Jurisdiction and Behavioral Expectations	22-23	Welcome Note	3
Lockers and Backpacks	10		
Lunch & Lunch Money	7-8		

Dear Parents/Guardians:

This handbook has been prepared for your use. Please read it carefully. The information contained in the handbook is provided to help you better understand the procedures of the Intermediate school. Please feel free to call the school if you have any questions.

We would like to extend an invitation for parents/guardians to visit our classrooms. The staff and students are very proud of our school and would like to share our experiences with you. Please give us a call to arrange a time for a visit.

The Intermediate staff will be looking forward to meeting you through Back-to-School Night, Parent/Teacher Conferences, and other scheduled school activities.

We are excited to have the opportunity to serve your child in our school this year, and we look forward to all of the exciting things we will be doing together!

Sincerely,

The Bondurant-Farrar Intermediate School Staff

SPECIAL NOTE ON TRAFFIC FLOW BEHIND INTERMEDIATE SCHOOL (west side)

With the playground and recess area for our Intermediate school students on the west side of the building, the drive around the building will only be open during drop off and pick up times. For the middle part of the day, there will be gates that will block traffic flow and restrict vehicles to only the south/west area and the north area of the building. This is for student safety and for allowing students and staff to have access to outdoor activities and facilities for recess and PE. Please note this when you are needing to pick up students from school at times other than pick up and drop off times.

ATTENDANCE

The school laws of Iowa require a student to attend school regularly. Every day at school is important not only for learning, but the attendance record becomes a permanent part of each student's school record.

The BF Intermediate regular school day begins at 8:10 am (second bell) and ends at 3:20 pm when students are dismissed. Students arriving after 8:10 am will be considered tardy. Students should not arrive until 10:00 am if we have a two-hour late start. Breakfast is not served on late-start days. Students should not arrive at BF Intermediate prior to 7:50 am unless they are passengers on the early bus or here for breakfast (7:30am).

ABSENCE

Sometimes it is necessary for students to be absent from school. Parents/Guardians are requested to call the office or email both the building secretary and the classroom teacher if their child is ill or will be absent from class. If you know in advance your child will be absent, please contact the school. Students leaving school before 10:00am and not returning to school for the remainder of the day will be counted absent the entire day. Students will be counted one-half day absent if they arrive at school after 10:00 am or if they leave school after 10:00 am but before 2:00 pm. Students who wish to participate in school sponsored activities must attend school the entire day the day of the activity unless permission has been given by the principal for the student to be absent.

ABSENCES AND MAKING UP WORK

If parents/guardians are requesting make-up work because of student absences, they should contact school by 11:00am. Teachers will have the work ready for parents/guardians to pick up after 3:25pm. If students are only gone one day, they can make up the work upon their return to school.

UNEXCUSED ABSENCES & Chronic Absenteeism

If a student misses more than two consecutive days of school, he/she should have a doctor's note when returning to school. Parents are encouraged to supply doctor's notes for absences where the student was at a doctor's appointment. Absences due to illness that are medically verified in writing by a physician are not counted against the student's absence total. The district administration maintains the right to determine excused and unexcused absences or tardies.

Chronic Absenteeism (10% or 9 days per semester):

Chronic absenteeism occurs when a student misses more than 10% of the days in a grading period, which, at Bondurant-Farrar, calculates to 9 days in a semester. If a student meets this threshold, the school is required to notify the parent/guardian, along with notifying the county attorney for awareness purposes.

School Engagement Meeting (15% or 13 days per semester):

As outlined in Senate File 2435, if a student misses 15% or more days in the grading period, which calculates to 13 days of school in a semester at Bondurant-Farrar, the school may initiate a school engagement meeting if the absences are negatively impacting the student's academic progress. This meeting will include the student, a parent or guardian, and a school official. The purpose of this meeting is to develop an absenteeism prevention plan that identifies causes of missing school and solutions to help reduce absences going forward. A school official will monitor the absenteeism prevention plan and will communicate weekly with families regarding the plan. If participants fail to comply with the absenteeism prevention plan, a referral will be made to the county attorney.

Truancy (20% or 18 days per semester):

Truancy is defined as a student missing 20% or more days in a grading period, which equates to 18 days in a semester at Bondurant-Farrar. If a student is considered truant, the county attorney will begin enforcement of truancy laws.

Absence Types:

When a student is not in attendance at school, they will be counted as being absent. Absences can be for a wide variety of reasons. Each absence will count towards the days allowed under the school's attendance policy. There are a few exemptions for absences that will not count towards chronic absenteeism. Examples include a student who has already graduated or received a GED, a court order, a religious exemption, military processing or service, weddings and funerals (with proper notice), a documented medical reason, an individualized education plan (IEP) exemption, or a 504 plan exemption. A special exemption may also be granted for a unique family situation if prior arrangements are made with the school.

We're Here to Help:

Please know, we are here to help. Regular school attendance is crucial for your child's success, both academically and socially. Please contact us if you have any questions, concerns, or need assistance.

Board Policy 501.09 and 501.09 R(1)

STUDENTS LEAVING EARLY

It is our practice that when a student is departing early for vacations, appointments, or other reasons that they will be released to the office only after a call comes from the office (secretary, nurse, principal). The call will be made to the classroom after the parent (guardian, designee) has arrived in the office and the parent is signing the student out. After the parent has signed the student out, the student will be released with him/her.

AFTER SCHOOL PLANS

Please be sure that your child is aware of what his or her after school plans are before school. If it is something other than the usual plans, please write a note or email your child's teacher and the office. While we understand that emergencies happen and circumstances come up during the day, we discourage habitual calling to leave messages with your child. Also, please be sure your child is picked up within fifteen minutes of dismissal time.

HOT LUNCH

The school food service workers provide balanced meals for our students. With that in mind, we encourage parents to prepare a healthy, well balanced lunch for their child if bringing a lunch from home. If you plan to eat with your child and you are bringing lunch in from the outside (such as fast food), please do not share with other students. Due to various food allergies, we do not allow parents to bring in food for other children. For breakfast, lunch, ala-carte, and milk price information, please refer to the [Food Service webpage](#) on our district website.

Parents/Guardians are welcome to eat hot lunch with their children; however, we ask that you notify the school for a reservation. A call by 8:45am of the day you plan to come helps the cooks better plan for food preparation.

BF Intermediate Lunch/Recess Schedules (Tues. - Fri.)

5th 1st Lunch	11:00 am - 11:25 am (recess 11:30-12:00)
5th 2nd Lunch	11:30 am - 11:55 pm (recess 2:06-2:36)
6th 1st Lunch	12:09 pm - 12:34 pm (recess 12:39-1:09)
6th 2nd Lunch	12:39 pm - 1:04 pm (recess 12:09-12:39)

LUNCH MONEY

All breakfast/lunch/milk money will be deposited directly into your child's account or in your family account if you have more than one child. All family members will share an account. Please Refer to [Board Policy 710.4](#) regarding payment of meals and negative account balances.

