Members Present: Lindsay Cutler, Amber Mortensen-Hurdle & Alba Osorio

Administrators: Dr. Rebecca Bissonnette

Call to Order: Meeting was called to order at 4:32 pm in the Central Office Meeting Hall

Review Minutes: Committee members reviewed the minutes from the May 5, 2026 Curriculum Committee meeting. The minutes were accepted as presented

New Business

Dr. Bissonnette presented an update regarding South Elementary School's interest in piloting Amplify Math during the 2026–2027 school year after learning about the Windsor Locks Middle School adoption. Dr. Bissonnette shared that the pilot would include two teachers from each grade level and that the district was awarded the pilot at no cost.

Dr. Bissonnette presented information regarding Windsor Locks High School mathematics programming for the 2026–2027 school year. To support a throughline of programming, the academic Algebra I, Algebra II, Geometry, and Probability & Statistics courses will pilot the Amplify Math program.

Dr. Bissonnette then shared the district's plan to pilot College Board Pre-AP resources in Windsor Locks High School Honors mathematics courses during the upcoming school year. Dr. Bissonnette explained that the pilot would be available at no cost and would support honors-level instruction. Dr. Bissonnette reviewed the purpose of the Pre-AP pilot and discussed how the resource may help strengthen instructional coherence, support rigorous learning experiences, and provide clearer alignment for students enrolled in honors-level mathematics courses. Committee members discussed the importance of ensuring that students have access to high-quality learning opportunities and that instructional materials align with the district's broader curriculum goals.

Dr. Bissonnette also shared an update on the district's continued work to organize and present curriculum information in a consistent format on the district website. This work is intended to support transparency for families and community members while also meeting state requirements related to publicly available curriculum information.

Committee members discussed the value of presenting curriculum information in a way that is clear, accessible, and consistent across content areas. Dr. Bissonnette shared that the district will continue refining curriculum documents and course/unit descriptions as part of this ongoing work.

Informational Items

Committee members discussed potential future topics for Curriculum Committee meetings, including continued updates on curriculum development, instructional resources, student pathways, and opportunities that support college and career readiness.
