allow your students to hop out on the right side of the car *when safe to do so*, without waiting for a staff member opening the door.

Other tips to help us get students get to class on time:

- Pull all the way forward (up to the cones in front of the crosswalk)
- Once your student(s) are out of the car and walking toward the front doors, please drive away and we will make sure they get into the building safely.