SNACKS

All snacks sent to school for the consumption of others must be pre-packaged. In an effort to support the Healthy Kids Act, we encourage parents/guardians to provide healthy alternatives for classroom celebrations. Information about the Healthy Kids Act can be found on the Iowa Department of Education website. At no time should there be any peanut/peanut butter snacks/food items provided to students.

CLASS ASSIGNMENT

A great deal of time and thought goes into class list development. A cohort (principal, teachers, counselors, support personnel) of educators work each year to develop class lists that are balanced. We take great care and pride in creating the finest learning environment for all children. Parents are asked not to make requests for a specific teacher. The following are some criteria our team (principal, teachers, counselors, support personnel) considers when assigning students to a class.

- special education needs
- behavioral needs
- gender
- ethnicity
- physical disabilities
- literacy achievement level
- peer relationships
- cognitive ability level
- current academic achievement level

Homeroom teacher assignments will be shared with families before the first day of school.

CLASS PARTIES

Students will be able to enjoy three parties per year – Fall, Winter, and Spring. Parties are for students only. We invite parents to participate by providing treats and/or drinks (MUST be pre-packaged/store bought). Your child's teacher will let you know if anything is needed for each celebration. Due to potential allergies, there are to be no peanut or peanut butter treats. If you have questions about allergies in your child's classroom, please contact our school nurse. This also applies to birthday treats.

PRIVATE PARTY INVITATIONS

The school requests that all invitations to your child's private birthday party or other celebration not be brought to school. We have experienced problems with invitations being distributed to only a few children in class, which results in other children feeling hurt and left out. Teachers and staff will not give out addresses and phone numbers of students.

Please do not send flowers and/or balloons to school as this disrupts the business-like atmosphere of school. Flowers and/or balloons for students will not be accepted from the floral delivery service.

USE OF SCHOOL OWNED PROPERTY, BUILDING AND EQUIPMENT

It is necessary for all individuals to respect public property. We ask that our buildings be treated with pride. Our students should use good judgment in caring for the buildings and equipment and obey the following rules:

1. No writing or defacing of books, walls, floors, desks, and other equipment.
2. Waste paper and towels placed in the proper places.
3. Restrooms to be used and cared for properly.
4. Any damage done to books, Chromebooks, buildings, and equipment by students will be charged to the student and his/her parent(s)/guardian(s) for repair or replacement.

RESPECT FOR BUILDING STAFF AND AUTHORITY

In order to maintain a good educational atmosphere, it is necessary for students to understand and respect

the authority of the teachers and other adults working in the school. Student conflicts sometimes arise in the classroom and on the playground. These conflicts should be resolved in a quick and equitable manner. Students who lose their tempers or control are not only causing problems for themselves, they also interfere with the education of others. Students should understand the adults in the school represent the parents/guardians and have the authority and control of the students.

STUDENT CONDUCT

All students are expected to follow the teacher and school wide expectations. Good conduct is one aspect of a student becoming a responsible citizen of our school and community. Students at BF Intermediate are taught Bondurant's BEST, which is part of the District Positive Behavior Support (PBIS) program. We appreciate parental support for reinforcing our PBIS program.

DETENTION

Your student could receive a detention as a result of violating a school rule/policy. If this happens, you will receive a call from the teacher, the principal, or authorized school staff member the day the detention is issued. If possible, the detention is to be served that night. If the parent/guardian is unable to pick up his/her student from school that night, the detention will be moved to the following night. It is the responsibility of the parent/guardian to provide transportation either to the detention (morning) or from the detention (after school). School personnel will not transport students home.

BUS CONDUCT, SAFETY RULES, AND EXPECTATIONS

School buses across the country transport millions of students every year and are without question the safest way to get children to and from school. At Bondurant-Farrar, we transport over 1,200 students per day, and our number one priority is safety. Transporting students to and from school safely requires a team effort to be successful. Bus drivers, school staff, students, and parents all need to work together to provide the safest transportation possible.

Bus Driver Responsibilities:

1. Ensure the school bus is safe to transport students each and every trip.
2. Ensure each student has a place to sit on their bus to transport students safely.
3. Ensure all students are safely transported to and from school.

Parent/Guardian Responsibilities:

1. Ensure your student arrives at their bus stop safely and 5 minutes prior to bus stop time.
2. During extreme weather, ensure your student boards the bus safely.
3. Review the Student Responsibilities list (overview below, and [Board Policy 711.2R1](#)) with your student(s).

Student Responsibilities:

1. Arrive at the bus stop 5 minutes prior to your bus stop time to ensure you will not miss the bus.
2. If you must cross the street to board or deboard the school bus, you must cross in front of the bus (no closer than 10 feet), only after a signal from the driver and after looking both directions before crossing the roadway.
3. Once on the bus, students must follow the rules below:
 - Follow the directions of the bus driver and never distract him or her from driving the bus safely. The bus driver is authorized to assign seats and make decisions that are necessary to ensure the safe transportation of all students.
 - Board the bus promptly, be seated immediately and stay seated properly (facing forward) keeping head, hands, and feet out of the aisle, inside the bus, and to yourself.
 - Refrain from using loud voices or inappropriate language.
 - No bullying or fighting – always treat others with courtesy and respect, and observe the same student conduct as you would in the classroom.
 - Do not throw objects of any kind on the school bus or out the windows.
 - Refrain from eating or drinking on the bus, and help keep the bus clean at all times.
 - Treat the bus with respect. Don't damage the bus and bus equipment. This includes the seats as any damage done must, by state law, be repaired at a significant cost to the school district.

- Place all carry-on items on your lap and allow three people to sit in each seat.
- Report violations of these rules to the bus driver immediately.
- For a full list of rules pertaining to bus riders, please reference [BP 711.2R1](#).

For additional rules and practices related to transportation services, please reference the board policies listed below.

Other Resources: [Iowa DOT](#)

PLAYGROUND CONDUCT

Students should use reasonable care when playing on equipment or other areas of the playground. It is recommended that students wear tennis shoes during recess. Students are discouraged from wearing flip-flops for recess. Remember that accidents will happen, but the following list of rules will help some from happening. Some of the specific rules are:

1. Playground use is limited to surfaced areas during bad weather.
2. NO tackle football.
3. NO fighting.
4. NO throwing snowballs.
5. NO playing in water or mud.
6. NO toys, balls, etc. are to be brought from home for use during recess times. The school provides playground equipment for student use.
7. Appropriate clothing will be worn according to the weather. Snow boots are required when weather necessitates.
8. All children should be on the playground, except those with a doctor's note. Parental/guardian requests will only be allowed for one day.
9. Students will respect playground equipment.

