2. PRESENTATIONS/REPORTS/DISCUSSIONS

A. TENURE APPOINTMENTS

Tenure is an employment status granted by law in New York State and earned by successfully completing a period of probationary employment, then, upon the superintendent's recommendation, awarded by the Board of Education. A certificated or licensed professional as recognized by the New York State Education Department, once having been granted tenure, has earned a property right to his or her employment with the granting district, and may not be disciplined or dismissed except for just cause in a due process hearing.

Tenure is more than just this legal status, however. It is also a reflection of the Board of Education's belief in the quality of the professional standards of the individual to whom it is awarded. It is a statement of endorsement by which the Board entrusts the wellbeing of its schools as institutions, and its most precious charges, its students, to the continued influence of the individuals it collects in the recruitment, hiring and retention process.

The Board of Education of the Wheatland-Chili Central School District has recognized you as an individual whose high standards of excellence in the pursuit of your daily duties with the children and other adults in our schools is deserving of continued status for as long as you are willing to apply your professional efforts and talents here. On behalf of the Board of Education, congratulations on being judged deserving of this privilege.

Trustee C. Panek moved, seconded by Trustee H. Woerner, to approve the following:

Resolved that, the Board of Education of the Wheatland-Chili Central School District, upon the recommendation of the Superintendent of Schools, hereby approves the following tenures with noted effective dates:
