Math Academies

Classroom teachers who provide instruction in mathematics to students in grades K–3, along with principals, assistant principals, mathematics instructional coaches, and mathematics interventionists at campuses serving these grades, are **required** to attend the Texas Mathematics Academies by school year 2030–31, per House Bill (HB) 2.

During the 2026–2027 school year, teachers and administrators will participate in five learning sessions and two coaching cycles led by the FBISD cohort leader. ***This year, the training is intended for Grade 2 and Grade 3 Mathematics teachers, as well as K–5 Mathematics instructional staff, including Math Instructional Coaches, Interventionists, Specialists, and Campus Administrators***.

Participants will have 7 hours of dedicated work time on each of the 3 Job-Embedded PD days to complete online modules. Teachers will attend a designated location to complete their coursework under the guidance of their cohort leader. No stipend is provided, as all coursework is completed during job-embedded time, including professional learning days and substitute coverage.

The MA teacher pathway includes the following job-embedded supports provided by cohort leaders:

- **October 9**: Face-to-face session during a full teacher planning day.
- **January 13**: Face-to-face session with full-day substitute coverage
- **March 5**: Face-to-face session during a full teacher planning day.
- Ongoing virtual support and regular check-ins to assist with completing course artifacts.

The table below provides the pacing overview for Math Academies in the 2026–2027 school year.

Math Academies Learning Plan		
Learning Model	**Hybrid Model** **Job Embedded with Coaching Support**	
Enrollment	**Teacher Pathway**	**Admin Pathway**
Professional Learning	**Summer PD** (Teacher Choice) 07/20 – 07/21 07/30 - 07/31 **Job Embedded PD** 10/9* 1/13 3/5*	**Summer 2026** (Admin Choice) 7/1 – 7/2 7/15 - 7/16 **Online – 18 hours**
Coaching Window	Coaching 1: 09/2/26 – 11/13/26 Coaching 2: 1/12/27 – 4/9/27	

Civics Academies

Civics Training Programs build the expertise of administrators and teachers by equipping Texas educators with the skills and knowledge needed to foster informed American patriotism and support the in-depth study of the founding documents of the United States and Texas. ***This year, each elementary campus will select one social studies teacher and one campus principal to participate.*** The training will be offered as a two-day, in-person session.

Civics Academies Learning Plan	
Learning Model	**100 % Face to Face**
Enrollment	**1 Campus Principal & 1 Classroom Teacher**
Professional Learning	Select an option: 1/4 – 1/5 2/4 – 2/5