LUNCHROOM CONDUCT

Students are expected to conduct themselves as responsible citizens while in the lunchroom. The lunchroom should be a pleasant and enjoyable place for all. All students are asked to follow these rules:

1. Visiting may happen between students at the table.
2. Stay seated until given permission by an adult to do otherwise.
3. Food is to be eaten or kept on the tray until it's time to clean.
4. Treat others with kindness while eating.
5. Use acceptable table manners while eating.
6. All food particles, lunch sacks, drinking straws, etc., will be picked up from the table tops and the floor before students will be dismissed.
7. Students will be respectful at all times during lunch.
8. Due to health concerns, no trading food.

LOCKERS/BACKPACKS

BF Intermediate students are assigned individual lockers on their first day of school. There are several types of lockers in the building with varying measurements. The lockers measure generally 69 to 70 inches tall (all with at least one shelf), 13.5 inches deep, and are either 9 ¼ inches wide to 11 ½ inches wide.

When students/parents set out to purchase backpacks for the school year, please be aware of the dimensions listed above. It is permissible to have backpacks with wheels. However, the wheels sometimes do not allow the locker door to close all the way. This is a safety issue and creates the potential for theft/damage. Please keep this in mind when looking for a backpack for the school year.

Our lockers do have combination locks. Combinations are provided to students by the office, and students are not to share those combinations with other students. Each student is expected to use their own locker only, and not share lockers with other students. Decorations are not allowed on the exterior of the locker except for those provided by the school.

PETS

Pets are **not allowed** at BF Intermediate. On occasion, school personnel may organize an on-site event featuring an animal as it relates to curriculum. Exceptions may be considered by the building principal.

PERSONAL PROPERTY

Please mark **all** personal items that your child(ren) brings to school (lunch boxes, gym shoes, coats, gloves, games, etc.). Please **DO NOT ALLOW** items of real or intrinsic value to come to school. The school is not responsible for lost, stolen, or damaged student property. Toys, fidgets, squishies, or other items of that nature are not to be taken into the classroom, and should not be brought to school, or at a minimum should remain in student bags/lockers.

ELECTRONIC DEVICES INCLUDING CELL PHONES/SMART WATCHES

The Board believes that electronic communication devices, including, but not limited to, beepers, PDAs, pagers, cellular phones, bluetooth devices/earbuds, smart watches, or other similar devices can cause disruption to the school environment and interfere with student learning. Cell phones, smart watches, and other devices are allowed at school, but may only be used during non-school hours. In general, in public and non-public spaces, students are not allowed to take pictures or video of themselves or other students.

Students will not be allowed to bring beepers, pagers, two-way radios, cellular phones, bluetooth devices/earbuds, smart watches, or other similar devices into classrooms. Any such devices brought into the building must be stored in a student locker and shut off. Any exceptions to the above must have the prior approval of the administration. Parents or guardians who need to communicate with students during instructional time, or during times of a family emergency, may contact the school building administrative office.

Parents/guardians of students found to be in violation of this policy will be notified and the items confiscated. The first time an item is confiscated, it will be returned to the student at the end of the school day. An item confiscated for a second or subsequent time must be picked up by the student's parent/guardian. Students may be subject to disciplinary action, including suspension.

Parents or guardians of students may request to building level administration that a student retain access to the student's personal electronic device during instructional time if the parent or guardian can establish there is a legitimate reason related to the student's mental or physical health for the student to retain access during instructional time. This reason must be tied to the student's multi-tiered system of support framework.

The use of a phone or other device by adults or students to take pictures or video in locker rooms, bathrooms, or any area where a student may disrobe, or without permission of the photo subject, is strictly forbidden. Audio or video reproduction without prior permission from the teachers or administrators is also strictly forbidden. Violation of this rule can result in loss of the device for a period specified by the principal, loss of school privileges, punishment up to and including detention/suspension, or in severe cases, taken before the Board for purposes of expulsion.

[Board Policy](#)

[503.9, 503.9R1](#)

HEALTH INFORMATION

SCHOOL NURSES

The school nurses will serve all attendance centers on the Bondurant-Farrar Campus. They supervise the various health programs of the schools and work with children on current health problems. Each building secretary is always knowledgeable of the nurse's schedule.

IMMUNIZATIONS

Iowa State law requires that all children who are enrolled in an elementary school or day care center must have completed the following recommended program of immunization:

1. Polio - at least four doses of oral vaccine and at least one dose must have been received after the child's fourth birthday.
2. DPT - Diphtheria/Pertussis (whooping cough)/Tetanus - at least five doses and at least one dose

- must have been received after the child's fourth birthday.
3. Effective July 3, 1991, all children entering kindergarten are required to have received two doses of measles and rubella vaccine. The first dose shall have been given after 15 months of age. The second dose shall have been given no less than 30 days after the first dose. All other students must have received one dose of measles and rubella vaccine after age 15 months.
 4. If your child was born on or after July 1, 1994, he/she must have at least three (3) doses of Hepatitis B vaccine.
 5. Students must have two doses of varicella after 12 months of age or reliable history of the disease.

By the day of enrollment, parents/guardians must submit the necessary data to show their child has completed his/her immunizations or qualifies for a provisional certificate (has received one dose of each of the above vaccines and is under medical care for completion of the necessary immunizations).

[Board Policy 507.1](#)

ANNUAL SCREENINGS

Every student at the elementary will be screened annually for vision* and hearing (*Hearing screenings are periodically provided by Heartland Area Education Agency staff. Parents will be notified about the results of these screening only if problems requiring follow-up are noted. If you do not want your child to participate in this screening program, please contact the school nurse*). Any abnormal findings will be reported to the parent/guardian immediately. Students at the middle and high school will be screened for the above only upon request from a parent, teacher or Heartland AEA consultant. If you would rather your child not participate in the annual screenings, please submit your request in writing to the school nurse in the building your child attends before September 1st of each year.

**This is only required for Kindergarten and 3rd grade. Board Policy is in process of getting updated.*

ADMINISTRATION OF MEDICATION TO STUDENTS

- A. Proper labeling:
 - a. Prescribed medication All prescribed medications shall be maintained in the original prescription container and labeled with the following:
 - i. Name of student
 - ii. Name of medication
 - iii. Directions for use/storage
 - iv. Name of physician
 - v. Name and address of pharmacy
 - vi. Date of prescription
 - b. Over the counter medications All over the counter medications shall be maintained in the original container in which they were purchased.
- B. Guardian written consent on a dated statement: A parent/guardian signature on a statement requesting and authorizing the school personnel to administer the medication must accompany the medication. [Board Policy 507.2](#)
- C. Record of administration: Each time the medication is administered, a record shall be maintained in the nurse's office. The record shall include the student's name, date, time, name of the medication, amount given, and the signature or initials of the person who administered the medication.
- D. Medication reactions:

Any unusual conditions or behaviors following the administration of medication should be reported to the school nurse, if available or to the parent/guardian immediately. Reactions to medication should be recorded.
- E. Definition of medications: Those health products covered by the medication policy include all prescription medications and over-the-counter products, including but not limited to: pain relievers, cold remedies, cough syrups, antacids, cough drops, throat lozenges, etc.

