Dear WTPS Community:

On my final day of service in the Wall Township Public Schools District, I find myself reflecting with a deep sense of gratitude. It has been a true privilege to serve this outstanding community over the past six years. I am so thankful for the opportunity to work alongside dedicated students, staff members, Board of Education members, families, and community partners who share an unwavering commitment to providing the very best opportunities for our children.

Together, we have accomplished a great deal. With the support of our community, we completed significant capital improvement projects funded through a voter-approved referendum, creating invigorated spaces that will benefit students for generations to come. We strengthened academic programs, expanded inclusive practices, prioritized student wellness, and remained focused on operational efficiencies to ensure long-term sustainability and success.

The most important word in the previous paragraph is *we*. Every milestone we achieved was the result of dedicated individuals working together toward a shared vision for our students and schools. None of these accomplishments would have been possible without the collective efforts, support, and commitment of this very special community. For that, I am profoundly grateful.

As I prepare for retirement, I do so with great confidence in the future of Wall Township Public Schools and deep appreciation for the privilege of serving this community. A quote by A.A. Milne captures my feelings perfectly: *"How lucky I am to have something that makes saying goodbye so hard."*

Thank you for your trust, your partnership, and your steadfast commitment to our students. I am honored to have served as your superintendent of schools. I look forward to WTPS' next trajectory, and I wish Dr. David Bleakley the very best as he begins his superintendency tomorrow, July 1.

Warmest regards,
