The 2026-2027 OMMA contribution is $10,224,703 equal to 3% of total General Fund expenditures. STRS On-Behalf Pension Contribution is excluded from the General Fund expenditure total, prior to calculating the 3% contribution.

Local Control Accountability Plan

As a requirement of LCFF, districts must adopt and annually update a three-year LCAP (Local Control Accountability Plan). Plans must include annual goals and actions that will be implemented to meet eight State priorities. MVUSD's LCAP goals are as follows:

- Goal 1 Student Learning and Achievement:
  - Ensure all students learn through access to high quality actions and services that increase school readiness, academic achievement, and civic/career/college readiness.

Local Control Accountability Plan – continued

- Goal 2 Prevention/Intervention/Acceleration:
  - Provide high quality prevention/intervention/acceleration actions and services to eliminate barriers to student access to required and desired areas of study.

- Goal 3 Professional Development:
  - Ensure classroom teachers, instructional support staff, and school administrators are trained in the state standards, the standards aligned curriculums, proven researched-based instructional strategies, effective instructional technologies, instructional resources/assessments, and the collection and use of data in professional discussions to inform instruction and enhance student learning. Recruit and retain a diverse and highly qualified teaching staff and support staff to promote the implementation of best practices.

- Goal 4 Engagement, Culture and Climate:
  - Ensure all school sites have safe, welcoming, inspiring, and inclusive climates for all students and their families, so that all students are behaviorally and academically engaged in school and ready to learn.

In addition, services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year. The Demonstration of Increased or Improved Services for 2026-2027 is equal to 10.75%. Murrieta Valley Unified School District is projected to receive $26,959,246 in Supplemental and Concentration Grant Funding. Districts must demonstrate how the percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

Goal 1	Goal 2	Goal 3	Goal 4	Total
$ 15,627,813	$ 6,738,747	$ 1,344,221	$ 4,116,647	$ 27,827,428

2026-2027 Adopted Budget incorporates all four district goals, expenditures related to student achievement and increased/improved services requirements.

Beginning with the 2025-2026 Adopted Budget, districts were required to develop a needs assessment regarding the use of Learning Recovery Emergency Block Grant (LREBG) funds and include planned expenditures in the LCAP. In addition to the above expenditures totaling $27,827,428, LCAP includes LREBG expenditures projected at $4,021,315.

CALPADS Actual enrollment data preloaded in the District Regular lines will include both District Regular and Charter School enrollment. Districts will need to adjust the District Regular enrollment lines and the Charter School enrollment lines accordingly. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Enrollment was estimated above the standard for the first prior year. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

The district has experienced a changing environment post pandemic. Transitional Kindergarten and Kindergarten enrollment has failed to materialize to the estimates provided by demographers and the district's transfer rate at the secondary level has declined. The district team met with city officials to review the housing data to assist in better projecting potential enrollment growth. Additionally, the district will closely monitor the level of student enrollment generated by new multi-family housing projects in the district.

1b. STANDARD NOT MET - Enrollment was estimated above the standard for two or more of the previous three years. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

While the district predicted declining enrollment, the decline was underestimated the past two years. The district has been working with demographers and city officals to better predict enrollment going forward.

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

STUDENT ACTIVITY SPECIAL REVENUE FUND

2026-2027 Adopted Budget

Student Activity Special Revenue Fund
2026-2027 Adopted Budget Assumptions

Overview

California law allows students in California's public schools to raise money and make decisions about how they will spend this money. Student organizations established to raise and spend money on behalf of students are called Associated Student Body organizations, or ASBs. ASBs must be made up of current students and be located at the school where the funds are maintained. ASB organizations and the management of ASB funds present students with opportunities not only to raise and spend money, but also to learn the principles of operating a small business. Students also acquire leadership skills while making a contribution to their school and fellow students and improving their own educational experience. As students and staff work together to plan activities, students also learn project planning.

ASB organizations are classified as either organized or unorganized. In general, unorganized ASBs are those in which the students do not govern the ASB organization, whereas organized ASBs are those in which the students organize their activities around student clubs and a student council and have more authority to make decisions.

In elementary schools the ASB organization is classified as unorganized because, as a rule, the students do not govern the ASB organization. Usually there is only the primary student body organization and no additional clubs with a more focused agenda. The governing board delegates the authority to oversee the raising and spending of funds to the principal/school administrator or another school employee, who is able to make all of the decisions related to the ASB operations and funds. Although authority is delegated to the principal/school administrator, the rules and guidelines regarding fundraising and allowable expenditures remain the same as those for organized ASBs.

