E-Rate FY 24 RFP 20-21.01 Questions

Question	Answer
Will the topology be an Ethernet Private Line/EPL, point-to-point service, between the District Office and each school at the 10Gbps and 20Gbps bandwidths?	Yes
If this is an EPL topology, will the District Office Cisco Catalyst switch support multiple 10Gbps connections between it and the Spectrum Enterprise router?	Yes
Does the District Office Cisco Catalyst switch support LACP, specifically relating to the 20Gbps solution/bandwidths to each school?	Yes
