

Welcome to 4th Grade!

Dear Fourth Grader and Families,

Welcome to **FOURTH** grade! We're thrilled to have you join us upstairs on the second floor! This year is sure to be full of excitement, discovery, and growth. Together, we'll dive into the history and geography of our state, investigate fascinating science experiments, explore different types of reading genres, and so much more! In math, you'll build on everything you learned in third grade as we go further into place value, multiplication and division, geometry, and fractions.

To get ready for a great year ahead, it's important to keep practicing your math facts over the summer. Knowing your multiplication facts and being able to skip count will help make our math time much smoother! We also hope you spend time enjoying some good books. Try reading a mix of things - graphic novels, chapter books, mysteries, magazines, recipes, and more! Fourth grade will be full of reading adventures, so keep those reading muscles strong!

Attached to this letter is our supply list. Please bring your supplies on the first day of school. Please label all of the supplies with your name.

Have a great summer and we look forward to seeing you in September!

-Your Fourth Grade Teachers
