ARTICLE IV – PROFESSIONAL EDUCATORS

This agreement between the Board and Association covers a few specific provisions that govern the conduct of the Board and teachers. An overriding principle is that certified teachers are Professional Educators, and as such, are governed by the highest ideals of the profession. Teacher conduct is governed by Federal and State laws, State Board of Education rules, the Code of Ethics for Idaho Professional Educators, district policy, and school procedures. Professional educators are classified as Exempt Employees under the provisions of the Fair Labor Standards Act. As a Professional, the educator is paid a salary to accomplish the job they are assigned.

Although this agreement defines areas such as hours of a workday, the Board and Association acknowledge that Professional Educators put in many more hours to accomplish the tasks. The workday is established to provide for the orderly operation of the schools, safety of students, and convenient access of parents to teachers. As professionals, the administration and staff will cooperate in allowing for some flexibility during the defined workday as long as it does not negatively impact student education or safety. Also, administration and staff will cooperate in allowing for some flexibility outside the defined workday as long as it does not negatively impact personal responsibilities.

For the 2026-2027 school year, the Board has approved a calendar for a 173-day contract year, which includes seven national holidays. The District and the Association will work together following the adopted calendar for 2026-2027 school year with the hours and days set as presented and approved by the board. The defined work day is 8.5 hours on all student contact days and six hours on all professional development days.

- The District and Association recognize the importance of all meetings, such as IEP, Staff, RTI and other building leadership throughout the school year. All attempts will be made to schedule such meetings during the contract day.
- Additional staff meetings may be scheduled by building or district administration .5 hours in length no more than twice per month outside the normal workday.

In the event that either parties find a conflict within policy, calendar or contract the conflict will be brought to the attention of both parties and a solution will be mediated and approved by both parties. With additional requirements that may be set by the State Board of Education both parties agree to work in collaboration to resolve changes necessary prior to a grievance being filed.

New certified employees to the Emmett School District will be required to spend two additional days prior to the start of the school year for teacher prep, district and building trainings.

Regardless if furlough days occur and/or the number of such furlough days, employees shall receive the minimum salaries as determined by the Idaho Code.

1. Duty-Free Lunch

The Board shall provide thirty (30) consecutive minutes of duty-free lunch for all professional employees in the district. Professional employees have the right to give up duty-free lunch at their own discretion.

2. Evaluation

It is the goal of district and teacher leadership to support all staff in improving instruction and student achievement through the use of the observation and evaluation process. The processes and professional development will be used to grow staff towards the advanced professional level.

Principals will make reasonable efforts to inform a staff member in writing within ten days of observation when they feel there is an area in which he or she might be "Unsatisfactory" or "Basic" before it appears on the final yearly evaluation.

Expires June 30, 2027

ARTICLE V – CERTIFIED TEACHERS' CONTRACTS

As established in Idaho Code 33-514 there are three (3) categories of annual Contracts available to school districts under which to employ certified personnel. Category 1 contract is a limited one year contract; Category 2 contract for certificated personnel in the first and second years of continuous employment with the same district; and Category 3 contract is for certificated personnel in the third year of continuous employment.

Idaho Code 33-515 establishes the provisions for the school district to offer Renewable contracts to certified personnel. Upon being offered and signing a contract for the fourth full year with the district, a certified employee is placed on a renewable contract status except those instructional and pupil services staff who have not obtained a professional endorsement under section 33-1201A, Idaho Code, may not be placed on a renewable contract status. (Idaho Code 33-515 (1)).

The above salary schedules are based upon a 173 day calendar. Should a furlough day(s) be triggered by the ADA provisions of Article IX, individual Certificated Professional Employee's Salary shall be reduced by 1/173rd for each furlough day.

Regardless if furlough days occur and/or the number of such furlough days, employees shall receive the minimum salaries as determined by the Idaho Code.

Expires June 30, 2027

ARTICLE VI – POLICY DEVELOPMENT AND COMMITTEE PARTICIPATION

Reasonable efforts will be made to not involuntarily transfer a certified employee more than one year in a row or consecutive transfers. The Superintendent's decision regarding the assignment will be final.

Expires June 30, 2027

ARTICLE VIII – GRIEVANCE PROCEDURE FOR CERTIFICATED EMPLOYEES

1. Purpose

The purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to the problems, which may from time to time arise. Both parties agree that these proceedings will be kept as informal and as confidential as may be appropriate at any level of the procedure.