Student organizations in middle and high schools are classified as organized because the students organize their activities around student clubs and a student council under the oversight of district administrators and advisors. Organized ASBs have individual clubs under the primary student body organization, each with its own focus and organizational requirements. Students in organized ASBs are primarily responsible for their organizations; the student council and student club leaders hold formal meetings, develop budgets, plan fundraisers, decide how the funds will be spent, and approve payments. The students make the decisions and have primary authority over the funds; the school administrators, ASB bookkeeper and club advisor(s) assist, advise and co-approve student decisions.

MURRIETA VALLEY
UNIFIED SCHOOL DISTRICT

CHILD DEVELOPMENT FUND

2026-2027 Adopted Budget

Child Development Fund
2026-2027 Adopted Budget Budget Assumptions

Overview

The Early Learning and Enrichment Services department of Murrieta Valley Unified School District (MVUSD) has been providing childcare and early childhood education programs since 1982. All our childcare and early childhood education programs are designed to provide a safe, structured, and nurturing environment where children are free to explore and make sense of the world around them, learning through intentional play and engaging in age-appropriate hands-on activities.

Programs included in the Child Development Fund consist of:

Part Day California State Preschool Program (CSPP)- Serving TK age eligible children. Families must meet CDE-EED guidelines for income eligibility. The State Preschool staff to child ratio is one adult to eight children and a teacher ratio of one permitted teacher to twenty-four children. Part day State Preschool is offered one-hundred and eighty days per year, three hours per day. The part day CSPP programs are offered at all 11 elementary sites in the district, providing a developmentally appropriate full school day option for our youngest students. Early Learning and Enrichment Services offers a tuition-based option at every CSPP part day program for families who exceed state guidelines.

Part Day Early Learning Classroom (Early Intervention Preschool Grant)- Early Learning classrooms are tailored specifically for three-year-old children. This program is a comprehensive blend of early childhood education and family support, ensuring that both the child and their family receive the necessary resources to thrive. Recognizing the importance of early intervention, the program supports the acquisition of life skills, enhances the child's ability to learn and interact with their surroundings, and provides tiered interventions and support. By integrating the expertise of both general and special education professionals, the program ensures that each child's unique needs are identified and supported, fostering an inclusive and supportive learning environment.

All part day preschool programs follow State of California Title 5 regulations and Community Care Licensing Title 22 regulations and provide comprehensive early learning experiences, developmental assessments, dental, vision assessments, and nutrition services.

Full Day Programs- Early Learning and Enrichment Services also operates the Early Learning Center, located at 25664 Madison Avenue. The Early Learning Center includes programs that serve children aged 18 months to 4 years from 7:00 a.m. to 5:30 p.m. throughout the year, operating for 242 days and only closed on district holidays. Program options at the Early Learning Center include tuition-based and subsidized options. Subsidized options are available to families who meet the California Department of Education Early Education Division (CDE-EED) and/or California Department of Social Services Child Care and Development Division (CDSS-CCDD) guidelines for need and income eligibility.

Overview – continued

The ratios for child supervision are as follows:

- CCTR toddler (18-36 months): 1 adult for every 4 children, with a teacher ratio of 1 permitted teacher for every 16 children.
- CSPP preschool (36-48 months): 1 adult for every 8 children, with a teacher ratio of 1 permitted teacher for every 24 children.

Currently, the district operates:

- Three full-day toddler classrooms (18-36 months)
- One toddler option classroom (30-42 months)
- Three full-day, full-year preschool classrooms (36-48 months)

Families enrolled in full-day CSPP preschool services at the ELC are directly funded through CDE-EED, while toddlers aged 18 to 36 months receive funding support through a subcontract with RCOE-CDSS. In the 2026-2027 school year, the number of classrooms will increase, allowing us to accommodate an additional 16 full-day toddlers and 24 full-day preschool students.

All full day programs adheres to California State Title 5 regulations and Community Care Licensing Title 22 regulations and provides comprehensive early learning experiences, developmental assessments, dental, hearing and vision assessments, and nutrition services.