F. Security:

- a. No medications are to be carried during school hours by students nor stored in pockets, purses, school bags, lunch boxes, lockers, teacher desks, sports equipment bags, etc. The only exception would be with a physician's written orders and a parent/guardian written authorization for a student to carry the medication with him/her for self-administration as necessary (ie. inhalers, diabetic supplies, emergency medications).
- b. ALL medications, either prescription or over-the-counter, must be brought to the school nurse by a parent or other authorized and approved adult. Absolutely no medications are to be transported to/from school by any student. Any student found with unauthorized medications will be referred to school administration.
- c. All medications will be stored in a secure area, accessible only to those who are authorized to administer the medication.
- d. The building principal shall designate those in each building who are authorized to administer the medications. Those authorized will receive instructions from the school nurse concerning administration and confidentiality of medications.
- e. At the end of the school year or the end of the dispensing time, remaining medication must be picked up by the parent or an authorized and approved adult within two weeks of the last day of school. All medication not picked up will be disposed of in an appropriate manner in accordance with medication disposal guidelines as set forth by the FDA (Food and Drug Administration - www.fda.gov)

G. Tylenol/acetaminophen (Advil/ibuprofen – High School and Middle School Only):

- a. Tylenol/acetaminophen medication will be available in each building and may be administered to students if the pupil information card signed by the parent or guardian indicates permission.
After ten doses of OTC pain reliever have been administered to any one student, the parent/guardian will be notified and a doctor order will be required before any additional OTC medication will be made available.

- H. Alternative medical therapies and supplements will not be dispensed by school staff. Exceptions to the above may be granted by the Superintendent for religious conflict or other acceptable reasons.

Please note: Pharmacies will provide a second prescription container with a duplicate label....when you request it. This can be used for school use, and will remain at school until all medication has been finished. This procedure is safer than transporting medication daily to and from school.

Any child with a temperature of 100.0 degrees or higher should stay home from school. They should not return to school until they have had a normal temperature (without medicine) for 24 hours.

ACCIDENTS AND ILLNESS AT SCHOOL

When a child has a fever of 100.0 or greater, vomits, has diarrhea or gets an injury that requires medical attention, parents/guardians will be notified. It is very important that contact information on Infinite Campus be as accurate and complete as possible.

No child is sent home until prior arrangements have been made. In case the parents/guardians cannot be contacted, the school will contact the person you have listed as the emergency contact in Infinite Campus. If no one can be reached, in extreme emergencies, we will transport to the nearest physician or hospital.

LICE POLICY

Please inform the school nurse or secretary if your child contracts lice. Please refer to the [Head Lice Brochure](#) or contact the school nurse if you have further questions.

TOO SICK FOR SCHOOL?

Winter colds and other illnesses attack young children. You don't want your child to miss school; but neither do you want to send a sick child to school and endanger him or her and other children as well. When should your child stay home from school? Here are a few guidelines you might wish to follow:

- **A runny nose** is the way many children respond to pollen, dust, chalk, or simply a change of season. If it isn't a common cold, then it's an allergy and allergies aren't contagious. Don't keep the child home.
- **A bad cough or cold symptoms** can indicate a severe cold, bronchitis, flu, or even pneumonia. Some children suffer one cold after another all winter long and a run-of-the-mill cold should not be a reason to miss school. But if your child is not acting "right", has difficulty breathing, or is becoming dehydrated, it could be serious. Check with your pediatrician right away.
- **Diarrhea and vomiting** make children very uncomfortable, and being near a bathroom becomes a top priority. If your child has episodes of diarrhea and vomiting, accompanied by fever, a rash, or general weakness, consult a doctor and keep your child out of school until the illness passes. As your school nurse, I recommend keeping your child home even with a single episode of diarrhea or vomiting. These symptoms may be indicative of the beginning of an illness. Before returning to school, your child needs to be symptom free for 24 hours.
- **Fever** is an important symptom; when it occurs along with a sore throat, an earache, nausea, listlessness, or a rash, your child may be carrying something very contagious. Most pediatricians advise parents to keep children home during the course of a fever and for an additional 24 hours after the fever has passed.
- **Strep throat and scarlet fever** are highly contagious conditions caused by a streptococcal (bacterial) infection. They usually arrive with a sore throat and high fever. Some 12 to 48 hours after the onset of scarlet fever, a rash will also appear. A child with either strep throat or scarlet fever should be kept home and treated with antibiotics, as prescribed by a physician. After 24 hours on an antibiotic, a child is usually no longer contagious and may--with a doctor's permission--return to school.
- **Conjunctivitis or pink eye** is highly contagious and uncomfortable, so take heed when your child complains of an eye or eyes burning, itching, and producing a whitish discharge. Minor cases (caused by a virus) and severe cases (caused by bacteria) require treatment with prescription eye drops. It is best to keep your child home until your doctor says it's all right to return.
- **Mites and lice** once brought into a home or school can quickly produce an epidemic of wholesale itching and scratching. Mites are tiny insects in the same class as scabies. Lice are tiny parasites (like ticks) that thrive on the warm, damp scalps of children. Caution your child against sharing anybody else's combs and brushes or clothing, especially hats. If your child becomes a "host" to mites or lice, check with your doctor or the school nurse for the most effective way to disinfect your child - and all the child's clothing and bedding.
- **Ear infections**, unless properly treated, can cause permanent hearing damage. Here again you should follow the 24-hour rule for fever and antibiotic therapy.
- **Chicken pox**, a viral disease, is not life threatening to children, but is very uncomfortable and extremely contagious. If your child has a fever, is itching, and begins to sprout pink or red spots (with a "watery" center) on the back, chest, and/or face, the chances are good it's chicken pox. Please tell the school if it is; it's important the school knows this information. Keep your child home for at least a week from the time you first noticed the symptoms or at least two days after the last spot has appeared, whichever period is longer.
- **Measles (or Rubella)** is a viral infection that attacks a child's respiratory system causing a dry hacking cough, general weariness, inflamed eyes and a fever. If these symptoms appear, keep your child at home and consult your doctor right away to avert more serious complications. If it is confirmed as measles, let the school know so they may be alert to symptoms appearing among other children. The measles' rash of tiny hard bumps will next appear on the child's face, behind the ears, and down the body. Your doctor may advise you to keep your child home for several days after the rash has disappeared.

- **Pertussis (whooping cough)** is a bacterial infection that is spread through the air when an infected person coughs or sneezes and other people breathe in the infected droplets. Pertussis starts like a cold with symptoms of a runny nose and an irritating cough. Within one to two weeks the cough develops into coughing fits. A doctor must diagnose Pertussis with a positive nasal swab that is sent to a certified laboratory. Treatment of Pertussis must be with an appropriate antibiotic. Pertussis is considered a communicable disease, and all positive nasal swabs are reported to the Department of Public Health. The Department of Public Health determines the criteria for isolation of the infected individual and notification of those who may have been in close contact with an infected person.