Nothing herein contained will be construed as limiting the right of any certificated employee, except administrators, having a grievance, to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted, provided that the adjustment is consistent with Board Policy.

All grievance related documents, communications, and records dealing with the process of a grievance shall be filed separately from the personnel files of the participants.

2. Definitions

Grievance is a claim alleging a violation, misinterpretation, or misapplication of the negotiated agreement, district policy or procedure affecting employment conditions.

The term grievance shall not apply to any matter which:

- 1.1. The method of review is prescribed by law.
- 1.2. The School Board is without authority to act.
- 1.3. Is covered by the School Board's affirmative action grievance procedure.

Teacher is a certified employee holding a certified position in the district such as classroom teacher, counselor, etc. This policy excludes certified staff on an administrative contract.

An **aggrieved person** is a certified teacher or group of teachers.

A **party of interest** is a certified employee who may be required to take action to resolve a grievance or against whom action may be taken to resolve a grievance. Any "party of interest" may be represented at any level of the grievance procedure by a person or persons of his or her choosing.

A **day** as used in this Grievance Procedure means any teacher contract day within the regular school year as shown on the official school calendar. If the grievance extends beyond the regular school year, a "day" means any day, Monday through Friday, exclusive of holidays.

3. Time Limits

No grievance shall be valid unless it has been presented at the appropriate level within thirty (30) days after the aggrieved person or persons knew, or reasonably should have known, of the act or condition on which the grievance is based. If not so presented, the grievance shall be considered as waived.

The term **days** when used in regard to a time limit shall mean school contract days or during summer break business days.

If a grievance is filed which might not be finally resolved at Step Three before the school year would expire leaving the grievance unresolved, the time limits set forth herein may be reduced by mutual agreement so that the grievance procedure may be concluded prior to the end of the school year, or as soon thereafter as is practicable.

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.

4. Representation

The **aggrieved person** initiating the grievance has the right to be represented at each step of the grievance procedure by any person or persons of his or her choice. However, the aggrieved person must personally be present at all levels of the grievance procedure.

Neither the board nor any member of the administration shall take reprisals of any kind against any teacher, any party in interest, any Association representative, or any other participant in the grievance procedure by reason of such participation.

5. Procedure

A written grievance shall meet the following specifications:

- 5.1. It shall be specific.
- 5.2. It shall contain a synopsis of the facts giving rise to the alleged violation or misinterpretation.
- 5.3. It shall contain the specific section of the negotiated agreement, District policy or procedure, which has allegedly been violated.
- 5.4. It shall state the relief requested.
- 5.5. It shall contain the date of the alleged violation.
- 5.6. It shall be signed by the aggrieved.

Step One -- Principal or immediate supervisor

An aggrieved employee shall first discuss the grievance with the building principal or his/her immediate supervisor with the objective of resolving the matter informally. The aggrieved employee may (1) discuss the grievance personally, (2) may request that a representative accompany him/her, or (3) may request that the representative act on his/her behalf with the grievant present throughout the grievance process.

Step Two -- Superintendent

If the aggrieved employee is not satisfied with the disposition of his/her grievance at Step One, or if no decision has been reached by his/her principal or immediate supervisor within five (5) days after the meeting, then the aggrieved employee may file the grievance in writing with the District Superintendent, with a copy sent to his/her Principal or immediate supervisor within six (6) days after the receipt of the Step One decision or eight (8) days after the Step One meeting, whichever is the later.

The Superintendent shall arrange for a meeting with the aggrieved employee within five (5) days after receiving the appeal from Step One in writing. Each party shall have the right to include in its representation witnesses and counselors, as it deems necessary to develop facts pertinent to the grievance. Upon completion of the hearing, the Superintendent will have five (5) days in which to provide his/her decision in writing to the aggrieved employee.

Step Three -- School Board or Board of Trustees

If the aggrieved employee is not satisfied with the written disposition of his/her grievance after Step Two, the aggrieved person may appeal by submitting a written grievance to the School Board within eight (8) days of receiving the Superintendent's decision. Copies of the appeal will be sent to the Principal or immediate supervisor and Superintendent. Within ten (10) days after receiving the grievance appeal, a committee of School Board members, the full board, or a hearing officer designated by the School Board shall meet with the aggrieved employee for the purpose of resolving the grievance. The School Board's ultimate decision and final disposition of the grievance shall, however, be rendered by the full Board in writing within thirty (30) days after receiving the notice of appeal. If a hearing officer is designated, all parties in interest shall have ten (10) days to submit written objections to his/her proposed findings and recommended disposition.

