Dear Lincoln Park Education Community:

As you may know, my last day serving as Interim Superintendent for Lincoln Park School District is next week. On July 1, Mr. Christopher Wacha will begin serving as the new Superintendent of Schools. He comes to us with a deep commitment to academic progress, collaborative leadership and community partnership. In his career, Mr. Wacha has served as teacher, coach, assistant principal, principal, and most recently, as school superintendent. Over the last several months Mr. Wacha has had opportunities to visit, learn about the schools and meet the staff. I'm sure you join me in wishing Mr. Wacha a long and successful career in the Lincoln Park School District.

Over the summer, the district has a few important facility projects taking place. The first is a district-wide upgrade to network infrastructure. This state-of-the-art installation should ensure quality and consistent connectivity for the students and staff. Careful planning will continue throughout this project to ensure that there is minimal interruption to the district's summer programs. The second project is the replacement of the main water supply pipe at the elementary school. The majority of the work for this project will be on the exterior of the building. The final water supply hookup will be completed once all school programs have ended. The third major project is taking place at the middle school with the installation of new electrical wiring in conduits being installed on the roof.

In closing, I would like to express my gratitude and appreciation to the entire Lincoln Park Education Community. I have always enjoyed all of the school districts that I have worked in over the years, but Lincoln Park will hold a special place in my heart. The entire community, including students, parents, staff, administrators, municipal officials and members of the Board of Education, have proven Lincoln Park to be a warm, inviting, caring place. Thank you for being a community truly dedicated to the social, emotional and academic support of the students.

Sincerely,

Robert P. Mooney
Interim Superintendent