PROGRESS REPORTS/REPORT CARDS

Progress reports for all students will be shared periodically during the school year (either via Infinite Campus or in paper form). Report cards will be available online through Infinite Campus. Parents/Guardians are encouraged to contact their child's teacher if you have any questions concerning the mid-term report or report card.

GRADE ACCELERATION

The Iowa Acceleration Scale will be utilized to assess whether or not a student would benefit from being accelerated by one or more grades. This scale will be used as a tool by a committee made up of the current grade level teacher, future teacher, principal, counselor, and parents/guardians. Students being considered for whole grade acceleration will be evaluated and then placed at the beginning of the next school year. Parents or guardians should contact school officials before April 1st of the current school year if they are considering the move.

VOLUNTEERS/FIELD TRIPS

Volunteers are an important part of the school program. Volunteers will be requested by a special note sent home from the teacher. Volunteers must submit a volunteer form (found on the school [website](#)) and pass a background check. The school does not allow younger siblings to attend field trips. The trips are part of an educational experience and will be treated as such. All students are required to ride the bus to/from all trips. Parents are not permitted to provide transportation for students.

SCHOOL LIBRARY

The media center contains resource books, periodicals, videos, pamphlets, and recreational reading materials. Students are permitted to check out books from the school library at selected times which are scheduled for each class. Books checked out of the media center are the responsibility of the student. **Lost or damaged books must be paid for by the student responsible.** It is important to have the books returned at the proper time to help prevent lost books. The student must follow the appropriate procedures for checking out materials.

STUDENT DRESS INFORMATION

An individual's grooming, the way they dress, and how they behave do have a bearing on how others react to them. Students should try their best to be clean and neat, so as to bring out their very best efforts. Students should also remember that school is a business-like setting and appropriate attire is required. The entire adult staff at BF Intermediate will handle incidents of objectionable or offensive attire. This policy is intended to provide guidance for students, staff, and parents.

Minimum Requirements:

1. Clothing must cover areas from one armpit across to the other armpit, down approximately 3 to 4 inches in length on the upper thighs with no rips or tears in this area (see image below). Tops must have shoulder straps a minimum of one inch wide.
2. Shoes must be worn at all times and should be safe for the school environment (slippers shall not be worn, except for school activities approved by administration).
3. See-through or mesh garments must not be worn without appropriate coverage underneath that meet the minimum requirements of the dress code.
4. Headgear including hats and caps are not allowed unless permitted for religious, medical, or other reasons by school administration. Hoodies may be worn with hoods down in the building. Students will be asked to take off the hoodie if it becomes a persistent problem.

Additional Requirements:

1. Clothing may not depict, imply, or advocate illegal, violent, or lewd conduct, weapons, or the use of alcohol, tobacco, marijuana, or other controlled substances.
2. Clothing may not display or imply vulgar, discriminatory, or obscene language or images.
3. Clothing may not state, imply, or depict hate speech/imagery targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or any other protected classification.
4. Sunglasses may not be worn inside the building.
5. Clothing and accessories that endanger student or staff safety may not be worn.
6. Articles that may constitute all/part/some elements of a costume may not be worn.

The administration reserves the right to determine what constitutes appropriate dress and a conversation is had with a student by either a counselor or administrator. Students who do not adhere to these guidelines may not be allowed to attend class. Parents will be called if appropriate clothing is not available or the student refuses to wear dress-code appropriate clothing.

[Board Policy 502.1](#)

RECESS

Students feel better and do better in school when they spend time outside in play activities. Outside play is determined by the weather. On days when the temperature and/or wind chill ('feels like' temperature) is above 10 degrees Fahrenheit and the playground is cleared of snow and ice (and is not too muddy), there will be outdoor recess. Please listen to early morning weather reports so that children will be dressed appropriately for outside activities (boots, snow pants, warm coats or jackets, caps and gloves, etc.). The administration or nurse will finalize decisions on indoor or outdoor recess if questionable. It is the school policy that students withheld from PE for medical reasons shall not be allowed to participate in outdoor recess activities. Students may be excused from recess due to illness for one day with a note from a parent or guardian. Students who expect to be excused for more than one day from recess must have a doctor's written excuse.

PHYSICAL EDUCATION

All elementary students are expected to participate in the regular physical education programs. Students will be excused for **one** day with a written note from a parent/guardian. Students who expect to be excused for more than one P.E. class must have a doctor's written excuse.

All students must wear proper shoes and comfortable clothing for exercising and jogging in class. The gym floors are maple wood, and proper shoes (either tie or velcro closures) are needed for the safety of the student. Dress shoes, high tops without strings, backless shoes, flip flops, "jellies"/sandals, black-soled shoes or hard-soled street shoes/clogs/boots are not acceptable footwear for physical education class. Students are required to bring a pair of tennis shoes to school and leave them in their lockers.

PARENT/GUARDIAN VISITATION

Parents/Guardians are welcome and encouraged to visit their child's/children's classroom any time after the first and prior to the last week of school. Parents are expected to consult with teachers 24 hours prior to the

visit. Prior to visiting the classroom, parents/guardians must check in at the office and show an ID which will generate a picture badge for each visitor. (Visitors who do not present an ID may be asked to leave.)

Parents/guardians may visit any day with the exception of when a class is involved in an activity, such as the administration of standardized examinations or when the nature of that activity is such that the presence of any adult in the classroom, other than the teacher, will be inherently disruptive. On such occasions, the teacher or principal shall advise the parent of the special situation and shall, at the time, arrange for a visitation at a later date. Parents/Guardians are not to bring younger brothers and sisters along during classroom visits. Please remember that school is our work environment, and extended visits will not be approved.

While visiting a classroom, a parent/guardian must not interrupt the class in any way. If the parent/guardian desires to ask questions or to confer with the teacher, he or she must make arrangements for a conference with the teacher upon leaving the classroom or contact the teacher at a later time for an appointment.

In order to not interfere with the education of the children or the school program, and in order not to overcrowd a particular classroom, the principal shall have the right to restrict the number of visitors to a particular classroom, and shall have the right to determine a reasonable period of time for a visitor to remain in the classroom. A parent/guardian having more than one child in the same school may visit each child's classroom, proceeding from one class to the other. The principal's office is to have full knowledge at all times of the number and whereabouts of visitors in the building.

The principal shall have complete authority to exclude from the school premises any persons whom he or she has reason to believe are disrupting the educational programs in the classroom or in the school, are disrupting the teachers or children on the premises, or whom the principal believes are on the premises for the purpose of committing an illegal act.