Student Enrichment and Extended Day (SEED)- General Child Care and Development (CCTR) and Expanded Learning Opportunities Program (ELOP)-Serving students TK-5th grade, Student Enrichment and Extended Day programs are located at all elementary schools in the district. SEED classrooms are open 6:30 a.m.—6:00 p.m. and is a year-round program, operating 241 days (180 school days and 61 intersession days), closed only for District holidays and one summer camp preparation day. The staff to student ratio is one adult per fourteen children. The SEED program also provides the foundation for the 9-hour ELOP school day including 30 intersession days a year. Families must meet CDSS-CCDD guidelines for need and income eligibility or be ELOP eligible. We also offer a parent paid tuition option for families who exceed state guidelines. Summer, Spring, Winter, and Fall camps offer activities when children are not in school.

Child Development Fund
2026-2027 Adopted Budget Budget Assumptions

Overview – continued

To meet the needs of our community, subsidized, parent tuition and ELOP funding options for families are available at all eleven elementary school sites. There are over one thousand students enrolled in the SEED program. Funding opportunities, available at all 11 elementary sites, include subsidized, ELOP and parent tuition. Braided funding at all elementary sites supports our community and will eliminate the need for a family to transfer to a school that offers subsidized before and after school care. Kindergarten and TK extended day provide the opportunity for families who would like supervision and enrichment experiences to create a full school day experience.

Expanded Learning Opportunities Program (ELOP)- In the 2021-2022 school year, the State of California created the Expanded Learning Opportunities Program (ELOP), which provides funding for before and after school and summer enrichment programs for transitional kindergarten through sixth grade. All elementary and middle school sites will offer ELOP activities. ELOP provides extracurricular programs for students including extended learning opportunities that complement what the students are learning during the school day. ELOP also offers opportunities for students to discover interests and talents by providing resources and programs at their school site. *Meet and Eat* is designed to support families who must drop off early in the morning before gates are open. The objective is to provide a safe, fun, and warm place to hang out with friends, make new friends, read, create, and collaborate before the school day starts.

Expenditures

Federal and state revenues are used to fund the restricted programs and cover all salaries, benefits, operating costs, and indirect costs. Since the revenues received for these grants are restricted, expenditures must correlate with each program and cannot be commingled or spent in other areas not relating to the specific grant. The district plans on making program improvements at our CSPP and CCTR sites during the current year.

Parent fees and local revenues are used to cover the costs associated with unrestricted expenditures. Such expenditures consist of salaries and benefits, operating, and indirect costs to maintain these programs.

