

What is Artificial Intelligence? AI is when computers are programmed to use information to make predictions. They can also play games, recognize pictures, and understand what you say.

- **Student Uses:** AI tools can help you learn, problem-solve, get information, and be creative. AI can assist you with your writing and help you create images.
- **Examples of AI:** AI tools include auto text editing, voice assistants like Siri or Alexa, computer programs like Magic School AI, and language translation apps.

Benefits of AI

- **Brainstorming:** AI can help you generate ideas.
- **Access to Resources:** AI can provide access to a wide range of content and resources.
- **Feedback:** AI can tell you what you did well and what you can improve on.

Be Safe

- **Protect Personal Information:** Always use school-approved AI tools and **NEVER** enter a full name, address, phone number, school name, or picture of yourself or others.
- **Ask for Help:** If you're unsure of how to use an AI tool, ask a teacher for help.

Be Respectful

- **Use Positive Language:** Use language appropriate for school.
- **Share Credit:** If AI helps you with an idea or project, give credit. Cite in an age-appropriate way.
- **Recognize Bias:** Bias means unfair ideas about people. Sometimes computers can share these unfair ideas about race, gender, or culture. Always think about if the information is true.

Be Responsible

- **Use AI Appropriately:** Use AI as a tool to expand and support your learning.
- **Understand Limitations of AI:** Remember that AI is a tool that can make mistakes. Always check for accuracy and bias.
- **Keep Your Voice:** Your work should be in your own words.
- **Do Not Cheat:** Always do your own work. Do not copy answers from AI or use it to answer the questions for you. This is plagiarism.

By agreeing to these expectations, you may be allowed to use AI for **teacher-directed** learning with **district-approved** AI tools (such as MagicSchool AI or Canva AI). Please sign below to confirm your understanding and agreement.