CHILD CUSTODY ISSUES

We are appreciative of parents who work with the school and one another during custody issues. As a school we will remain neutral in conflicts between parents. Parents are encouraged to schedule joint conferences with the teacher. Staff will provide all records relevant to their child's education to both parents unless stated otherwise in a current court order.

The school will follow court orders that are on file and as written.

BICYCLE, SCOOTERS, SKATEBOARDS, SKATES:

Parents should consider the risks of allowing students to ride their bikes, scooters, skates, and skateboards to school.

1. Bikes must be parked in the bike racks on the north side of the building.
2. No bikes, scooters, skateboards, or skates can be ridden on school property.
3. The school will not be responsible for damage to or theft of any of these objects.
4. Scooters, skates, and skateboards must be kept in lockers if there is room. If there is no room in the lockers, students may be asked to leave them outside with the bicycles.

PARENTS/GUARDIANS DRIVING STUDENTS TO AND FROM SCHOOL

With a new playground and recess area for our Intermediate school students on the west side of the building, the drive around the building will only be open during drop off and pick up times. For the middle part of the day, there will be gates that will block traffic flow and restrict vehicles to only the south/west area and the north area of the building (*approximately from 8:45 am until 1:15 pm on Mondays, and 8:45 am until 2:45 pm Tuesday through Friday*). This is for student safety and for allowing students and staff to have access to outdoor activities and facilities for recess and PE. Please note this when you are needing to pick up students from school at times other than pick up and drop off times.

Morning Drop-off:

- Serving time for breakfast begins at 7:30 AM. Students eating breakfast will remain in the Cafeteria until dismissed by an adult to their Homeroom.
- Students who are not eating breakfast, and are either walking or being dropped off by a parent,

should not arrive before 7:50 AM.

- Students who ride a bus to school will be dropped off at the east entrance. All other students either walking or being dropped off by a parent may use the north or south entrances.
- All students arriving before 8:02 AM will report to either the Gymnasium, or the Cafeteria if they are eating breakfast. Students will be dismissed by an adult from either location to go to their Homeroom by 8:02 AM.
- Parents/Guardians will have the option of using the driveway between Anderson and the Intermediate School (south side--if you are dropping off students in multiple buildings) or the parking area to the north of the Intermediate School (if you are only dropping off students at the Intermediate School) to drop off children at the beginning of the day.
- For student safety and traffic flow, students will NOT use the west entrance for drop off.

Afternoon Pick-Up:

- Students not riding a bus may exit from the north, east, and south doors of the building.
- For student safety, students will **NOT** exit the west side of the building to the west parking lot.
- Parents/Guardians will have the option of using the driveway between Anderson and the Intermediate School (south side) or the parking area to the north of the Intermediate building to pick up children at the end of the day.

WAIVER OF STUDENT FEES

Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or who are in foster care are eligible for reduced rate or a waiver of fees. Students whose families are experiencing a temporary financial difficulty may be eligible for temporary waiver of these fees. Parents/guardians or students who believe they may qualify for temporary financial hardship should contact the principal at registration time for a waiver form. This waiver does not carry over from year to year and must be completed annually.

STUDENT DIRECTORY/PHOTOGRAPH INFORMATION

The administration may release the following types of directory information/photographs to the public using discretion relative to the privacy of the student and the family and the totality of the surrounding circumstance: name, address, telephone listing, date of birth, participation in officially recognized teams, and activities. Photographs or likenesses may be released without written consent. Parents/Guardians not wanting their child's directory information/photograph to be given out and/or published must notify the principal in writing no later than September 15th of the school year.

SEVERE WEATHER PROCEDURES

In the event of severe weather, which might develop during the school day, students will be retained in their respective schools until such time as they can be safely dismissed or transported home by school bus. Emergency procedures for severe weather conditions have been adopted to ensure the safety of the children. Emergency procedure drills are conducted as part of the school safety program.

Parents/Guardians should not call the school during the peak of a storm, as it is important to keep the telephone lines clear.

SCHOOL CLOSINGS

Announcements for school closings, late starts, or early dismissals because of building emergencies or severe weather will be announced via Infinite Campus, Facebook, Twitter, our [website](#), and local radio and television stations. The announcements will be on the air as early as possible.

SECTION 504 POLICY STATEMENT

It is the policy of the Bondurant-Farrar Board of Education to provide a free and appropriate public education to each disabled student within its jurisdiction, regardless of the nature or severity of the disability.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.

Students may be disabled under this policy even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA). Due process rights of disabled students and their parents/guardians under Section 504 will be enforced.

Initial inquiries about 504 plans should be made to a building Counselor. The Director of Instructional Services, Mrs. Jodi Brogan, is the coordinator of Section 504 activities. If you have questions, please call 515-967-7819.

SEARCH AND SEIZURE

School authorities may, without a search warrant, search a student, student lockers, desks, work areas, or student automobiles under the circumstances as outlined to maintain order and discipline in the schools, to promote the educational environment, and to protect the safety and welfare of students and school personnel. School authorities may seize any illegal or unauthorized materials discovered in the search.

[Board Policy 502.8](#)

SMOKING, DRINKING AND DRUGS

The Board prohibits the distribution, dispensing, manufacturing, possession, use, or being under the influence of alcohol, tobacco, illicit drugs, controlled substances, inhalants, or "look alike" substances that appear to be tobacco, beer, wine, alcohol, or controlled substances by students while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered buses; while attending or engaged in school activities; or while away from school grounds.

The Board believes such illegal, unauthorized or contraband materials cause disruption to the school environment or present a threat to the health and safety of students, employees, or visitors.

Violation of this policy by students will result in disciplinary action including suspension or expulsion. Use, purchase, or being in possession of cigarettes, tobacco or tobacco products for those under the age of eighteen, may be reported to the local law enforcement authorities. Possession, use or being under the influence of alcohol, inhalants, illicit drugs, and/or of a controlled substance may also be reported to the local law enforcement authorities.

Students who violate the terms of this policy may be required to satisfactorily complete a substance abuse assistance or rehabilitation program approved by the school board. If such a student fails to satisfactorily complete such a program, the student may be subject to discipline including suspension or expulsion.

[Board Policy 502.7](#)

WEAPONS

The Board believes weapons, other dangerous objects, and look-alikes in school district facilities are disruptive to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district.

School district property and events are not an appropriate place for weapons, dangerous objects and look-alikes. Weapons and other dangerous objects and look-alikes shall be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.

Parents/Guardians of students found to possess weapons, dangerous objects or look-a-likes on school property shall be notified of the incident. Confiscation of weapons, dangerous objects or look-a-likes shall be reported to the law enforcement officials, and the student will be subject to disciplinary action including suspension or expulsion.

Students bringing a firearm to school shall be expelled for not less than twelve months and will be referred to law enforcement authorities. The superintendent shall have the authority to recommend this expulsion requirement be modified for a student on a case-by-case basis. For purposes of this portion of this policy, the term "firearm" includes any weapon which is designed to expel a projectile by the action of an explosive,

the frame or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary, or poison gas.