6. Facilitation

The Board agrees to make available to the aggrieved person and his/her representative all pertinent information not privileged under law in its possession or control which is relevant to the issues raised by the grievance.

7. Legal Rights

Nothing contained herein shall deny to any certified employee, the Board or the Association, their rights under State or Federal Constitution and laws.

Nothing in this article shall be interpreted to require the District to support or subsidize prohibited teacher union activities under Idaho Law.

Expires June 30, 2027

ARTICLE IX – REDUCTION IN FORCE OF CERTIFICATED EMPLOYEES

1. General Statement

A reduction in force may occur when the board determines that it is in the best interest of this district to reduce the number of contracted certificated employees.

2. Reasons for Elimination of Certificated Staff Positions

It is recognized that the Board of the District has the sole and exclusive prerogative to eliminate certified staff positions consistent with the provisions of the state statutes. Elimination of certificated staff positions may result from the following examples or from other conditions necessitating reductions:

- 2.1.1. Decreases in student enrollment.
- 2.1.2. Changes in curriculum.
- 2.1.3. Financial conditions or limitations of the District.
- 2.1.4. Reorganization or consolidation.

The need for implementation of a Reduction in Force and/or the elimination of certificated positions is left to the sole discretion of the District's Board.

The District's Board may choose to implement a RIF through:

- 2.1.1.1. the elimination of an entire program or portions of programs;
- 2.1.1.2. the elimination of positions in certain grade levels only;
- 2.1.1.3. the elimination of positions by category;
- 2.1.1.4. the elimination of positions in an overall review of the District;
- 2.1.1.5. the elimination of positions through other considerations and implementation decisions;
- 2.1.1.6. the elimination of a portion or percentage of a position(s) or any combination of the above.

3. Definitions

As used in this policy, **teacher** shall apply to any employee of the District who holds a certificate issued by the State Board of Education who is employed in a teaching position.

4. Procedures

- 4.1. Prior to commencing action to terminate teacher contracts under this procedure, the Board will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:

- 4.1.1. Voluntary retirements
 - 4.1.2. Voluntary resignations
 - 4.1.3. Transfer of existing staff members
 - 4.1.4. Voluntary leaves of absence
- 4.2. In the event a reduction-in-staff is required, teachers who are retained pursuant to this policy may be reassigned if suitable position openings are available in instructional areas for which they are Highly Qualified and for which the principal has approved transfer as per Idaho Code requirements.
- 4.3. In making a determination as to the individuals to be released pursuant to the Reduction in Force, the Board will consider the following criteria. Each criterion, below, shall be considered in terms of the total context when selecting those employees for reduction pursuant to the provisions of this policy. Employees subject to reduction in force under this policy will be presumed to have been performing satisfactorily. The following criteria will be considered:
 - 4.3.1. Current year's teacher evaluation, including components required by state statute to be encompassed in teacher evaluation.
 - 4.3.2. Professional Standards and Conduct over the course of the last three (3) consecutive years.
 - 4.3.3. Highly Qualified in subject matter of instruction
 - 4.3.4. Highly Qualified in multiple subject matters
 - 4.3.5. Educational degrees or credits earned
 - 4.3.6. National certifications held
 - 4.3.7. Experience in subject matter
 - 4.3.8. Position as a Lead teacher within the district.
 - 4.3.9. Professional contributions to the district or state as an advisor, leadership roles and impact on building culture.
 - 4.3.10. Preference given to veterans of the armed services. Veteran is defined to include any person who has served in the active service of the armed forces of the United States during any period of war recognized by the United States Department of Veterans Affairs for the purpose of awarding federal veterans benefits as may be defined in Title 38, United States Code, Chapter 1, Section 101(21), who served as a veteran in the armed forces during any period, and who has been discharged from service under honorable conditions. Veterans' preference will be determined by data obtained from the personnel records on file in the district as of the date the board implements the reduction in force.

It is the intent of the Board to consider the individual and cumulative effect of each criterion on the welfare of students and the best long-term and short-term interest of the school district.

