

## STUDENT PHYSICAL REQUIREMENT

All students need a physical before they can begin clinic rotations for their Health Care program.

1. Having trouble getting an appointment with the doctor?
2. Immigration status making appointments difficult?
3. No health care insurance?

Nassau University Medical Center has a clinic on the 1<sup>st</sup> floor. They work well with all the issues above and always put the patient first. Call them at **516-486-6862** for an appointment.

**Nassau University Medical Center