Weapons under the control of law enforcement officials shall be exempt from this policy. The principal may allow authorized persons to display weapons or other dangerous objects for educational purposes. Such a display shall also be exempt from this policy. It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

[Board Policy 502.6](#)

DANGEROUS ACTIONS OR OBJECTS

Students who pose a threat to the health or safety of themselves or others in the school may be immediately suspended and recommended for expulsion. Such threat can be demonstrated through assault on another, verbalized intent to injure or attempts to injure him/herself or another, possession of weapons and/or any explosive materials or devices on school property, or any willful action expected to cause harm to persons or property.

Examples of dangerous actions, which will be a violation of this policy shall include, but not be limited to, the use or possession of firecrackers, the lighting of any unauthorized fire, and causing any false alarm to be sounded or reported.

Persons found in violation of this policy should expect to be denied access to school property and all school functions. So there can be no misunderstanding, even a student who has completed all requirements for graduation, found in violation of this policy, can expect to be denied the right to be present at commencement exercises. Violators of this policy will be reported to civil authorities.

[Board Policy 502.6](#)

INITIATIONS, HAZING, BULLYING OR HARASSMENT [\(Board Policy 104\)](#)

Harassment, bullying and abuse are violations of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district has the authority to report students violating this rule to law enforcement officials. Students who feel that they have been harassed or bullied should:

- Communicate to the harasser or bully that the student expects the behavior to stop, if the student is comfortable doing so. If the student needs assistance communicating with the harasser or bully, the student should ask a teacher, counselor or principal to help.
- If the harassment or bullying does not stop, or the other student does not feel comfortable confronting the harasser or bully, the student should:
 - Tell a teacher, counselor or principal; and
 - Write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including:
 - what, when and where it happened;
 - who was involved;
 - exactly what was said or what the harasser or bully did;
 - witnesses to the harassment or bullying;
 - what the student said or did, either at the time or later;
 - how the student felt; and how the harasser or bully responded.

Sexual harassment may include unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature. Harassment or bullying on the basis of age, color, creed, nation origin, race, religion, marital status, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political believe, socioeconomic status or familial status includes conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble persons when:

- places the student in reasonable fear of harm to the student's person or property;
- has a substantially detrimental effect on the student's physical or mental health;

- has the effect of substantially interfering with the student's academic performance; or
- has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Refer to [Board of Education policy](#) for further definitions and procedural details concerning the filing of complaints. Please contact the building or district office for information. To report bullying, harassment, or school related threats online, [use this link](#).

THREATS OF VIOLENCE

The policy for *Discipline for Students Who Make Threats of Violence or Cause Incidents of Violence* can be found here [BF503.8](#). Parents and guardians should review and become familiar with this policy. All threats of violence, which include any written, verbal, symbolic, electronic, or behavioral message, that either expressly or implicitly express an intention to inflict emotional or physical injury or damage against students, employees, visitors, or school facilities are prohibited. A student who makes a threat of violence, causes an incident of violence that results in injury or property damage, or who commits an assault, will be subject to escalating levels of discipline for each occurrence.

Threats will be promptly investigated. When appropriate, referrals will be made to local law enforcement. The district retains the authority to assign the level of disciplinary measures appropriate to the severity of the threat of violence or incident of violence.

Threats issued and delivered away from the school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operations of the school.

Disciplinary measures may include discipline up to and including suspension and expulsion. The following factors will be considered in determining the extent to which a student will be disciplined for threats of violence.

- The student's intent and knowledge of their actions.
- The student's developmental level and the context of the incident.
- Whether a pattern of threats of violence exists.
Age, grade level, and maturity of the student.
- The circumstances surrounding the threat.
- Cooperation of the student and his or her parent(s) or guardian(s).
- The degree of disruption to the school community created by the threat.
- Other relevant information from a credible resource.

TEMPORARY REMOVAL FROM CLASSROOM

Temporary removal from a classroom means that a student will be temporarily removed from the current classroom due to disruption of the learning environment and an administrator will be notified. This is at the discretion of the classroom teacher. [Board Policy 503.8](#)

EQUAL EDUCATIONAL OPPORTUNITY

The Bondurant – Farrar Community School District does not discriminate on the basis of age, race, color, religion, gender, marital status, national / ethnic origin, sexual orientation, gender identity, socio-economic status, genetic information, or disability in its educational programs, activities, or employment policies. Students are educated in programs which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, as well as men and women, to society. Students who feel they have been discriminated against are encouraged to report it to the school district Affirmative Action Coordinator. The Affirmative Action Coordinator can be reached at 515-967-7819. Inquiries may also be directed in writing to the Director of the Region VII Office of Civil Rights, U.S. Department of Education, 8930 Ward Parkway, Suite 2037, Kansas City, MO 64114, (816)-268-0550, or the Iowa Department of Education, Grimes State Office Building, Des Moines, IA 50319-0146, (515)-281-5294.

The school district, in its educational program, has a process to assist students experiencing behavior and learning difficulties. The Equity Coordinator is responsible for this process. Our Equity Coordinator is Mr. Chad Carlson. Representatives from the area education agency may also assist the school district in this process. Parents wanting access to the process should contact the Equity Coordinator, Mr. Chad Carlson, 300 Garfield Street SW, Bondurant, IA 50035. The phone number is (515)-967-7819.

DISCRIMINATION AND HARASSMENT BASED ON SEX PROHIBITED

In accordance with Title IX of the Education Amendments Act of 1972, the Bondurant-Farrar Community School District prohibits sex discrimination, including sexual harassment as defined by the regulations implementing Title IX (34 C.F.R. § 106.30), against any individual participating in any education program or activity of the District. This prohibition on discrimination applies to students, employees, and applicants for employment. [Board Policy 106](#)

REPORTING ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay, but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The school district has appointed a Level I investigator and alternate Level I investigator. The school district has also arranged for a trained, experienced professional to serve as the Level II investigator. The Level I investigator and alternate will be provided training in the conducting of an investigation at the expense of the school district. The names of the investigators shall be listed in the student handbook, published annually in the local newspaper, and posted in all school facilities. The superintendent is responsible for drafting administrative regulations to implement this policy. The BFCSD has appointed Mrs. Jodi Brogan, Director of Instructional Services and Mr. Chad Carlson, Director of Administrative Services, 300 Garfield SW, Bondurant, IA (515)-967-7819, as level-one investigators.

[Board Policy 402.3](#)

CORPORAL PUNISHMENT, RESTRAINT, AND PHYSICAL CONFINEMENT AND DETENTION

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use “reasonable and necessary force, not designed or intended to cause pain” to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees’ abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child’s parent. [Board Policy 503.61](#)

If you have any questions about this state law, please contact the building principal. The complete text of the law and additional information is available on the Iowa Department of Education’s website [via this link](#).

