Additional Information on Special Activities

Art	Students will participate in art projects on Tuesdays and Wednesdays led by a special guest art teacher. These hands-on projects are creative, engaging, and often connected to weekly themes, giving all students the opportunity to explore and express their creativity.
B.Y.O.T. (Bring Your Own Toy)	Every Friday, students have the chance to bring a special toy from home to use at Compass. Please ensure your child only brings one toy and refrain from sending electronics, Pokémon cards, toy weapons, or other similar items.
Club Day	Every Monday from 1-2 PM, Kindergarten-5th-grade groups will participate in Club Monday. Club Monday features pre-planned activities by the Group Leaders for each grade level. Children can sign up for different activities, giving them a chance to mix with other groups, see friends, and explore new interests.
Field Trips	Throughout the summer, students will have the opportunity to attend a variety of exciting field trips. These trips are designed to provide fun, hands-on experiences and allow students to explore new places in the community. More information, including schedules, locations, and permission details, will be shared with families roughly a week in advance.
Gardening	Students in K-3rd grade will have the opportunity to spend time in the District Garden at Woodland Elementary! They will plant fruits, vegetables, flowers, and more. Students will learn how to care for a garden and try the food they help grow.
Makerspace	Every week, K-5th-grade students will have the chance to explore the Makerspace. A makerspace is a creative space where students can design, experiment, and invent using a variety of tools and technologies. It's a hands-on experience that encourages creativity and problem-solving!
Shenanigans	Shenanigans, Community Education's indoor playground, is located on the Early Education side of Woodland. Compass groups will have time to go play. Socks are REQUIRED. Please keep a spare pair in your child's locker/backpack.
Social Skills Lessons	Each week, all groups will receive a social skills lesson. Topics will include kindness, respect, fairness, honesty, and integrity. These lessons are led by our Behavior Support Team.
Water Games	Please bring a swimsuit, a towel, and an optional change of clothes. Students will play Water Games at Woodland with sprinklers, water balloons, slips and slides, and more.
Wheels Wednesday	Wheels Wednesday will take place three times throughout the summer at Woodland. Students can bring their own wheels (bikes, scooters, etc.) and helmets to ride during this time. For students who prefer not to participate, they can play on the playground instead. Please bring your own wheels and a helmet for your child to use.
Yard Games	Each week, students in K-5th grade will have the opportunity to play yard games. Community Education provides a wide variety of games, including Mega Connect 4, Bean Bag Toss, and more.
4-H	Students in 1st-3rd grade will participate in 4-H on-site at Woodland. They will create projects to be entered into the fair, and in August, they will have the opportunity to visit the fair to see their projects and receive a special treat for participating in 4-H!