It is further the intent of the Board that primary consideration is the quality of instruction and the progress that students are making throughout the course of the school year as well as properly endorsed Highly Qualified instructors to be in classroom positions in order for the District to be compliant with federal and state education requirements. Thus, each criterion shall be considered in terms of this total context.

The factors for consideration shall be reviewed on an annual basis by the District's Administration to determine whether factors should be added or eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board

for consideration.

- 4.4. When a reduction in force is anticipated by the Board, they will direct the Superintendent to begin the following procedures:
 - 4.4.1. The district office in cooperation with building principals will complete a Teacher Profile on each teacher in the district.
 - 4.4.2. With this notification, the district office shall provide a copy of the Teacher's Profile, utilizing the established point system, and the steps a teacher should take if they believe that there is an error in their individual Teacher Profile.
 - 4.4.3. If a teacher receiving a Teacher Profile believes that there is an error that has been made on their individual profile, the teacher shall notify the district office of their concern of an error, in writing, by the close of the school day on the third school day after the Teacher Profile has been delivered to the teacher or the teacher's mailbox. This written notice shall specifically identify what element or elements of the Teacher Profile that are believed to be in error and explain specifically why the element(s) is believed to be in error.
 - 4.4.3.1. If the district office receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used to create the Teacher Profile. This may include a member of the District's or School's Administration communicating directly with the teacher to obtain more information or documentation relating to the alleged error.
 - 4.4.3.2. If the district office determines that an error was made in the completion of the Teacher Profile, a new profile will be created and forwarded to the teacher in question.
 - 4.4.3.3. If the district office determines that no error was made in the completion of the Teacher Profile, the profile will be reviewed by the District's Superintendent. Thereafter the Superintendent or designee of the Superintendent shall review the dispute, in whatever manner the Superintendent/designee deems appropriate for the circumstance, and make a final decision on the issue of the appeal and questioned error of the Teacher Profile.
- 4.5. Teachers with the lowest scores on the profiles of all teachers who may be released will be reviewed by an administrative committee. The administrative committee shall consist of the school Principals, District Directors, and Superintendent. The number of teacher profiles that will be reviewed will be twice the number of positions needed to be reduced through a RIF, taking into account the school programs, teacher positions or categories of positions that may be affected. The committee will review these teachers' profiles to ensure consistency among scoring and to ensure that the Board's intent to consider the welfare of students and the best long-term and short-term interest of the school district be considered. The committee shall submit to the District Superintendent a prioritized list of teachers to be released.
- 4.6. If the Board determines that a RIF, in fact, will be implemented, the Superintendent shall submit a list of the teachers recommended for release, through use of the above process, and shall make a recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.

- 4.7. All releases shall be done in conformance with the applicable provisions of the Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or actions that need to be taken by the Board relating to applicable due process activities, if any.

Expires June 30, 2027

ARTICLE XI – SICK LEAVE BANK

A sick leave bank for professional employees covered by this contract is hereby established. The purpose of the sick leave bank is to alleviate economic hardship brought upon a professional employee by absences caused by personal illness, accident or medical circumstances, which render the employee incapable of carrying on his/her, duties. To participate, each professional employee shall contribute a prescribed number of his/her earned sick leave days as determined by the sick leave bank committee. Sick leave days thus contributed shall be deducted from the individual's sick leave entitlement. The contributed sick leave days shall form a fund of sick leave days that will be available to all eligible participating professional employees upon recommendation of the sick leave bank committee. No professional employee will be admitted to the bank except during the designated registration period. This provision will be waived for professional employees hired after the yearly registration period. Such individuals will have thirty (30) calendar days to enroll in the bank.

The sick leave bank committee shall consist of six (6) certificated members selected jointly by district administration and members of the sick bank. There shall be one (1) member from each of these schools: Carberry Elementary School, Emmett High School, Emmett Middle School, Shadow Butte Elementary School, Butte View Elementary, and one at large member (preference given to Sweet, Ola, and True North Prep). The committee shall have the authority to establish such guidelines, as it deems necessary, consistent with the terms of this agreement, to administer this program. Guidelines shall have the approval of the Board. The sick leave bank committee shall determine the number of sick leave days each participant must contribute in order to keep the bank solvent. Any days contributed by a professional employee shall become the property of the bank. At the end of the contract year, unused sick leave days will remain in the bank. When a professional employee leaves the district or withdraws from the bank, their donated days shall remain the property of the bank. Teachers who leave the district may donate any or all of their unused sick leave days to the bank. The committee shall be responsible for reporting to the District's human resource office the names of contributors and number of days contributed. It shall report all days granted by the bank and all other information necessary for the professional employee's records. The district shall be responsible for distributing enrollment

forms, for maintaining each employee's sick leave membership list and for providing sick leave bank committee members with current sick leave bank records.

