

Dr. Carmen J. Balgobin
Superintendent of Schools

School Board of Volusia County

Ms. Jamie Haynes, Chair
Mr. Ruben Colón, Vice Chair
Mrs. Donna Brosemer
Mrs. Krista Goodrich
Mrs. Jessie Thompson

DATE: July 1, 2026
FROM: Volusia County Schools, Environmental Department
SUBJECT: Annual AHERA Notice

As part of the federal Asbestos Hazard Emergency Response Act (AHERA), Volusia County Schools must provide notification to all building occupants and legal guardians of the availability and location of the asbestos management plans and any post-response activities, including the periodic reinspection and surveillance activities planned or in progress.

During the 2025-2026 school year, periodic six-month surveillance activities were performed by district employees.

AHERA regulations require a reinspection every three years by an EPA-accredited asbestos inspector. A building reinspection was performed in all district buildings in December 2025. The building inspection is designed to meet the requirements of the AHERA Regulation (40 CFR Part 763, subpart E "Asbestos-Contaminating Materials in Schools"). A copy of this inspection is available for review in each school's administration office by any building occupant or legal guardian(s). The next building triennial update is scheduled for December 2028.

If there are any questions regarding AHERA, please contact:
