

A smiling female teacher with long dark hair, wearing a light blue button-down shirt and grey trousers, stands in a classroom. She is pointing her right hand towards a green chalkboard. The chalkboard is decorated with various drawings: a large lightbulb, a beaker with liquid inside, the word 'oxygen' with a subscript '2', the chemical formula '2+', a musical note, and the letters 'A B C'. There are also colorful star stickers and a small cartoon character on the board. In the foreground, the backs of several students' heads and shoulders are visible as they sit at their desks. The classroom has a white picket fence border on the wall below the chalkboard.

Louisiana Pre-Educator Pathway is to cultivate highly skilled educators by guiding young people on a path to becoming accomplished teachers, beginning in high school and extending through college and into the profession. Through high-quality curriculum focusing on anti-bias instruction, classroom culture, professional collaboration, understanding assessments, and authentic engagement, the pathway aims to address workforce needs related to the recruitment and retention of teachers of color while expanding Grow Your Own initiatives across the state of Louisiana.

Pathway of Courses and Certification

PRE-EDUCATOR PATHWAY BRIEF

LOUISIANA PRE-EDUCATOR PATHWAY

OVERVIEW

The Educator Pathway provides a K-16/pre-education program for both TOPS University and TOPS Tech diploma –seeking high school students who intend to pursue a career in the field of education. The ultimate mission of this pathway is to cultivate highly skilled educators by guiding young people on a path to becoming accomplished teachers, beginning in high school and extending through college and into the profession¹. The blended curriculum provides strong foundational academic knowledge and skills and education-focused coursework that build understanding of diverse learners and the learning environment.

In this pathway, academic instruction and field experiences will be paired to prepare students to pass required Louisiana teacher certification exams (e.g. Praxis Core Reading, Writing, Math) and ultimately master the General Teacher Competencies² required for teacher certification in Louisiana.