Application for use of the bank shall be submitted to the sick leave bank committee (c/o Superintendent) for its recommendation. The committee shall review the request and determine the eligibility of the professional employee. In the event of a disagreement between a professional employee and the sick leave bank committee as to whether or not a specific disability qualifies the professional employee for a bank grant, the committee may require the professional employee to submit to an examination by a physician chosen and paid for by the applicant. The result of such an examination shall be submitted to the committee for its consideration in making a final determination of the application for a grant. If the committee deems necessary, it shall require proof of physical disability resulting from illness or injury at the time of application and from time to time after a grant has been made. After a complete review of the application, the committee shall have the authority to make final decisions within the guidelines as to the disposition of the case.

In order for a professional employee to be eligible to apply for sick leave benefits from the sick leave bank, the professional employee must first: (1) be a contributor to the bank, (2) have been absent from work due to personal illness, accident or medical circumstances rendering the employee incapable of carrying on his/her duties and, (3) have used all of his/her sick leave and personal leave days.

The maximum number of days that can be granted in any one (1) fiscal year to a professional employee will be the remaining number of days a professional employee is scheduled to work under his/her current contract.

The number of sick leave days granted shall not exceed the number of days absent from work due to physical disability resulting from illness or injury. Bank grants to individual professional employees will not be carried over from one fiscal year to another. All such grants will end at the termination of the school year. If a professional employee does not use all of the days granted by the bank, the unused sick leave days will be returned to the bank. If a professional employee has been granted days from the sick leave bank and applies in a consecutive year, the sick leave bank committee will make a recommendation to the Board who will make the final decision on the disbursement of days.

To qualify for a sick leave donation, members must first use all earned, unused personal leave and sick time leave. Employees then submit an application packet to the Sick Leave Bank Committee that includes:

1. A HIPAA Authorization Form allowing relevant medical information to be shared with the committee, Human Resources, and donors if needed;
2. A Physician Verification Form confirming the medical condition and estimated time away from work; and
3. A Sick Leave Bank Request Form indicating the number of days requested. The Sick Leave Bank Committee will review the request and determine whether sick leave days will be granted. The committee will notify the employee and Human Resources of its decision. Human Resources will then update the employee's leave balance and Sick Leave Bank records.

A member who has already received sick leave donations for a single event during the contract year or needs to care for an immediate family member with a medical situation may

submit a “Request for Additional Days” form to the committee to rule. Immediate family members are defined as father, mother, husband, wife, son, daughter, step-children, brother, sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, grandfather, grandmother, and grandchildren. The Sick Leave Bank Committee will review the request and decide whether to forward it to certificated staff for voluntary donations. These staff members may donate up to two (2) sick days each by submitting a signed donation form to Human Resources. Human Resources will deduct the donated days from the donor’s sick leave balance. All donated days are nonrefundable and any unused donated days will be transferred back to the Sick Leave Bank.

3. Placement on the Salary Schedule

The above Certified Employee Salary Schedule is a model of the end goal of the Association and the District. It is intended to be a "living document" that provides both the District and the Employee a clear view of where they are in their salaries and where they are headed. The

goal of the Salary Schedule is to be financially sustainable for the District and mutually agreed upon by both the District and the Employees.

The District will form a committee that evaluates the sustainability of the Schedule, as well as works towards developing a more permanent Schedule.

In determining the experience factor, the actual years of teaching or administrative service in an accredited public school or in an accredited private or parochial school shall be credited. All certificated employees working in a certified position including Career Technical, Pupil Service, and Instructional staff, will be placed on the salary schedule in the following manner: See Appendix A

"Professional compensation rung performance criteria" means:

(a) An overall rating of proficient, and no components rated as unsatisfactory on the state framework for teaching evaluation; and

(b) Demonstrating the majority of their students have met their measurable student achievement targets or student success indicator targets. Idaho Code 33-1001.