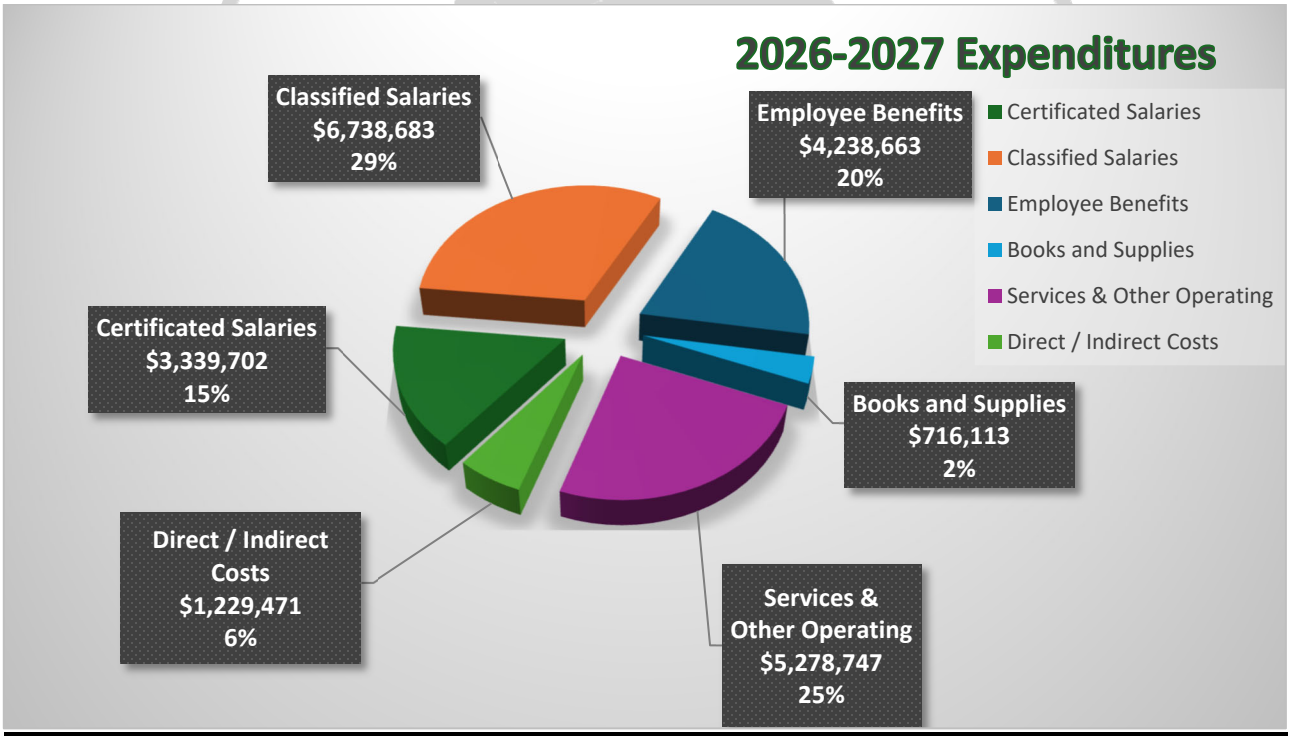

Salary and benefits are equal to 64% of total expenditures. Step and Column for all certificated employees is $19,260 plus statutory benefits of $5,059 for a total of $24,319. Step and Column for all classified employees is $67,334 plus statutory benefits of $23,096 for a total of $90,370. Other expenditures totaling 36%, include instructional and administrative supplies, non-capitalized equipment, travel, membership, repairs and maintenance, reprographics, professional services, debt services and indirect costs. As allowable, the indirect cost rate of 6.11% is included for both unrestricted and restricted programs. Total 2026-2027 Adopted Budget expenditures are projected at $21,541,379.

CAFETERIA SPECIAL REVENUE FUND

2026-2027 Adopted Budget

Cafeteria Special Revenue Fund
2026-2027 Adopted Budget Assumptions

Overview

The Cafeteria Special Revenue Fund is self-supported through a combination of federal, state, and local sales income. The Nutrition Services Program prepares and provides breakfasts, lunches and a la carte meals (middle and high schools only) to the district's schools and programs. In addition, the Nutrition Services Program will support catering events within the district, intersession services, and provide snacks for eligible after school programs.

All food prepared meets or exceeds the federal and state approved menu planning system. This method requires that all meals be structured to meet such regulations for calorie ranges, sodium targets, whole grain servings and fruit and vegetable servings. Meals must also be less than 10 percent saturated fat with zero trans fats per serving. This method is intended to ensure our students are provided with the nutrients required for their age and development.

The Nutrition Services Program prepared and served approximately 1.3 million breakfasts, 2.4 million lunches and nearly 0.2 million a la carte meals during the 2025-2026 fiscal year.

Revenues

Beginning school year 2022-23 California implemented a statewide Universal Meal Program. This program allows all students to receive breakfast and lunch at no cost. California's Universal Meals Program is designed to build on the foundations of the National School Lunch Program and School Breakfast Program and expands the California State Meal Mandate to require all students be offered a nutritiously adequate breakfast and lunch each school day.

In school year 2024-25, the district qualified to participate in the Community Eligibility Provision (CEP). Under this provision, meal applications are no longer collected. CEP claiming percentages rebased during the 2025-26 school year are used to calculate reimbursements. The percentages are determined by the number of students directly certified for meals based on their participation in CalFresh, CalWORKs, Medi-Cal free, and the extension of these benefits go to students within the same household. Also included are students certified as homeless, migrant, foster, runaway, or participating in the Head Start program. The total number of identified students is then multiplied by a factor of 1.6 to determine the claiming percentage for the district. The claiming percentages for school year 2026-27 are 42.5% Free and 57.5% Paid.

Revenues within the Cafeteria Special Revenue Fund include federal and state reimbursements and unrestricted sources. Revenue projections are based on 180 student days. Federal and state reimbursements are based on qualifying meals. Projections include supplemental state funding to cover the difference between the federal free meal reimbursement rate and paid reimbursement rates. Revenue from these sources is projected at $20,643,333 and is based on 2025-2026 program
