Summer reading and summer math work are expected on **September 10th** and will count towards the first class/assessment grades of the school year. Good organization, being prepared with needed supplies, and checking PowerSchool weekly will contribute to a smooth transition into middle school. Your 6th grade teachers anticipate an exciting year filled with new adventures and fantastic learning experiences. Let's work together to make sure your child gets everything he or she needs to be successful in the 2026-2027 school year!
