

February Month of Service Impact Report

FEBRUARY 2025-26

February marked a significant milestone for Village as we celebrated our first month of service, and we couldn't be prouder of how our community showed up. Students, faculty, and families came together to create meaningful impact in ways both big and small. A heartfelt thank you to every student who attended **S.O.S. Meetings**, to our third graders for launching the **Healing Hearts Club** initiative for those in need, and to our sixth graders who took the lead on donations to the **L.A. Regional Food Bank** and the **Water for South Sudan Iron Giraffe Challenge**.

Special thank you to VSPA Village Gives Back Committee Co-Chair Allison K. for spearheading Village's partnership with **Foster Love**. Her leadership made it possible for our entire community to participate in a month-long service initiative that touched every level of our school.

IMPACT SNAPSHOT