JURISDICTIONAL AND BEHAVIORAL EXPECTATIONS

This handbook is an extension of board policy and is a reflection of the goals and objectives of the school board. The board, administration and employees expect students to conduct themselves in a manner fitting their age level and maturity and with respect and consideration of the rights of others. Students, teachers, employees and visitors are expected to treat each other with respect and courtesy so that all may be safe within the school environment. Students may not use abusive language, profanity or obscene

gestures or language.

This handbook and the district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect twelve months a year. A violation of school district policy, rule, regulation or student handbook may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide by the school district's policies, rules, regulations and student handbook may be disciplined for conduct which disrupts or interferes with the education program, conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the Intermediate School office for information about the current enforcement of the policies, rules, regulations or student handbook of the school district.

HOMELESS ASSISTANCE AND DEFINITIONS

Listed below are the definitions for homeless children. As per the Educational Secondary and Elementary Act (ESEA) also known as No Child Left Behind (NCLB), local education agencies are required to notify the community at large of the definitions of various homeless categories. This is done so that those parent-guardian/students who meet the criteria of these categories can receive special assistance from the school district and other governmental agencies. Should parent-guardian/students find themselves in a particular situation as described below, they should contact Anderson Elementary and ask for a Guidance Counselor, the School-to-Home Coordinator, or a Principal. Action will be taken upon request for assistance and verification of the request.

Homeless definitions:

Homeless means individuals who lack a fixed, regular and adequate nighttime residence and includes:

- *Sheltered/transitionally housed:* Children who are placed by the State or have individually or with a family accessed and are living in a public or private shelter or transitional housing project on a temporary basis.
- *Doubled-up:* A child who lives with relatives or friends due to a loss of housing due to disasters, lack of employment, parents will not allow child to live at home, abandoned children, or other similar situations.
- *Unsheltered:* Children living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar situations of public and private places not ordinarily used as a regular sleeping accommodation for human beings.
- *Other:* Abandoned children temporarily housed by hospitals, YWCA or YMCA organizations, etc.

STUDENT COMPLAINTS AND GRIEVANCES

Student complaints and grievances regarding Board policy or administrative regulations and other matters should be addressed to the student's teacher or another licensed employee, other than the administration, for resolution of the complaint. It is the goal of the Board to resolve student complaints at the lowest organizational level.

If the complaint cannot be resolved by a licensed employee, the student may discuss the matter with the principal within 5 days of the employee's decision. If the matter cannot be resolved by the principal, the student may discuss it with the superintendent within 5 days after speaking with the principal.

If the matter is not satisfactorily resolved by the superintendent, the student may ask to have the matter placed on the Board agenda of a regularly scheduled Board meeting in compliance with Board policy.

INTERNET - APPROPRIATE USE

Because technology is a vital part of the school district curriculum, the Internet will be made available to employees and students. Appropriate and equitable use of the Internet will allow employees and students to access resources unavailable through traditional means.

Students will be able to access the Internet through their teachers. Individual student accounts and electronic mail addresses will be issued to students. If a student already has an electronic mail address, the student will, with the permission of the supervising teacher, be permitted to use the address to send and receive mail at school.

The Internet can provide a vast collection of educational resources for students and employees. It is a global network, which makes it impossible to control all available information. Because information appears, disappears, and changes constantly, it is not possible to predict or control what students may locate. The school district makes no guarantees as to the accuracy of information received on the Internet. Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students may encounter information that may not be of educational value. Student Internet records and access records are treated like other student records.

Employees and students will be instructed on the appropriate use of the Internet. Parents will be required to sign a permission form to allow their students to access the Internet. Students will sign a form acknowledging they have read and understand the Internet Acceptable Use policy and regulations, that they will comply with the policy and regulations, and that they understand the consequences for violation of the policy or regulations.

SCHOOL COUNSELING PROGRAM

The Bondurant-Farrar Guidance Program is a vital component of the total educational process. It emphasizes the social and emotional developmental needs of all elementary students. The program promotes growth in developing positive attitudes toward self, family and community, and improving communication skills in relationships with others. Emphasis is placed on prevention of behavior and social problems rather than remediation. The development of a positive self-direction is the ultimate goal.

SPECIAL EDUCATION SERVICE DELIVERY PLAN

The Iowa Administrative Rules of Special Education require each school district to develop a plan for the delivery of special education services. If you wish to review the current plan, please contact one of the administrators listed below.

Jodi Brogan, Director of Instructional Services
broganj@bfschools.org 515-967-7819

Melissa Krumm, Director of Special Education
krummm@bfschools.org 515-967-7819

Erik Garnass, High School Principal
garnasse@bfschools.org 515-957-8191

Jeremiah Ostrem, Junior High Principal

ostremj@bfschools.org 515-957-7970

Mike Kramer, Intermediate School Principal
kramerm@bfschools.org 515-967-3711

Mel Hewitt, Anderson Elementary Principal
hewittm@bfschools.org 515-967-7494

Kevin VanderLinden, Morris Elementary Principal
vanderlindenk@bfschools.org 515-967-6361

HELP YOUR CHILD GET BETTER GRADES

PARENTS/GUARDIANS can help kids get better grades by teaching them to enjoy learning and getting involved in their schoolwork. No matter how good a child's teacher or school is, there always is a need for positive reinforcement at home. Here are some ways parents can help their children get good grades.

READ with a young child for at least 15 minutes each day. If your children are old enough to read, let them take turns reading aloud. Short, regular sessions help develop the reading habit.

DON'T compare siblings and don't always expect younger children to do as well as older brothers or sisters. All children develop at different rates.

GIVE praise when children's grades show improvement — not only when they are A's.

TALK over the school experiences and review lessons each day.

PARTICIPATE in children's homework by sitting down to listen to them memorize something, making helpful suggestions or checking over answers.

PROVIDE an appropriate area for homework (apart from television) and agree with your child on a regularly scheduled time for the task every night.

ELIMINATE factors that interfere with schoolwork. Television is a big culprit. Studies show the average child watches 30 hours of TV per week, and that often cuts deeply into homework time.

SINCE television is not going to go away, use it creatively to stimulate discussions, introduce new ideas, and provide insights.

PLAN family outings to interesting, educational places, such as zoos, museums, and historical sites.

PLAY games requiring imagination and thinking - number games, word games, and guessing games.

BE a good listener. When children think that parents are “tuning them out” when they talk, they soon stop communicating. Take a sincere interest in your children’s school activities and friends. It can help avoid a lot of problems later on.

GET involved in the school through the local parent-teacher organization, school board, or other groups.

TAKE your children to the library once or twice per week. Choose books together. Let them know at an early age that the world of knowledge is important, exciting, and entertaining.

CONTACT the teacher early in the year to get to know them in a positive way. Then if a problem arises or grades drop suddenly, it will be easier to resolve with someone you already know.
